DEMOCRATIC STATE TICKET. FOR CANAL COMMISSIONER. ARNOLD PLUMER. Uf Fenango County. Democratic County Nominations. FOR ASSEMBLY, MURRAY WHALLON, of Erie FOR SHERIFF, JOHN KILLPATRICK, of Millereek FOR COUNTY COMMISSIONER. MYRON HUTCHISON, of Girard POR DIRECTOR OF THE POOR, ISAAC R. TAYLOR, of Washington. FOR AUDITOR, Z. E. PECK, of Harborcreek.

Mr. Grant Declines.

By the following letter from Mr. GRANT, one of our candidates for the Legislature, it will be seen that he declines to run. The reason he assigns is alike creditable to his patriotism and his integrity as a true friend of Erie. For the sake of securing the certain success of his colleague, he is willing to forego his own chance, and thus contribute to the welfare of his city and his party. As an example his course is most sal utary, and we hope it will be imitated by those who have less cause than he to embarrass his political friends, and endanger the cause of the city. But the letter speaks for itself:

ERIE. September 20 1855 DEAR SIE .--- I have the honor to acknowledge the receip of your note informing me that I had been nominated h the late Democratic County Convention for Representative in the General Assembly of the Commonwealth. beg leave sir, to tender to you, and through you, to the gentlemen of the Convention and their constituents, my thanks for the honor done me, and shall be always happy to serve the interests of my county and party when a way to do so appears open before me. At this time I judged, from various circumstances, that it was advisable that one of the Democratic nominees for the Legislature should withdraw from the canvass, and this opinion was concurred in by those older and more experienced than myself. I being little learned in the school of politics, and the younger man, thought it proper that I should do so, and you would a dose of patent medicine I accordingly beg leave most respectfully to decline the nomination so kindly tendered.

Very truly your Ob't servant, BENJAMIN GRANT. B. F. SLOAN, Dog., Secretary of the Democratic County Construction.

Mr. King Declines.

Mr King, one of the whig nominees for the Legislature, publishes in the last Gazette a letter declining to run for that office. This leaves the field clear for our candidate, a fact Democrats should remember and act accordingly

Where This Stand!

The position of Mesers Dunn and Ryman., railroad matters here, is no longer a matter of doubt. They are are committed to the interests of these opposing the city, There is no mistake in this. It is shown by the alacrity with which the True American, and Girard Republican, ome to the aid of Finney; it is shown by the oncentration of the entire Shanghai forces in the ounty upon them; and it is shown also by the wowals of their friends in various sections of the

ounty. But if this is not enough, we have it rom a reliable correspondent in Wayne, that Mr. Dunn himself placed himself upon the Rail. and platform while in that town the present week. The issue then is plain: every man who votes for Dunn and Ryman, votes for the Railroad interest. Are those Republicans who sympathiese with Erie in her struggle against monopoly-and there

are many such-ready to be sold like slaves for the personal benefit of their candidates? We can hardly believe it!

The American says "Henry Teller, of Girard, pitches into" us "most vigorously through the columns of the last Girard Republi can." Tis'nt the first time, neighbor. He "pitch ed into" us in 1852, in the Democratic County Convention. He was then a rampant Buchanan man, and could shout "Jeems Buchanan" with as much unction as he can now spout about "dough faces." "putty nose," and "hunker." He did'nt, however, make much by "pitching into" us then, and the result was, he "pitched" out of the Democratic party, the best "pitch" he over made by all odds. By the by, speaking of "pitch ing," the first time we ever saw this famous ora tor he was "pitching in" for old Dick Johnson for President. Johnson, as every body knows, was a slave holder-a "dealer in human cattle," in ora

torical parlance-and, if all stories are true, was not over particular in the complexion of his children; well, this same Dick Johnson was our "pitching in" assilant's first choice for President the first time we heard him at his favorite pastime of talking in public meeting. His next was for "Jeemes Buchanan," as we said above, but as there is but one step from the sublime to the ridiculous, the next will be for Fred. Douglass, or Joseph Hiss, we suppose.

The following was handed us yesterday

morning with a request to publish it. We comply, with the simple remark that coming upon the eve of an important election. it smells to us one name to it-Mr Boyce-that would seem to forbid such an inferance; but the other! Well, there is no use talking about the other! Another thing about it that don't impress us as favorable to the honesty of the thing is, how the North East and Erie Railroad Company can subscribe "four hundred thousand dollars" without any authority in its charter to do so!

GENTLEMEN:-In answer to your letter vesterday, I have only time to say briefly that I am not, and never hav been a member of the secret order known as "Knew Nothings," nor have I the slightest intention of becoming in any manner connected with that or any Association, having in view the advancement of measures imputed to that order. I beg leave further to state, that so far as I am informed, I am utterly and entirely opposed to the position assumed by them, and the measures adopted for carrying out their object. I believe their principles to be contrary to the spirit and letter of our Constitution and in conflic with the veiwe of the founders of 'the Government, calcu lated to destroy that confidence which should exist between citisens, to foster a spirit of intollerance, and to perpetu ate upon our soil, a large and powerful class, disfranchised and discontented-having no part in the government-to whom representation would be a mockery-and the independence and liberty of which we boast, be's great and per- of WHALLON and BALL, rather than their op- all in their power against the interests of that petual cause of discontent.
