

ARRIVAL OF THE GEORGE LAW AND STAR OF THE WEST. \$800,000 IN GOLD ON FREIGHT.

Among the items of intelligence by the late European steamer, is a lengthy and interesting correspondence between the British Minister at St. Petersburg, in January, 1853, Sir G. H. Seymour, and the British Government, in which the views of England and Russia upon the Turkish question, at that time, are set forth with considerable accuracy.

The steamer George Law arrived at New York yesterday morning from Aspinwall with the California mails of the 16th ult., 500 passengers, and \$800,000 in gold on freight.

The steamer Star of the West arrived at the same port yesterday afternoon, at 4 o'clock. We are indebted to Wm. W. Reitzel, Esq., an Attaché of Adams' Express company, for copies of files of papers brought by the above arrivals, from which we make the following interesting summary.

The Senatorial question stands prominent among the exciting topics of the season. In the Legislature all other matters have had secondary place, and yet have been more or less connected with this one subject.

Two of Walker's men had been tried by court martial and shot. Their offence is represented to have been an attempt to organize a "robbing and murdering expedition." Really, we must think Walker has lost his senses.

The accounts from Lower California represent Walker's forces to be dwindling rapidly away, in consequence of the desertion of his men, who have become heartily sick of an enterprise which promises neither honor nor profit.

At a late period of the same conversation he sketched out the arrangements which would meet with his approbation. "The Emperor went on to say that in the event of the dissolution of the Ottoman Empire, he thought it would be difficult to arrive at a satisfactory territorial arrangement than was a common one."

England exported last year over four hundred thousand barrels of ale. A fine savings bank has been established in Pittsburg. An Indian Rubber Clothes Pie has been patented which is said to be far superior to, and will supersede all others.

There are two reasons why we don't trust a man—the longer we don't know him, and the other because we do. The exports of gold from England to the Continent, during a recent week, reached five millions of dollars.

A severe shock of an earthquake took place at Macao, Georgia, a few days since, which lasted forty seconds. The citizens were greatly alarmed. The Richmond Whig contains a robbery committed in the town of that city by means of chloroform, infused through the key-hole of the room.

In New Hampshire, in the late snow-storm, there is from two to three feet of snow on a level in the fields and woods, and the sleighing is good. Mrs. Stone, it is said, has made a donation of \$1,000 in aid of a school established at Washington, by Miss Miner, for the education of colored children.

The Newark Advertiser says that a German woman recently died in that city, at the advanced age of 121 years. She came from Germany two years since, being then 119 years of age.

Santa Anna, it is said, will not himself assume the title of Emperor, but as he has already the right of appointing a successor, and having no male heir, he has designated for that successor Augustin Urbide.

The Culpeper Observer says:—Wanted at this office, and Editor who can please every body. Also, a foreman who can so arrange the paper as to allow every man's advertisement to head the column.

DEMOCRATIC STATE NOMINATIONS. FOR GOVERNOR, WILLIAM BIGLER, OF CHARLEFIELD COUNTY. JUDGE OF SUPREME COURT, JEREMIAH S. BLACK, OF SOMERSET COUNTY.

For Canal Commissioner, HENRY S. MOTT, OF PIKE COUNTY. We have not deemed it necessary to fill our columns with the sayings and doings in Philadelphia this week relative to the Suburban road.

A Paris correspondent of the Washington Union puts forth a view of the result to be apprehended from the war between Russia and the Western powers, not at all in keeping with the generally received notions of our people.

The alliance between Russia and the Western powers, if it is to be permanent, must be based upon the principle of mutual independence and self-reliance.
