medicine which should be maintained in every houseboid. A remarkable instance of the Influence of your
remedy upon the restriction of the frame, and the all-but
mirracialous reassectation, of a lerby weakened to the last remony upon the reverentation of the trains, and the all-but miracilous respectation, of a leafy weakened to the last degree by the exercises of anima, insugarance, occurred in the case of an emisent manufacture in this vicinity, whose modesty and of the defauled circumstances of him from a publication of the defauled circumstances of his sofficting disease, which threatened to determine into a settled case of premonitory leprosy.
