LOCAL ITEMS.

We had the pleasure of forming the acquaintance of the publisher of the *Alleghenian*, at a social gathering a few nights ago. Although cause for enmity has been given on our part, we cannot help but acknowledge that he is a "bully feller." The patrons of this paper should not "succeed" because the former editor is collecting his subscription. He is entitled to it and should receive it. Mr. John Clark, of the "Mansion House," (Pittsburg) has been sojourning with his old friends in this place for some week's.

The *Sunday Mercury* (Philadelphia,) accuses this office of stealing an editorial from its pages, without giving them credit for it. Since taking charge of this paper, we have always given our contemporaries credit with all extras copied from their papers. The article referred to was not published in our time, consequently we are not to blame.

COMMON PARTY.—At a few minutes before our young men got up a grand column party, in the Town Hall, on last Friday evening. The party was well attended, and we had the pleasure of taking part in the performance. It is astonishing how good natured youth's and maidens become while exercising themselves in the "light fantastic toe." This question puts us in mind of another party to a private residence, on the same evening, where not only the "toe" was fantastic, but they were fantastic all over. But we must conclude that our enjoyment was superior to theirs. The conductors of our orchestra were not professional musicians, but amateurs. However they did themselves immense credit on catgut. This makes us exclaim, "Happiness our being and aim, Contentment, ease, content, whatever you name." We trust and hope we will have many more interminglings of our youth's in their social enjoyments.

FIRE IN ALTOONA.—We learn that a terrible fire occurred in Altoona, on last Monday night, by which a considerable amount of property was destroyed. The "Wool" and "Altoona Houses," together with the Clothing Store of G. Wolf and J. S. Mann, were totally consumed. Although these buildings were insured, it will still be a serious loss, not only to the proprietors, but to the traveling public. The cause of the fire is apparently unknown.

AN ITEM FOR BASE BALL PLAYERS.—For the information of our young men who "play ball," we publish the edifying news that it has been decided by a number of eminent physicians through a correspondence with the *Columbus* (Ohio) *Journal* that the effects of prolonged and violent muscular exercise, such as is necessary in playing base ball, cricket, &c., upon the health, at the present season, and in view of the probable advent of cholera, is dangerous, tending to the production of fevers and bowel diseases, particularly cholera and dysentery. We would, therefore, advise our base ball playing friends, to curb their ardor a little, and be content to rest until the frost has cleared the atmosphere somewhat of the many poisons life just now.

The Base Ball Club of this place have determined to quit playing. We believe their object for so doing, is to save their money, and buy their Groceries and provisions at the Cheap Store of George Gualey. George is a whole-souled fellow and should be patronized.

Mrs. Eliza McDonald offers at private sale, sixteen lots of ground in Ebensburg, adjoining, and west of Centre street. These lots are most eligibly located for business purposes, or for private residences.

The payment of bounties to colored soldiers will begin immediately. Of course!

A TRACT LINE MAP OF CAMBRIA COUNTY.—We are pleased to learn that a Tract line Map of this County, is shortly to be produced under the auspices and directions of Mr. A. Pomeroy, the well known map publisher of Philadelphia. The surveys are now being made by a corps of engineers, under the directions of Mr. D. G. Biers, who is a practical and thorough workman. This map will represent the actual survey of all the roads, the true course of streams, and the location of all buildings with the owners names, together with plans of the boroughs and prominent villages, shown upon a large scale, distinctly representing the streets, lots, and many other points of great value to the map. We sincerely hope that the people of our county will bend every effort to forward this enterprise, and secure for the county this valuable and much needed work.

Our readers must excuse us if no paper is issued from this office next week. The building in which we hold forth has been sold and we may have to "skedaddle." If not the paper will be issued as usual.

Mr. John Thompson, jr., has opened out a lively stable in this place. John keeps good stock, and is obliging and accommodating in every respect. Call in and examine his means of conveyance and you will certainly patronize him.

A SQUAD OF PLUNDERERS.—Thad. Stevens owns iron-mills at Gettysburg, and wants to plunder the people of the United States to make them more profitable. Justin A. Morrill owns marble quarries in Vermont, and wants to plunder the people of the whole Union, so as to get a higher price for his blocks. Mr. Griswold, of Troy, is a manufacturer of railroad iron, and desires to prevent his fellow-citizens from buying cheaper railroad iron abroad, whereby every man who rides on railroads in the United States must suffer for Mr. Griswold's benefit. Mr. Wm. E. Dodge is interested in wire works in Connecticut, and has a large stock of iron, &c., on hand. He gets ten per cent. added to the duty on iron wire which ten per cent. is plundered from the pockets of the people, to "represent" whom he paid several thousand dollars in election bribery one Sunday morning. Roswell Hart, from Monroe district in this State, is largely interested in the salt-works of Saginaw, Michigan, and probably also at Syracuse salt monopoly, and joins the ring of plunderers that he too may profit by the plundering.—*New York World.*

THE NEW ALTOONA ROUND HOUSE.—The *Altoona Tribune* says: The new engine house, commonly called the round-house, now in the course of erection by the Pennsylvania Railroad Company, adjacent to their works in this town, will far exceed either of the other two now in use, and will be one of the largest in the country. It is a circular building of brick and iron, and is three hundred feet in diameter. There are forty-four stalls or tracks for locomotives. In the center, which is open above is a large turn-table constructed on a pivot, so that one man can turn it alone, even when a locomotive is standing on it. The part of the building where the stalls are is to have an iron roof, and from the open center there will be a pair of doors opening on to each track. The interior will be lighted by eighty-three windows. There will be but two entrances from the exterior of the building. The company have their own employees to superintend the erection of the building; Mr. Jacob Benner being clerk of the works; Mr. Joseph Watson, foreman of masonry and brick-laying, assisted by Mr. Samuel Pollock, and Mr. George Rosenberg, foreman of works, assisted by Mr. Frederick L. Hesser. Mr. D. H. Hartley has the superintendence of the turn-table, and also of the roofing. When the engine house is completed the company will have room enough to house one hundred and four locomotives, at any time, in Altoona.

HOW THEY FAVORED SOLDIERS VOTING.—During the war the Radical Abolitionists prevented the Democratic soldiers from coming home to vote, and yet they claim to be the especial friends of this class of our population. If they were in favor of the soldiers voting, why did they not allow all to exercise the right? Why were Democrats prevented who had fought gallantly in defense of the flag, and Radicals only given the opportunity? The truth is, it was only power and plunder the Radicals wanted, and they used the soldiers to accomplish their ends. Those who would vote for them were allowed to exercise the elective franchise; those who differed from them were disfranchised. In this way the Radicals favored soldiers voting.

The Democrats and Conservative Republicans of New York State have united and will hold a joint State Convention on the 14th of September.

Hosletter's Stomach Bitters.
Man wants a tonic—no uncommon want—
And every year and month brings forth a new one,
Which, after cramming the gazettes with cant,
The age discovers to be not the true one.
Of such as these let their concoctors vaunt,
I'll sing the bitters that have credit due.
The world's great Tonic, which no skill can better—
I mean the matchless BITTERS of HOSLETTER.

Doctors were living long before old Galen,
And since, exceeding learned, grave and sage;
But the stomachics they were bound to fail in;
Success came not until this later age,
Now is the era sick folks are made hale in,
And dread dyspepsia driven from the stage.
Agues, remittents, headaches—real head-splitters—
Vanish like smoke before HOSLETTER'S BITTERS.

Herbs, barks and roots compose the rare infusion;
No mineral poison mars their juices pure,
And Rye's mild essence holds them in solution.
The taste is pleasant, the effect is sure,
Ne'er have the bitters proved a delusion;
Try them in time, and health and strength secure.
The dragon-slayer figures on the label,
And they, like him, to save the weak are able.
