THE OLD DRUG STORE.

FRIENDS, customers and the public, high and low, rich and poor in whose confidence we have so long and liberally shared, in accordance with custom we again make our vernal visit—not to call your attention to any new fashion, though *there is fashion in medicine*—but to assure you that through all the mutations and fluctuations, the changes and the chances of life and sad—that we, and our city have passed through we are still permitted to occupy our old location and position—just where we have been the last *fifteen years* and where we still have the pleasure of inviting those whose acquaintance we made in the days of "auld lang syne" Cheered and encouraged in our weary round of toil and duty, by so large a portion of the worth and intelligence around us, we hope to continue on in our old course, endeavoring to be just, kind and courteous in our dealings with all classes, and, disclaiming all pretensions to superior merit or ability to serve the public, we offer the past, as our guarantee for the future, and feel confident that an experience in the business of over twenty years, and a residence of the same people for over eighteen, are considerations of importance in the qualification of those that fill the responsible position of Apothecaries, and will receive the attention due the cautious and prudent We will now state, that we continue, as usual,

TO KEEP THE LARGEST STOCK

as well as the greatest variety, in our line, to be found in this city, which is *fresh* and purchased in the hottest of established reputation, and from such whose character is the best guarantee for the satisfactoriety of what they sell And as the judgment and skill required to select and test each of the hundreds of articles, Mineral, Chemical, Botanical and Pharmaceutical, of which our stock is composed, is more than we can command the time or patience we think our customers will—the *Terms* we have adopted as being the more reasonable and satisfactory. Still, as the purest articles, in the hands of the unskilful or incompetent may fail to effect a satisfactory result, we prefer that our acts alone should be judged by a different standard, and therefore, for further proof, refer to those physicians—the most honorable of the profession—who rely entirely on us for their supplies—and whose success is substantial evidence that they know both where to obtain, and how to administer, pure and appropriate medicines.

Our list of Patent Medicines is extensive, embracing all those usually called for in this community many of them highly spoke of, and much used—though not having a Regular Physician in our interest to test their quality and fitness, and being disinclined to undertake so important and delicate a task ourselves—we cannot speak of their worthiness with that degree of assurance we otherwise might Our business is divided into the following departments.

Medicines, Wines and Liquors, Groceries, Window Glass, Glass Ware, Pants, Oils, Dye Stuffs, Varnishes, Brushes, Perfumery, Fancy and Miscellaneous Articles.

Our stock of Medicines is very extensive, embracing every article, Chemical, Mineral and Pharmaceutical in use by the Regulars as well as those most commonly used by Botanics and Thompsonians, together with a very general assortment of Shaker Herbs and Extracts

Our Wines and Liquors are of the purest and best; selected purchased and kept for Medical purposes only, and warranted to be as represented

In the Grocery department we are not extensive, but what we have is always of the choicest and best; persons particularly nice in their tastes, cannot fail of being suited.

In the Line of Paints, Oil, Varnishes &c., we are and long have been, the most extensive dealers in this city. Our line embraces notonly a full and complete stock of materials for House, Coach, and Chair Painting, but also every thing called for in Portrait, Ornamental, Mezzitinto, and other Fancy Painting, also Gilding, Bronzing, &c.

In Window Glass our stock is necessarily larges than all the rest in the city combined, as we are most extensively engaged in the manufacture of Window Sash, Blinds and doors consequently we are obliged to keep on hand at all times not less than *from one to five hundred* Boxes of Glass, comprising all sizes, differentsizes, of various qualities, thicknesses, etc., of French, English and American manufacture.

As to Brushes, such as Paint, Whitewash, etc. etc., we have every thing that can be desired in all the various departments in which they are used.

And as for Perfumery, Fancy and Miscellaneous Articles, Combs, Brushes, Hair Oils, Pomatums, Soaps, Colognes, Extracts, etc., we have enough to meet the reasonable wants of the entire community

As to our Prices.

We believe the people to be the most impartial, as well as competent judges on the matter, and best know where their interests are most promoted. Hence the reason why such liberal encouragement has been extended to us, and our sales exceed by thousands those of any similar establishment in Erie—with this we are content.

NEW EGYPT.

To the People of Erie, Jerusalem and the country round about Jordan, Greeting.

I WRITE unto you at this time for the purpose of informing you of my whereabouts, and asking you to come unto me that you may be filled with all wisdom, and your spiritual and temporal wants be supplied whereby your humble seeve it may see the travail of his soul and be satisfied.

Now, therefore, I say unto you, if any lack knowledge or Books or Paper, or Ink, or Blank Work, or any of the articles in which I abound, call at New Egypt, Brigham's Block, and let them freely ask and I will freely give. (for an equivalent,) even unto the half of my possessions.

Having carried near the market place for a long time, giving and receiving, and doing business in all and in community, the spirit of the times said unto me, "arise and go into Egypt," whereupon, obeying the impulse of the day dream, I left Mt. Carmel and fastened to New Egypt, where all things are now ready to receive my old patrons, for whose kind encouragement and liberal support in time past I am much indebted, hereby asking a continuance of their patronage, my best wishes shall be and abide with them forevermore.

Now brethren I would not have you ignorant of the mystery that my present abode bears a similarity to ancient Egypt. We have benefactors here who, when the poor people from Jerico and the country round about, come to fill their sacks with food and raiment, and frequently too without a cent in payment therefor—Physicians charge but little for medicine, and give advice gratis, and we have good pharmacians who seek after and administer the wants of the poor, the widow and the orphan.

Being fully conscious that the earth is the Lord's and the fullness thereof, that we are all but stewards upon his bounty, I would say unto the widows and orphans, whose pockets are not able to pay their dues to me, to call and I will forgive their debts and receipt their bills to the uttermost farthing. It may be all will not have faith in these promises, (come and see,) neither did Joseph's brethren believe that they had their little ones were all to be fed from the bounty of him whom they sold into Egypt. But what power had their ignorance and unbelief to frustrate the plan by which their welfare was secured. Its true they could not enjoy a confidence in their brother as unlimited know him, but he was as much their protector in their unbelief as when they believed

I am expecting soon a new supply of BOOKS, STATIONERY, &c., from the east, but cannot promise to sell them cheaper than my neighbors should my *friends wait* till they arrive: but will sell as low as the hard times will admit of. "He that hath ears to hear let him hear"

To my little friends I would say that I have still a few broken Slate Pencils for those who are not able to purchase, gratis—Virgin exchanged for Scrip as usual.

Finally, my brethren, never be weary in well doing. Seek and ye shall find OLIVER SPAFFORD.

REMOVAL

DR LA CROIX has the pleasure to announce to the public that he has taken possession of his splendid new edifice, which he has recently erected at No 71 MAIDEN LANE, and would be happy to confer with those who are desirous of consulting him in the *speciality*, to which he devotes his undivided attention.

He Dispensary is now capacious and replete with every convenience which modern improvement can suggest, such as hot and cold waters, water closets—the apartments are all warmed by means of a hot air furnace and lighted throughout with gas The premises No. 71 Beaver street so long known as "Old Gilchrist Head Dispensary" and which Dr La Croix has occupied for the last eighteen years was found to be inadequate for the great increase of business, with which he has been favored He was therefore compelled to seek more capacious premises He will be found very accessible to all strangers, from the excellent facilities for the depots of the Central Western Railroads—the Northern Railroads—all Canada—are at the terminus of the streets, as well as the principal Hotels The Dispensary is also commodiously arranged with separate apartments the whole being used for the purpose and solely adapted to facilitate the restoration of the patient without exposure, as they will not come in contact with those on but the Doctor

A NEW AND REVISED EDITION OF THE PRIVATE MEDICAL TREATISE

By LA CROIX, the author of a work entitled "A Physiological View of Marriage," being a treatise on the infirmities of youth and maturity, illustrated with upwards of one hundred and twenty plates (the *colored* ones from life) of the most frightful forms of disease, which he will send to any one wishing to read It contains valuable information for both old and young and the old, the sick and the healthy, the fond and the prudent

It regards the infirmities of youth and maturity, and is addressed to those who desire no more sunshine in the cup of life, or more mirth in the heart, than is consistent with purity and virtue, and whether their cases are proper subjects for the Dispensary, and they employ, and will receive the attention of the Doctor, or go to any other part of the country, they will find the most popular knowledge of themselves, such as is contained in

NEW REMEDIES AND QUICK CURES.

DR LA CROIX offers to all those who may require his professional services, either personally or by letter, the benefit of the experience of the most eminent practitioners of Europe and America.

YOUNG MEN may rely upon the most honorable secrecy in making their case known to one who from education, character and position can alone befriend you He who places himself under Dr La Croix and his treatment, may rest assured that he will receive as a gentleman, and in no other light, and that his case will be a secret of his patient. There are very few men in the world to whom it is safe to repose confidence—especially in cases of a delicate nature. The many professors to whom we have referred in the country is a libel upon the profession, and the public with which the unfortunate victims are subjected by consulting men, renders it a matter of more than necessity to call attention to the eminent standing and skill of Dr La Croix, to whom he refers with confidence, and to whom he would direct the afflicted in preference to those who are unknown to them personally, or whose reputation is not established by a long residence in the community in which they practice. Dr La Croix, No. 71 Maiden Lane, Albany, N. Y.

TO FEMALES—DR LA CROIX No 71 Maiden Lane, continues to give his attention to those complaints peculiar to females, and which have been for years successfully treated and resorted to by advertising quacks without skill in such complaints, of whatever name or nature, are treated with success and speedily. The most convenient rooms which can be had in the city, are provided for the reception of females who may wish to consult Dr La Croix personally, or who may write to him, or to any of those interesting complaints to which their sex are subject. Every accommodation and attention that the most delicate and refined can require, will be afforded at the residence of Dr La Croix, No 71 Maiden Lane, Albany, N. Y.

THE ELECTRO GALVANIC PROTECTIVE Corset recommended ladies, whose health will not admit of whalebone, as the best to increase their family, may be obtained as above It is perfectly safe, and has been extensively used during the last eight years Price reduced to $10

FEMALE PERIODICAL COMPLAINTS—Dr La Croix's Female Periodical Pills are well known to those who have used them at different periods for the last twenty years in the city, to be a certain and safe remedy for the removal of all disease to which females are liable They are free from poisonous ingredients, and are warranted to produce no bad effects The utmost caution necessary to be observed is, ladies should not take them if they have reason to believe that they are in certain situations (the particulars of which will be found in the wrapper accompanying the box,) though always safe in health, they are not given as a Price $1 per box. They can be transmitted by mail to any part of the United States

Dr La Croix can, without boasting, say, that he has CURED TWENTY THOUSAND PATIENTS within the last three years, and no one single case is known where his directions were followed and medicines taken at tea should time—the cure not effected Therefore, all who desire to be cured, not merely have the disease checked, are respectfully invited to call.

ADVICE TO STRANGERS.—Beware of impostors who themselves distinguished graduates, &c., and boast of practicing all over the world for centuries past Be not deceived by promises which cannot be fulfilled, and pay no enormous fees to those notorious, boasting advertisers, before you consult Dr La Croix, where a sure cure can be obtained for a less sum than is generally charged for deception and forfeiture. See my sworn certificates

PERSONS AT A DISTANCE may consult Dr. La Croix by letter, free post paid, describing case, and have medicines secured, sent to any part of the country, by mail or express, and will be accompanied with full and explicit directions for use Communications considered strictly confidential Office arranged with separate apartments, so that patients never see any one but the Doctor himself. Office hours from 9 in the morning till 9 at night, and on Sunday from 9 till 3 P. M.
