Proceedings of the City Councils.

COUNCIL ROOMS, MONDAY EVENING, November 7, 1855.

Councils met. Present Mayor Laird, Messrs. Sterrett, Dunlap, Arbuckle and Snyder, of Select, and Messrs. Barr, President, Arbison, Smith, Goulding, Kennedy, Sterrett, Wild, Henry, Carter and Koch, of the Common Council.

The Select Committee to whom was referred the petition and accompanying plans of the Western Railroad, asking Councils for the grant of free right of way for said road on the route therein designated, to the Harbor, made the following report, which was adopted by both councils:

The joint committee of the Select and Common Councils, of the City of Erie, to whom was referred the memorial of William Cass, Esq., President of the Cleveland, Painesville and Ashtabula Railroad Company, together with the surveys and report of Samuel H. Selden, respectfully report:

That they have carefully examined said surveys and report, and learn with regret that the said railroad company has, upon the surveys made for them, adopted as their proposed line of extension to the harbor, route No. 1. Your committee cannot view this in any other light than an effort to force the City Councils to refuse their assent thereto, and with a hope to claim for that reason an exemption from extending the track of their road to the Harbor of Erie, at or near the grounds of the Sunbury and Erie railroad.—This route is in no respect in accordance with the act of Assembly requiring such extension. It diverges, it is true, from the track of the company's road west of Liberty street, but it only does so until it reaches 12th. street, and then runs along 12th. street in a line parallel to the line of the present road across the entire length of the City, and beyond it for a considerable distance, and then approaches the terminus fixed by the act of Assembly in a northwesterly direction, instead of diverging west of Liberty street and thence proceeding by the most practicable route in a northeastwardly direction to the harbor. This route would be so injurious to the city, in addition to its palpable evasion of the Act of Assembly, that your committee have no hesitation in recommending that the City authorities do not grant the free right of way thereto to the said company.

Routes No 2 and 3 are held so objectionable by the company that they need no farther remark from your committee than that they would be, if possible, more objectionable on account of evasion of the act of Assembly, and injury to the city than No. 1, both passing through the Public Square and passing for a long distance on two principal streets, and that no grant of the right of way ought to be given by the city authorities to construct said extension by either of them.

In regard to route No. 4, your committee regret that it had not been adopted by the company, as they would recommend that the city authorities grant the free right of way to said company over any of the public grounds of the city, or over any of the streets thereof so far as they have power to grant the same. Your committee have read the labored effort of S. H. Selden, the Engineer of the company, to point out the disadvantages and difficulties to be encountered in adopting said route, as if conscious that it required all his efforts to convince the company and the public that it was not the best route in every respect.

Notwithstanding all this, it appears by his report that the grades are better and the cost not greatly beyond that of route No. 1. It avoids the injury to the city in crossing it from west to east and it makes the legal divergence and pursues the course of approach to the harbor indicated by the Act of Assembly. Your committee have been long residents of the city of Erie and acquainted with the ground proposed to be occupied by this route along the bank of the lake, and are satisfied that in either the apprehended ... more stratum of rock fifteen feet thick, will have to be encountered as the result of adopting this route. Your committee are very desirous that every facility in the power of the city authorities, be afforded the company to comply with the Act of Assembly requiring the extension of the track or tracks of their road to the harbor, by any reasonable and legal route, and further they have no hesitancy in expressing their belief that a better and more ... route than either of those surveyed and reported ... company can be found diverging and running to the Harbor a short distance west of Route No. 4. And for the purpose of testing this, they would recommend an exploration of the ground traversed by route No. 4, and west of it, and they recommend also, that the Councils unite with the Company and choose an experienced and skillful citizen to be agreed upon by the company and a committee of the Councils, and that they will pay half of the expense of making such exploration and survey of routes, so that the company be unwilling to adopt route No. 4, a better one may be ascertained at the joint expense of the city and of the company.

The committee recommend the adoption of the following resolutions:

Resolved, That they will grant the right of way over any public ground belonging to the city and over the streets of the same as far as they have power to do so, for the construction of a track of the Cleveland, Painesville and Ashtabula railroad by route No. 4, or any other route to the harbor with a proper divergance, and continuing west of that line.

Resolved, That the Councils will co-operate with the said railroad company or any committee of the same duly appointed, to select an experienced Engineer to make an exploration and survey of the ground traversed by route No. 4, and west of it, with a view to ascertain the best practical route, and that they will agree to defray half the expense of the said survey.

A resolution relative to the Plank Walk on Tenth street was referred to Side Walk Committee.

Bills amounting to $137 75 were ordered paid ... adjourned.

MEAN.—The Buffalo papers record an act of meanness that is worthy to record, if for nothing else than to show how mean and depraved people can become. They say that the Washington Monument Box at the First Ward Polls, was stolen by some miscreant, during a brief absence of the Inspectors on Tuesday evening. It was supposed to contain about $100. The person who would perpetrate such an act as that would sell the gray hairs of his mother for rope yarn.

☞ The Iron is being laid on the Cleveland and Mahoning Railroad, and will be completed to Warren by the first of January, showing that while we in Pennsylvania talk, talk, talk, on railroads, in Ohio they make them!

☞ We notice that J. B. Sansom, Esq., editor of the Fulton *Democrat*, is a candidate for the post of Seargeant-at Arms of the House of Representatives of this State. We dont know Mr. S., but as he is a Democratic Editor, I must be all right; we therefore go *Sansom*, and nobody else.

DALLEY'S MAGICAL PAIN EXTRACTOR.—There never has been a discovery made in *Materia Medica*, whereby pain can be so quickly allayed, and where parts in a high state of inflammation can be so rapidly reduced to their natural state, nor where wounds and sores can be so thoroughly and rapidly healed, and decayed parts restored without either scar or defect, than with *DALLEY'S MAGICAL PAIN EXTRACTOR.*

In Cuts, Wounds, Sprains and Bruises—casualties to which children are constantly subject—the action of the genuine DALLEY'S PAIN EXTRACTOR, is ever the same! How much Pain and Suffering may not thus be prevented! Moreover, Life itself is often dependent upon having at hand the Genuine DALLEY EXTRACTOR, and for particulars for which I respectfully refer to my printed pamphlets, for the truth of which I hold myself responsible.

No case of Burns and Scald, no matter how severe, has ever resisted, in any one instance, resisted the all-powerful, pain soothing and healing qualities of the DALLEY'S PAIN EXTRACTOR.

No Pain Extractor is genuine unless the box has upon it a Steel Plate Engraved Label with the signatures of C. V. CLICKENER & CO., proprietors, and HENRY DALLEY, manufacturer. Price 25 cents per box

All orders should be addressed to C. V. Clickener & Co., 81 Barclay street, New York.

A CARD TO THE LADIES.—Dr. J. Dupsonco's Golden Periodical Pills for Females .Infallible for correcting irregularities, and removing obstructions from whatever cause.

All medical men know, as well as many others, that whenever an obstruction takes place, wether from cold, exposure, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, pain in the side, palpitation of the heart, loathing of food, and disturbed sleep, generally arise from the interruption of nature; and whenever that is the case, the Pills will invariable remedy all these evils.

Full and explicit directions accompany each box, which must be strictly followed and all diseases peculiar to females may be speedily cured.

Price $1 00 per box. Sold by all the Druggists in Erie and wholesale and retail, at the proprietors price by CARTER & BROTHER, No. 6 Reed House, to whom all orders must be addressed. 1y28.

New York Markets.

Reported for the Observer by Bennett & Huntington, Commission Merchants, 4 Front Street, New York.

NEW YORK, November 7, 1855.

The market for Flour and grain, during the week, has been marked with much buoyancy, and straight brands of State Flour being in good demand for shipping attained a point, closing rather tamely at a slight decline.

BREADSTUFFS.—We quote common State 8,93a9,00; Extra, do 9,00a9,25; extra Genesee, 9,75a12,00; common to good Michigan, 8,81a8,87½; extra do., 9,00a9,25; common to good Ohio, Indiana and Wisconsin, 9,00a9,18½; extra do., 9,31a9,25; Rye Flour, 6,50a7,50. Buckwheat, Flour 2,50 per 100 lbs.

GRAIN.—Wheat, is active, and prime parcels are firm at 2,15a2,22c for white Canadian, 2,20a2,2,25 for Southern; prime white from the interior of the State, 2,10a2,2,25; ordinary do. 1,85a2,00; red do. 1,80a2,05; red Ohio and western including Illinois spring, 1,80a2,05; white do. 1,85a2,20 for ordinary to prime. Rye, 1,18a1,20. Oats, 46a47c bus.; for State, 47a50c for western. Corn is in good demand without much change in prices, say 93a96c bu. for western mixed. Southern white, 1,00a1,06.

PROVISIONS.—Pork is firm with a good demand at 22,50a22,62½ for Mess, 22,00a,21,25 for Prime, and western Prime mess 21,60; country mess Beef 13,00a14,00 bbrl. prime do. 9,50a10,00; repacked Chicago, Indiana and Wisconsin, 16,50 extra mess, 16,00; prime mess, 20,00a24,00; Beef Hams, 14,50a17,00. Live Hogs, 7¼a7¾c. Dressed Hogs, 9¼a10c.

BUTTER.—Contrary to the early expectations of the dealers and receivers generally, continues to rule firm at full prices, and think we the present prospect is that prices will be well sustained during the season; we advise moderate and judicious operations. The demand for prime butter is hardly supplied by the daily receipts, and the stock of all descriptions is light. We are selling choice dairies and Fall made butter at 23a24c lb. good fair quality do. at 22a22½, common and store packed 19a21; Ohio and Pennsylvania Fall made uniform color 18a20, common and summer made 15a17; Illinois, Indiana, and Wisconsin 19a20; grease butter 11a12c.

CHEESE.—The stock here is in few hands, and choice dairies of state sell readily at 10¼a10¾c lb; common to fair do 9¼a10¼c lb; Ohio and Pennsylvania 9¼a10; English dairy do. 11a12. Lard is in good request and not plenty at 12a12½c lb.

PROVISIONS.—Dried Apples are in brisk demand, at 6¾a7c lb for shipping. Green apples 1,25a1,10 per barrel. Dried Peaches 13a14c; do. Plums 14a15c lb. White Beans are very scarce and in active request; our sales today were at 2,50 bush. Canada Peas 1,31 bush. Timothy Seed 3,12½ bush. Clover seed 10¼c lb. Flax seed 2,00 a2,05. Hops 8a10c lb. for old and 10a13c lb for good eastern and prime western.

ASHES.—Pots are firm at 6,37½; Pearls 6,50. Saleratus 6,00

WOOL.—Medium Sette 35p40c; medium, fleece western, 30a37½c; fine 40a45c lb.

IMPORTANT TO FARMERS.

THE subscriber having purchased the "Right" for Erie County, is a valuable Patent,

CORN SHELLER

Takes this method to notify the farmers of said county that he is now prepared to fill all orders with promptness. In presenting this truly valuable Machine to the public, the subscriber is convinced that no small amount of prejudice exists against "Patent Rights," "new Inventions," &c. This incredulity has originated in the fact that many worthless inventions have been palmed upon the public. While he admits and deplores this fact, he nevertheless contends that the Patent Corn Sheller is not among the number of worthless productions, but can in all truth and honesty be classed among the numerous improvements of the age acknowledged on all hands to be of inestimable value to the world.

The superiority of this Machine over all others of the kind is proved by the fact that

THE FIRST PREMIUM

Was awarded to it at the New York State Fair in 1854 and a the late Erie County Fair; also by its simplicity and cheapness —a single Machine

Costing only $10.

Time coming with the reach of every Farmer—by the ease with which it is worked, enabling a boy 12 years old to shell from 40 to 60 bushels per day. It has been examined by a large number of Farmers, all of whom have pronounced it the very thing for their purpose and no blunder

The subscriber has also purchased the right for Erie county to a Drag, pronounced by a large number of Farmers to be superior to anything yet in use. The chief advantages of this

HARROW OR DRAG

consists in the readiness with which the Teeth are adjusted

Special Notice.

CADWELL & GRISWOLD are now receiving direct from New York, Boston and Philadelphia another large and beautiful stock of Dry Goods which even exceed in point of beauty style and cheapness the beautiful ones exhibited for a few weeks back. Our stock is now complete, comprising everything in the Fancy and Staple Dry Goods line and all who are in want are cordially invited to call. We would particularly call the attention of the public to our carpet and domestic Goods department, which has been newly stored up and fitted to overflowing.

RICH'S SALAMANDER SAFES.

WILDER'S PATENT, RICH'S IMPROVEMENT.

Manufactured by

Stearns & Marvin,

NOS. 161 AND 163, WATER STREET, NEW YORK

HAVE YOU A SAFE? Most one of the worthless articles once supposed to be safe, but a genuine Salamander, made by the subscribers. If you have not, the following testimonials are deeply interesting to you:

Would not the destruction of your valuable books, papers &c., greatly derange your business, and subject you to serious if not ruinous loss?

Since such a calamity can be avoided during your lifetime by the outlay of fifty, one hundred or even two hundred dollars in the purchase of a safe, does not true economy command its outlay,

If you pay annually for insurance on your stock in trade, is it not equally important to effect insurance on your books and papers for a series of Years paying a small premium once for all.

During the last thirteen years, these safes have been tested in accidental fires one hundred and ninety seven times and in every trial have obtained the reputation of the best article

The subscribers are the sole proprietors of Bruhans patended "A BETLAM" LOCK which from its construction and simplicity is powder and Burglar proof, and not liable to get out of order

STEARNS & MARVIN, the only makers of Salamander Safes combining Wilder's & Rich's patents.
