THE OLD DRUG STORE.

FRIENDS, customers and the public, high and low, rich and poor, in whose confidence we have so long and liberally shared, in accordance with custom we again make our vernal visit—not to call your attention to any *new fashion, though* there is fashion in medicine—but to assure you that through all the mutations and fluctuations, the changes and chances varied and sad—that we, and our city have passed through we are still permitted to occupy our old location and possess in most where we have been the last *fifteen years*—and where we still have the pleasure of having those whose acquaintance we formed in days "long agone" Cheered and encouraged in our early days of toil and duty, by so large a portion of the *wisdom and intelligence* around us, we hope to continue on in our old course, endeavoring to be just, kind and courteous in our intercourse with all. Thanks, also, for the liberal patronage of the past, and the same or ability to serve the public as we offer the past, as a guarantee for the future, and feel confident that an experience in the business of over twenty years, and a residence among the same people for over eighteen, are considerations of importance in the qualification of those that fill the responsible position of Apothecaries, and will receive the attention of the most cautious and prudent. We will now state, that we continue, as usual,

TO KEEP THE LARGEST STOCK.

as well as the greatest variety, in our line, to be found in the city, "selected" and purchased in the houses of established reputation, and from men whose character is the best guarantee for the superiority of what they sell And as the time, as any one has said, required to select and test a stock of the hundreds of articles, Mineral, Chemical Botanical and Pharmaceutical, of which our stock is composed, is more than we can command, we prefer—as we think our customers will—the mode we have adopted as the more reasonable and satisfactory. Still, as the point of articles, in the hands of the unskillful or inexperienced, may fail in effecting satisfactory results we prefer that our articles should be judged by a different standard, and therefore, for further proof, refer to those physicians—the most honorable of the profession—who rely entirely on us for their supplies—and whose success is abundant evidence that they know how and where to obtain, and how to administer, pure and appropriate medicines.

Our list of Patent *Medicines is extensive, embracing all those* usually called for in this community; many of them highly spoke of, and much used—though not having a Regular Physician in our interest to test their quality and fitness, and being disinclined to undertake so important and delicate a duty ourselves—we cannot speak of their worthiness with that degree of assurance we otherwise might. Our business is divided into the following departments

Medicines, Wines and Liquors, Groceries, Window Glass Glass Ware, Paints, Oils, Dye Stuffs, Varnishes, Brushes, Perfumery, Fancy and Miscellaneous Articles.

Our stock of Medicines is very extensive, embracing every article, Chemical, Mineral and Pharmaceutical in use by the Regulars as well as those most commonly used by Botanics and Thompsonians, together with a very general assortment of Shaker Herbs and Extracts.

Our Wines and Liquors are of the purest and best, selected purchased and kept for Medical purposes only, and warranted to be as represented

In the Grocery department we are not extensive, but what we have is always of the choicest and best, persons particularly are invited to call and test the quality.

In the line of Paints, Oil, Varnishes &c., we are and have been, the most extensive dealers in this city. Our line embraces not only a full and complete stock of materials for House, Coach, and Chair Painting, but also every thing called for in Portrait, Ornamental, Miniature, and other Fancy Painting, also Gilding, Bronzing, &c

In Window Glass our stock is necessarily larger than all the rest in the city combined, as we are most extensively engaged in the manufacture of Window Sash, Blinds and Doors—consequently we are obliged to keep on hand at all times not less than from two to five hundred Boxes of Glass, comprising at least fifty different sizes, of various qualities, the Agents, etc., of French, English and American manufacture.

As to Brushes, such as Paint, Whitewash, etc. etc. we have every thing that can be desired in all the various departments in which *they are used.*

And as for Perfumery, Fancy and Miscellaneous Articles, Cologne, Hair Oils, Pomatums, Soaps, Colognes, &c tracts, etc., we have enough to meet the reasonable wants of the entire community

As to our Prices.

We believe the people to be the most impartial, as well as competent judges in the matter, and best know where their interests are most promoted. Hence the reason why our customers by far outnumber, and our sales exceed by thousands those of any similar establishment in Erie—with this we are content.

NEW GOODS.

To the People of Erie, Jerusalem and the country round about Jordan, GREETING.

I WRITE unto you at this time for the purpose of informing you of my wherewabouts, and asking you to come unto me that you may be filled with all wisdom, and your spiritual and temporal wants be supplied whereby your humble servant may see the travail of his soul and be satisfied.

Now, therefore, I say unto you, if any lack knowledge of Books or Paper, or Ink, or Blank Work, or any of the articles in which I abound, to call at New Egypt, Hughes' Block, and let them freely ask and I will freely give, (for an equivalent, even unto the half of my possessions.

Having tarried near the market place for a long time, giving and receiving, and doing good to all as I had opportunity, the spirit (of the times) said unto me, "arise and go into Egypt," whereupon, obeying the impulse of the day dream, I left Mt Carmel and hastened to New Egypt, where all things are now ready to receive my old patrons, for whose kind attentions and liberal support in times past I am much indebted, hereby asking a continuance of their patronage, my best wishes shall be and abide with them for evermore

Now brethren I would not have you ignorant of the mystery that my present abode bears a similarity to ancient Egypt We have brethren here who, when the poor people from Jerusalem and the country round about, come to fill their sacks with food and raiment, and frequently too without a cent in payment therefor—Physicians charge but little for medicine, and give advice gratis, and we are good Samaritans who seek after and administer the wants of the poor, the widow and the orphan

Being fully conscious that the earth is the Lord's and the fulness thereof, that we are all but stewards upon his bounty, I would say unto the widows and orphans, If there be any, who are not able to pay their dues to me, to call and I will forgive their debts and receipt their bills to the uttermost farthing. It may be all will not have faith in these promises, [come and see,] neither did Joseph's brethren believe that they and their little ones were all to be fed from the bounty of him whom they sold into Egypt. But what power had their ignorance and unbelief to frustrate the plan by which their welfare was secured. It is true they could not enjoy a confidence in their brother unfaithey knew him, but he was as much their protector in their unbelief as when they believed.

I have just received a new supply of BOOKS, STATIONERY, &c., from the east, but cannot promise to sell them cheaper than my neighbors should my friends *sell* till they arrive: but will sell as low as the hard times will admit of. "He that hath ears to hear, let him hear."

To my little friends I would say that I have still a few broken State Pencils for those who are not able to purchase, gratis.

Vinegar exchanged for Rags as usual.

Finally, my brethren, never be weary in well doing *Seek* and ye shall find OLIVER SPAFFORD.

Mr. Devines—I deem it a duty I owe to recommend your Compound Pitch Lozenge to the afflicted. At the suggestion of Rev. NOTICE OF REMOVAL

DR LA CROIX has the pleasure of announcing to the public that he has taken possession of his splendid new residence, where he has recently erected as No. 31 MAIDEN LANE and will be happy to meet with those of his late patrons or consulting him in the *specialty*, to which he devotes his whole time and attention.

His Dispensary is now capacious and replete with every convenience which modern improvement can suggest, and his Consulting Rooms, Parlors and Private Apartments are all warmed by means of a hot air furnace and lighted throughout with gas. The premises No. 56 Beaver street, so long known as "Old Gabriel Hyde Homestead," and which Dr. La Croix has occupied for the last eighteen years, was found to be inadequate for his great *increase of business with which he has been favored.* He was therefore compelled to seek more capacious apartments. The office will be found very accessible to strangers, from its close proximity to the depots of the Central, Western, Hudson River, Harlem and Northern Railroads, (all of which are at the terminus of the street,) as well as the principal Hotels. The Dispensary is commodiously arranged with separate apartments in the whole building being used for the purpose, and is well adapted to the reception of the patient without fear of exposure, as they will not come in contact with any one but the Doctor.

A NEW AND REVISED EDITION OF THE PRIVATE MEDICAL TREATISE.

By LA CROIX, the author of a work entitled "A Physiological View of Marriage," being a treatise on the infirmities of youth and maturity, illustrated with upwards of one hundred anatomical and physiological engravings, for 25 cents. This is the cheapest work ever published, and one which every one ought to read. It contains valuable *information for the young and the* old, the sick and the healthy, the child and the parent.

It treats of all diseases of female, whether married or single Hints to those who desire no more children. Strangers who require medical aid before consulting any doctor, ought to know whether their cases are properly understood by those whom they employ, and thus guard against the imposition of quackery, so prevalent in populous cities Hence the advantage of a popular knowledge of oneself, such as is given in this work.

NEW REMEDIES AND QUICK CURES.

DR LA CROIX offers to all those who desire to consult a professional person, the result of 20 years experience in the Hospitals of Europe and America.

YOUNG MEN—Let no false modesty deter you from making your case known to one who, from education and respectability can *alone befriend you* He who places himself under Dr La Croix's care may rest assured that they may fully confide in his honor as a gentleman, and in whom they will be forever locked in secret of his patient. There are very few men in the world to whom it is safe to repose confidence—especially in cases of a delicate nature The many pre-eders to medical science will satisfy them of the many disappointments to which the unfortunate victims are subjected by consulting quack men, renders it a matter of mere justice to caution the public against them, and point them to the sure "haven of repose," which is under the management of the celebrated Dr La Croix, No 31 Maiden Lane as above.

TO FEMALES.—Dr La Croix, No 31 Maiden Lane, with out rehearsing the ordinary and common place phrases usually resorted to by advertising quacks will only state that all female complaints, of whatever name or nature, are treated by him successfully. The most experienced nurse, at all times in readiness for ladies who may wish to consult a regular physician with regard to any of those interesting complaints to which their delicate organization renders them liable.

DR. LA CROIX, IMPORTER AND MANUFACTURER of Trusses, Shoulder Braces, Female Supporters, Lace Stockings, Spinal Elevators, and every kind of Surgical Belt and Bandage, which will be applied and fitted on the most reasonable terms by the Doctor
