THE OLD DRUG STORE.

FRIENDS, customers and the public, high and low, rich and poor; in whose confidence we have so long and liberally shared, in advance with a grateful heart, we again make our annual visit—not to call your attention to any new fashion, though there is fashion in medicine—but to assure you that through all the mutations and fluctuations, the changes and chances—varied and unchanged as they are, one city have we not been, though we are still permitted to occupy our old location and position—just where we have been the last fifteen years—and where we still have the pleasure of inviting those acquaintance we formed in days "long syne." Observing and experienced in not every round of toil and drag, by no large a portion of the wants and intelligence around us, are we to continue on in our old course, endeavoring to be just, kind and courteous in as our intercourse with all classes, and, disclaiming all pretensions to superior keen or cheapness, we only offer the public, as we have, a guarantee for the future, and feel confident that an experience in the business of over twenty years, and a confidence among the same people for over eighteen, are considerations of importance in the qualifications of those that fill the responsible position of Apothecaries, and will receive the attention of the cautious and prudent. We will now state, that we continue, as usual,

TO KEEP THE LARGEST STOCK.

as well as the greatest variety, in our line, to be found in this city, "selected" and purchased in the houses of established reputation, and from those whose character is the best guarantee for the superiority of what they sell. And for the time, superlus and skill acquired to select and test each of the hundreds of articles. Mineral, Chemical, Galenical and Pharmaceutical, of which our stock is composed, is more than we can command. we prefer—as we think our customers will—the manner we have adopted as being the most reasonable and satisfactory. But, as the purest articles, in the hands of the unskilful or incompetent, may fail in effecting satisfactory results, we prefer that our articles should be judged by a higher standard, and therefore, for further proof, refer to those physicians—the most honorable of the profession—who rely entirely on us for their supplies—and whose success is abundant evidence that they know both where to obtain, and how to administer, pure and appropriate medicines.

Our list of Patent Medicines is extensive, embracing all those usually called for in this community; many of them highly spoke of, and much used—though not having a Regular Physician in the neighborhood to test their quality and virtues, are dismissed to undertake so important and delicate a duty ourselves—we cannot speak of their worthiness with that degree of assurance we otherwise might. Our business is divided into the following departments:

Medicines, Wines and Liquors, Groceries, Window Glass, Glass Ware, Paints, Oils, Dye Stuffs, Varnishes, Brushes, Perfumery, Fancy and Miscellaneous Articles.

Our stock of Medicines is very extensive, embracing every article, Chemical, Mineral and Pharmaceutical in use by the Regulars as well as those most commonly used by Botanics and Thompsonians, together with a very general assortment of Shaker Herbs and Extracts

Our Wines and Liquors are of the purest and best; selected, purchased and kept for Medical purposes only, and warranted to be as represented

In the Grocery department we are not extensive, but what we have is always of the choicest and best, persons particularly nice in their tastes, cannot fail of being suited.

In the Glass, Paints, Oils, Varnishes &c., we are and long have been, the most extensive dealers in this city. Our list embraces not only a full and complete stock of materials for House, Coach, and Chair Painting, but also every thing called for in Portrait, Ornamental, Mezzotinto, and other Fancy Painting, also Gilding, Bronzing, &c.

In Window Glass our stock is necessarily larger than all the rest in the city combined, as we are most extensively engaged in the manufacture of Window Sash. Blinds and doors, consequently we are obliged to keep on hand at all times not less than from two to five hundred boxes of Glass, comprising as many fifty different sizes, of various qualities, thickness, etc., of French, English and American manufacture.

As to Brush's, such as Paint, Whitewash, etc. etc., we have every thing that can be desired in all the various departments in which they are used.

And as for Perfumery, Fancy and Miscellaneous Articles, Combs, Brushes, Hair Oils, Pomatums, Soaps, Colognes, Extracts, etc., we have enough to meet the reasonable wants of the entire community.

As to our Prices.

We believe the people to be the most impartial, as well as competent judges in the matter, and best know where their interests are most promoted Hence we appeal to our customers by far outnumber, and our sales exceed by thousands those of any similar establishment in Erie—with this we are content.

DRUG EMPORIUM,

Corner of State and Seventh Streets

THERE are still a few "Drops to Philadelphia;" however, we are now receiving and opening a large and fresh stock of

Drugs and Pure Medicines.

Paints of all kinds, Oils, Brushes, Window Glass, Glass Ware, Perfumery, Choice Cigars, Fancy Soaps, Fancy Goods and Miscellaneous Articles,

all of which we intend selling at such prices as will make it the interest of all to call and examine our stock before buying elsewhere. Our stock of

MEDICINES

were purchased by the senior member of the firm, who, having been engaged extensively in the practice of medicine for some eight years, was able to select all articles of the *purest quality*; and having often himself experienced the disadvantages of being compelled to use medicines on which reliance could not be placed, he purchased each article only after a careful examination; and we can therefore offer to Physicians and all other such articles as they can *rely on as pure and administer with safety.*

PAINTS.

To those who intend Painting the coming summer, and those who use Paints and Varnish in their business, we would say *call* as we can offer you such inducements as will make it your interest to *call, examine our stock, and buy of us.*

VARNISHES,

We have the first lot of Smith & Brunton's celebrated Varnishes which are decidedly superior to any manufactured in the country, ever brought to the city Our entire stock throughout is fresh, and every article is warranted to prove just as represented or the money be returned; and having purchased for Cash, we ask but the opportunity to convince all that we can and will sustain them in both quality and prices
Erie, April 14, 1855—48 STEWART & SINCLAIR.

SAVE YOUR DIMES.

TIBBALS, HAYES & Co., No 1, Brown's Block, are now receiving a tremendous stock of Spring and Summer Dry Goods, which have been purchased under circumstances that insures to them the advantage of having a stock (to be modest about it,) at least 25 per cent below any ever offered in this community This, in connection with the well known disposition and long established reputation of the house to sell goods cheap, must and will secure to them a share of the public patronage sufficient to warrant a continuance of the same.

Dr. LA CROIX

Announcing to the public that he has taken possession of his splendid new edifice, which he has recently erected at No. 31 MAIDEN LANE, and will be happy to meet with those who are desirous of consulting him in the "specialty," to which he devotes his undivided attention.

His Dispensary is now capacious and replete with every convenience, where nothing is wanting to lend elegance, such as hot and cold water, water closets—the apartments are all warmed by means of hot air furnaces, and lighted throughout with gas. The premises No. 86 Beaver street, no long known as "Old Cadet's Head Dispensary," and which Dr La Croix has occupied for the last eighteen years, was found to be inadequate for the great increase of business with which he has been favored. He was therefore compelled to seek more spacious apartments The office will be found very accessible to strangers, from its close proximity to the depots of the Central, Western, Hudson River, Harlem and Northern Railroads, (all of which are at the terminus of Maiden Lane) as the principal Hotels The Dispensary is commodiously arranged with separate apartments, (the whole building being used for the purpose,) and is well adapted to facilitate the restoration of the patient without fear of exposure, as they will not come in contact with any one but the Doctor.

HYGIENA,

Brought Home to the Door of the Million.

A Wonderful Discovery has recently been made by Dr. Curtis, of this city, in the treatment of Consumption, Asthma and all diseases of the Lung We refer to "Dr. Curtis' Hygenian, or Inhaling Hygean Vapor and Cherry Syrup." With this new method Dr. Curtis has restored many afflicted cases to perfect health, as an evidence of which he has innumerable certificates Speaking of the treatment, a physician remarks It is evident that inhaling—constantly breathing an agreeable, healing vapor, is the most rational method of curing diseases of the lungs, as the whole of the atrial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion The Hygeana is for sale at all the druggists' throughout the country.

CIRCULAR!

THE undersigned begs leave to state to the stockholders of the

Presque Isle Steamboat Excursion,

and to the public, that owing to causes beyond his control the time fixed for the ride to take place will be continued to a later period The lateness of the season, the impositions which have been practiced upon the public, and a want of personal attention which I could not be unable to bestow, have prevented returns to such an extent that I would be justified in proceeding to distribute at present. If the property consecrated was not to be distributed, or if it was put in at three or four times its value, I could distribute now, but such is not the case—much of the property is worth but little, and will be sold, and will be

POSITIVELY DISTRIBUTED!

And therefore I cannot proceed until a sufficient number of tickets are sold. I am now prepared to give my personal attention to the matter, and have made the following arrangements—

A Splendid Steamboat

Will leave Erie under the general supervision of Seneca Wade, Esq., of Dunkirk, (whose well-known reputation as a caterer is a sufficient evidence that the wants of those on board will be amply supplied) and proceed to Mackinaw, touching at Cleveland and other ports on Lake Erie, Canada ports, Detroit, &c. A boat will also leave Chicago, touching points on Lake Michigan, meeting the steamer from Erie at Mackinaw, where

A Splendid Pic-Nic

Will take place. That the trip may be the better enjoyed, and that no further postponement may be necessary, the time fixed upon is the

SEVENTH DAY OF JULY NEXT.

A season adapted to the occasion, as the weather will then be warm, and we have no fear but some of our friends will leave home now, can avail themselves of the opportunity of enjoying one of the most splendid Pic Nics ever given.

Persons Wishing to Visit the "Great West"

Can have the Steamer at Mackinaw and take the return boat to Chicago without further charge, making the fare from Erie to Chicago but $8 and giving an opportunity to visit many points of interest

To Agents and others who have received Tickets, I would say, if you are not satisfied with this necessary postponement and do not believe that the affair will be just what it is represented, you are at liberty to withdraw, and your Money will be refunded, as I am determined that not one just cause of complaint shall exist. I have begun the work, and although the labor and responsibility are greater than at first anticipated, I am determined to carry it through, and am equally determined to proceed in such a way that no reasonable or sensible person shall be dissatisfied

ANY OF THE HONORABLE GENTLEMEN

Given as references, (assented to the hand bills,) may with propriety be written to, or enquired of, and no name of them have any interest in the affair, but simply permit the use of their name for my benefit. their reply may safely be considered reliable.

The above is respectfully submitted and I trust all interested will be disposed to do by me as I am pledged to by them, viz:

THE WONDER OF THE WORLD!

Devines'

COMPOUND PITCH LOZENGE!!

THE GREAT REMEDY is at last discovered, and that full destroyer of human happiness at length is conquered Consumption shall no longer rob our firesides of their brightest ornaments, and sink many a gentle spirit to an untimely grave. Consumption can be cured; diseases of the lungs, no less the tissue that were, and Coughs and Colds, the parents of that fell disease, that are long, no woe to the houses of our land, vanish, as if by magic, before this SOVEREIGN REMEDY.

DEVINES' COMPOUND PITCH LOZENGE.

The pleasant mode and certainty with which Coughs, Colds, Asthma, Consumption, is beyond doubt the cheapest and most efficient medicine ever offered to the public, and should be constantly kept on hand by every family, especially for children to use for colds, coughs, &c. One must, therefore, grateful for having been the means of saving so many sufferers, who were sick with colds, that *"the first bottle he used was worth a five dollar bill to him,"* and, reader, it only cost him 50 cents; and 25 would buy 25 boxes or more

READ THIS LETTER.

Mr. Devines—Sir. I heartily recommend your Compound Pitch Lozenge to the attention of the afflicted. At the suggestion of *Mr. Charles Broadnox*, of Lexington, I was induced to trying with my brother, all in the hospitable family, to use the Lozenge for a cough and pain in the side of long standing.—The physicians called it abscess of the lungs. Its use relieved me almost immediately. It took but a few days to effect a perfect cure. I consider it a most valuable and cheapest medicine ever brought to the attention of the public.
Poughkeepsie, N. Y. Dec. 22, 1853. WM. E RUTZER

FROM MR. BROWN, OF LEE, MASS.

This certifies that I have made use of Devines' Compound Pitch Lozenge for a cold and cough, and found immediate relief. Therefore I would recommend it to the public as a safe and sovereign remedy.
Lee, Oct. 26, 1851. HENRY C BROWN.

IT SELLS WELL.

Read this letter from Alderman Ring:

Mr. Devine—Sir. Your Lozenge sells well, and gives general satisfaction for all Pulmonary complaints. In fact, I hardly know of a case in which it has failed to relieve when properly used. I recommend it with confidence. You may make this public if you think proper, for I think all valuable medicines should be made known.
CHARLES R. RING.
December 20, 1853.

TO CURES HARD COLDS ON THE LUNGS.

New York, Oct. 20, 1851.

Mr. Devines—Dear Sir: It is with the highest gratification I inform you that your Compound Pitch Lozenge has entirely cured me on a very hard cold I have had on my lungs for some time. I felt the effect of taking it in a very few hours.
A. R. JOHNSON, Tobacconist, 415½ Broadway

P. S.—I have recommended your Lozenge to a number of my friends, who, since then, have used it and speak of it in the highest terms.

BUSINESS MEN READ THE FOLLOWING

Having sold Devines' Compound Pitch Lozenge for the last three months, we hereby certify that they meet with a ready sale, and judging from the representations of those who have used the medicine, we believe it to be a valuable remedy for the disease for which it is recommended, and entitled to the confidence of the public
MOORE & SMITH, Merchants.

In attendance of Consumption, use my HYDROPECT PLASTER as draft on the feet, and as a strengthening Plaster for pain in the side or back. This Lozenge acts beneficially on every part of the system, and makes vigor and strength take the place of weakness and debility

NOTICE OF REMOVAL

DR. LA CROIX has the pleasure to announcing to the public that he has taken possession of his splendid new edifice, which he has recently erected at No. 31 MAIDEN LANE, and will be happy to meet with those who are desirous of consulting him in the "specialty," to which he devotes his undivided attention.

His Dispensary is now capacious and replete with every convenience, where nothing is wanting to lend elegance, such as hot and cold water, water closets—the apartments are all warmed by means of hot air furnaces, and lighted throughout with gas. The premises No. 86 Beaver street, no long known as "Old Cadet's Head Dispensary," and which Dr La Croix has occupied for the last eighteen years, was found to be inadequate for the great increase of business with which he has been favored. He was therefore compelled to seek more spacious apartments The office will be found very accessible to strangers, from its close proximity to the depots of the Central, Western, Hudson River, Harlem and Northern Railroads, (all of which are at the terminus of Maiden Lane) as the principal Hotels The Dispensary is commodiously arranged with separate apartments, (the whole building being used for the purpose,) and is well adapted to facilitate the restoration of the patient without fear of exposure, as they will not come in contact with any one but the Doctor.

ADVICE TO STRANGERS.—Beware of impostors whose themselves distinguished gentlemen, &c., and boast of practising all over the world for centuries past. Be not deceived by promises which cannot be fulfilled; and pay no enormous fees to those notorious, boasting advertisers, before you consult Dr. La Croix, whose name can be obtained with strict honesty on written guaranteed and forfeiture. He may enjoy confidence.

PERSONS AT A DISTANCE may consult Dr. La Croix by letter, Post paid, describing case, and have medicines secured. Put up so they can be sent by any part of the United States, always accompanied with full and explicit directions for use. Communications considered strictly confidential. Office arranged with separate apartments, so that patients never see any one but the Doctor himself. Attendance daily, from 8 in the morning till 9 at night, and on Sundays from 9 till 3 P. M.

"THE ERIE DIFFICULTY."

Wide Tracks! Narrow Tracks! MAKE TRACKS!!!

THE greatest difficulty in Erie, aside from the "Erie difficulty," has been to get Shoes that are Shoes, Boots that are Boots, and Gaiters that display the fine proportions of the foot, and yet will not produce corns This difficulty, beside which all our other difficulties are but "small potatoes," and few in a hill at that, has been obviated at
