

EXIT STANTON.

By some means or other the present Secretary of War, Edwin M. Stanton, has been singularly successful in fastening himself upon three successive Administrations.

SELLING THE MOST GOODS.—When I used to tend store at the "Regulator" in Syracuse, the old man comes round one day and says he:

"Boys, the one that sells the most 'twixt now and Christmas gets a vest pattern as a present."

One night Jonah woke up with, "By Jo, old fellow, if you think that ere's got any cotton in it, I'll bring down the sheep it was cut from, and make him swear to his own!"

I could feel Jonah's hand playing about the bed clothes for an instant, then rip! tear! went something, and I hid my head under the blankets, perfectly convulsed with laughter, and sure that Jonah had torn the sheet from top to bottom.

SOUP OR NOTHING.—At a very excellent hotel, not a hundred miles from our parts, they were one day short of a waiter, when a newly arrived Hibernian was hastily made to supply the place of a more experienced hand.

"Now, Barney," said mine host, "mind you serve every man with soup the first thing—serve soup first."

"Dedad, I'll do that same," said the alert Barney.

"D—n the rules of the house!" exclaimed the guest. When I don't want soup I won't eat it.

will ye get till ye's have finished the soup!" The traveller gave in and the soup was gobbled.

CLEAR AS MUD—Recently the people of Cincinnati have been considerably puzzled, as well as amazed, by the mysterious "greenish" appearance of their river and hydrant water.

"I have examined some of this water under the microscope, and found it (the greenish appearance,) to be owing to the presence of fresh-water Algae, chiefly the Confervoid division.

The above renders the matter perfectly clear—all will see through it in a moment. Still it was not amiss for the learned Doctor to add in common English,

A lady who is boarding at a fashionable boarding house in this city, was recently set upon by the ladies in the parlor, when one impudent daughter of shoddy asked her if she "really was not ashamed of the South."

GAME IN MISSOURI.—Stranger with a gun—Is there much game in these parts that a man can amuse himself in hunting?

Radical citizen—Not much, sir; but yonder is a preacher of the Gospel coming over the hill—you can take a pop at him.

A party in one day captured seven hundred and sixty-nine trout in a California stream not long since.
