The Know Nothings

From the Barmond Examiner We have received from a subscriber and very intelligent friend in a free State an abstract of the oaths and principles of the myster, as order of Know Nothings, as printed below We have the greatest confidence in the sincersty and veracity of our correspondent. We have no doubt the publication of these revelations will brew a storm of anger and excitement in the "Councils" hereabout; but, stern in our purpose to furnish the following oath: the public the whole truth on this question, we give the whole schedule to the winds. We are : ed to believe that it has never before been dragged before the public gaze Having no acquaintance with the proceedings of any secert order in the heavens above, or in the earth beneath, or the waters under the earth, we are not prepared to say that the things below depicted are too monstrous for belief, as they would seem to be to the honest patriot Yet we have good reason to believe that the picture, ugly and hideous as it appears, is faithful and accurate

The writer in his accompanying letter, says of the new party: "In ---, (the writer's State,) they are Whigs and Abolitionists, with a sprinkling of bogus Anti Nebraska Democrats It is undoubtedly intended by the movers and originators of this new party to establish thereseives thoroughly in all
