sork and vicinity in a few months past, ever known to me it is producing an impression on Diseases of the Lings feet richore withnessed by the medical profession. Seecertificates in hands of Agents.]

The Inhaier is worn on the breast under the lines, without the jeast inconvenience, the heat of the body bring sufficient to evidorate the fluid,—supplying the lungs constantly with heating and agreeable vapor, passing into all the air-cells and passages of the lungs that cannot possibly be reached by any other underline. Here is a case of the last two years I have been everely afficient with it exchange, for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting whatevast I outed bitting is my chair—by difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celeirated physicians, but have received no permanent benefit, and but little relief. I at length had the good forms to precure Dr Curiti's Hygeana or lobaling Hygean Yapor and Cherry Fivrup. At the time I should not single the past six years I have had the aid sometimed it, is was suffering under one of my most violent assuchand was in great distrems, almost sufficiating for weat official in less than ten minutes from the difficulty in breathing, and had a comfortable night. I have since cuntinged it with the greatest possible baseds, and am now comparatively well. God only knows the amount of suffering this medic has relieved in a gri at measure from the difficulty in breathing, and had a comfortable night. I have since cuntinged it with the greatest possible baseds, and am now comparatively well. God only knows the amount of suffering this medic, he has relieved in the first past of the large, which was formative king in irrescreen this city, by health was very poor; had a very bad cough, raised a good der!

l came to New York in the ship Telegraph, my saffre place is St. John, New Bruadwick; when I jeased this city, my health was very poor; had a very had cough, raised a good derion spatier, which was frequently seized with blood; had pain in my left side, and was very weak and emaciated. My friends my left side, and was very weak and emaciated. My friends the freech of medicion. I accidently heard of Dt. Curjus's Hypgan Vapor and Cherry Syrup, and obtained a package, which is verify buliave was the means of saving my life. Boom after wearing the Inhaler, I took the Cherry Byrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now camelder my effection.

The largest stock of I was in the city, can be found at the cheapest rates in the city; as we are determined in the entering the Inhaler. I took the Cherry Byrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now camelder my effective.
