A Beacon of Health.

The good things of this world have each their appointed missions.

It is the mission of HOSSTETTER'S STOMACH BITTERS to prevent and relieve a great variety of ailments.

For twelve years its success as a protective and a remedy has been without check or drawback.

It is strong negative evidence of this fact, that the efficacy of the article as a specific for dyspepsia, biliousness, constipation, nervousness, general debility, and intermittent fevers, has never been questioned.

As proof positive of its infallibility in such cases, the statements of public men whose names are familiar as household words, have from time to time been given to the world.

If its reputation is not founded in facts, then truth is a shadow, and the utterances of conscientious citizens are of no more value than "dicers' oaths."

And what is its reputation? Let the progress of its sales answer the inquiry.—Where twenty dozen bottles of Hostetter's Bitters were sold in 1855, five hundred dozen are disposed of now.

Could public opinion be more significantly expressed than by its unparalleled increase of consumption? It seems impossible.

The preparation has been imitated.—Where are the imitators? Echo answers, "Where?" To the "limbo" of things lost on earth they are all either gone or going.—Peace be with them!

AGENTS wanted, ladies and gentlemen, in every County in the United States, to sell the Ink Powders of the American Ink Company. The powder sells for forty cents per package, and will make ink enough to fill fifty bottles of the size usually retailed at ten cents per bottle. A smart agent can sell a gross of it every day, and clear \$27.60. The ink can be made from the powder in three minutes in common boiling water. It is a perfect black ink, the best in the world. It flows easily, does not corrode the pen, a particle, never gums up, is not injured by freezing, and its color will last forever. Every family in America will buy it, as a package will last a family for years, and ink can be made in small quantities as wanted. With each gross we send a thousand circulars, with testimonials from clergymen, lawyers, teachers, merchants, commercial colleges, editors, &c., and the agent's name on the bills. Only one person will be made agent for a county. The first one sending \$30 for a gross of the powder will receive it by return express, together with one thousand circulars and the right to sell in the county he or she designates. If others send for the same county, the money will be returned to them free of expense. To make sure, one had better designate several counties, either of which he or she will take. Send for trade list and circulars if you dare run the risk of waiting, or send the money for a gross. Letters addressed to the Mayor, Postmaster, cashiers of the banks, or the express agents of this city, will show that the business is honorably and squarely conducted. An Ink Powder will be sent by mail to any address, free of charge, on receipt of forty cents.
