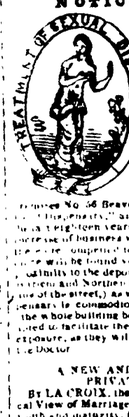
NOTICE OF REMOVAL



DR LA CROIX has the pleasure announcing to the public that he has taken possession of his splendid new edifice, which he has recently erected at No 31 MAIDEN LANE, and will be happy to meet with those who are desirous of consulting him on the "specialty," to which he devotes his undivided attention

His Dispensary is now capacious and replete with every convenience which modern improvement can suggest, such as hot and cold water, water closets—the apartments are all warmed by means of a hot air furnace and lighted throughout with gas The premises No 56 Beaver street, so long known as "Old Galen Hall," and which Dr La Croix has occupied for the last eighteen years, was found to be inadequate for the great increase of business with which he has been favored He was therefore compelled to seek more capacious apartments The same will be found very accessible to strangers, from its location, within the depot of the Central, Western, Hudson River, Harlem and Northern Railroads, all of which are at the termination of the street), as well as the principal Hotels The Dispensary is commodiously arranged with separate apartments the whole building being used for the purpose,) and as well as to facilitate the restoration of the patient without fear of exposure, as they will not come in contact with any one but the Doctor

A NEW AND REVISED EDITION OF THE PRIVATE MEDICAL TREATISE

By LA CROIX, the author of a work entitled "A Physiological View of Marriage," being a treatise on the infirmities of youth and maturity, illustrated with upwards of one hundred and twenty-five colored engravings, for 25 cents This is the cheapest work ever published, and one which every one ought to read. It contains valuable information for the young and the old, the sick and the healthy, the child and the parent

In treats of all diseases of females, whether married or single Hints to those who desire no more children Strangers who require medical aid before consulting any doctor, ought to know that their interests are properly understood by those whom they employ, and thus guard against the imposition of quacks who are to be found in every populous city Hence the advantage of a proper knowledge of oneself, such as is given in this work.

NEW REMEDIES AND QUICK CURES.

DR LA CROIX offers to all those who desire to consult a person of the result of 20 years experience in the Hospitals of Europe and America.

YOUNG MEN—Let not false modesty deter you from making your case known to one who, from education and respectability, can alone befriend you He who places himself under Dr La Croix and his treatment, may religiously confide in his honor as a gentleman, and in whose bosom will be forever locked the secret of his patient I believe there are very few men in the world who do not, at some time in their lives, require medical assistance, without it is able to impose confidence—especially in cases of private nature The many pretenders to medical science will which the community is filled, and the many disappointments to which the unfortunate victims are subjected by consulting such persons, is a matter of mere justice to caution the public against them, and point them to the sure "haven of repose," which is under the management of the celebrated Dr La Croix, No 31 Maiden Lane, Albany, N Y.

TO FEMALES—The Dr La Croix, No 31 Maiden Lane with a view of removing the ordinary and common place practices usually resorted to by advertising quacks wilfully state that all female complaints of whatever name or nature, are treated by him in a scientific manner The most convenient rooms always in readiness for such as may wish to consult a regular physician with regard to any of those interesting complaints to which their delicate organization renders them liable

DR LA CROIX, IMPORTER AND MANUFACTURER of the celebrated Shoulder Braces, Female Supporters, Lace Stays, Abdominal Supporters, and every kind of Surgical Belt and Bandage which will be applied and fitted on the most reasonable terms

DR LA CROIX'S GALVANIC "PROTECTIVE" For many years the Dr has been well known in Philadelphia, New York and Boston as the inventor of different articles for the last twenty years in this city for the certain and safe remedy for the removal of all diseases in such females as are liable They are free from poisonous drugs, and warranted to produce no bad effects Recently an addition necessary to be observed to ladies should not take them if they have reason to believe that they are in certain situations the particulars of which will be found in the wrappers accompanying each box, though always safe and healthy, so gentle, yet of a Price $1 per box. They can be transmitted by mail to any part of the United States

DR LA CROIX'S CURE, without boasting, say, that he has CURED TWENTY THOUSAND PATIENTS within the last three years, in no one single case is known where his directions were followed and medicine taken as prescribed, but a cure was effected Therefore, all who desire to be cured, no matter what the disease cracked, are respectfully invited to call

ADVICE TO STRANGERS—Beware of impostors who are constantly advertising themselves as distinguished graduates, &c., and boast of practising over the world for centuries past Be not deceived by promises which cannot be fulfilled, and pay no enormous fees to those notorious, boasting advertisers, before you consult Dr. La Croix, whose name and residence can be obtained with strict honesty on application and no fortune See my several certificates.

PERSONS AT A DISTANCE may consult Dr La Croix by letter, post paid, describing case, and have medicines secured, put up and forwarded to any part of the United States, always accompanied with full and explicit directions for use. Communications considered strictly confidential Office arranged with separate apartments, so that patients never see any one but the Doctor himself. Attendance daily, from 9 in the morning till 9 in the evening, and on Sundays from 9 till 1 P. M

"THE ERIE DIFFICULTY"

Wide Tracks at Narrow Tracks!!

HARE TRACKS!!!

THE greatest difficulty in Erie, aside from the "Erie difficulty," has been to get shoes that are shoes, boots that are boots, and gaiters that display the fine proportions of the foot, and yet will not produce corns. This difficulty, beside which all your other difficulties are but "small potatoes," and few in a hill at that, has been obviated at

C. Miller's Boot and Shoe Emporium,

No. 5, Williams Block, State street, to which place "all the world and the rest of mankind," are respectfully requested to "make tracks," and satisfy themselves by examining stock and prices. This establishment don't defy competition, but the proprietor simply says to his old friends and the public that a check practically conversant with the Boot and Shoe business, he has no doubt he can furnish a better article for the same price than any body else in this little city of magnificent expectations

TOBACCO—A choice assortment of Natural Leaf Cavendish Lillenthal's, Anderson's, and Redrock, fine cut at NO 7 STATE STREET

Something interesting to Old and Young

PROF WOOD'S HAIR-RESTORATIVE is an article so wonderful in its effects that it is surprising that old and young, who admire the flowing lock and twitching curls, do not keep it as a regular dressing for the hair the old to restore and the young to preserve, for if this was done gray and bald heads would soon be unknown, nor would such a thing as diseased scalp have an existance We advise all to leave Nature in the hands of all agents, also read the following and doubt if you can.

From the Editor of the Real Estate Advertiser 27 School street Boston, March 7th, 1851

Prof. Wood.—Dear Sir—Having become prematurely gray, I was induced some six weeks since, to make trial of your Hair Restorative. I have used one and a half bottles, but the gray hairs have all disappeared and although my hair has actually attained its original color, yet the process of change is gradually going on, and I have great hopes that in about three my hair will be as dark as formerly. I have also been highly gratified at the healing moisture and vigor of the hair which before was harsh and dry, and it is ever ready to come out when merely respectfully yours. D. T. M REED

Prof. Wood —Dear Sir—My hair commenced falling off some three or four years since, and continued to do so until it became quite bald. I tried all the popular remedies of the day, but to effect at last I was induced to use your celebrated Hair Restorative, and am very happy to say its doing wonders. I have now a fine growth of young hair, and cheerfully recommend its use to all similarly afflicted A. C WHITEHOUSE

St. Louis, March 7, 1854 123 second st

Carlyle, Ill., June 27, 1853.

I have used Prof O J Wood's Hair Restorative, and have admired its wonderful effect My hair was becoming, and thought, prematurely gray, but by the use of his Restorative, it has restored its original color, and, I have no doubt, permanently so

Ex Senator, United States

Vincennes, Indiana June 15th 1853

Prof. O. J. Wood.—Dear Sir—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for your comfort, that many ladies have used it, and known others to use it and that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy soft, and glossy appearance, and all this without discoloring the hands that apply it or the dress on which it drops. I would, therefore, recommend its use to all desirous of having a fine color and texture to hair Respectfully yours,

For sale by O. J. WOOD & CO., Proprietors, 265 Broadway, New York. After the 1st of May at 310 Broadway N. Y. and 111 Market Strenght, Louis, Mo.
