Proceedings of the City Councils.

COUNCIL ROOMS, MONDAY EVENING, November 19, 1855.

Councils met. Present Mayor Laird, Messrs. Dunlap, Sterrett, Durlin, Arbuckle, and Hoskinson, of Select, and President Barr, and Messrs, Smith, Achison, Wild, Carter, Kennedy, Goulding, Graham, Koch, Sterrett and Henry, of Common Council.

The minutes of the last meeting were read and adopted.

The Street Committee made the following Report with accompanying Resolution which was adopted by both Councils.

Your Committee have examined the streets at the railroad crossings, and find Myrtle street blockaded with wood by the Western Railroad, and the free use of Chestnut Sassafras, and Peach streets much obstructed by cars standing on the tracks which cross said streets. They therefore offer the following resolution.

Resolved, By the Select and Common Councils of the city of Erie, that the Mayor direct a Police officer to attend and see that the streets are cleared and kept open for the free use of the public.

The following resolutions from the Common Council were concurred in by the Select.

Resolved, That the Committee on Fire Department be instructed to sell No. 3 Fire Engine.

Resolved, That the Committee on Public Grounds be instructed to repair the fence around the Park

A resolution instructing Side Walk Committee to put down all side walks for which proposals were received was non-concurred in by Select Council.

The following resolutions were passed by the Select Council and concurred in by the Common, viz

Resolved. That the City Surveyor be requested to make survey and estimate of the expense of opening Myrtle street, the ... Eighth and N... a ... of quantity of stone required for the ... and ... between those points.

Resolved, That the Treasurer be instructed to collect and sell at auction all the old iron, the old Spark Fire Engine, and all other useless articles belonging to the city, now lying about the Engine Houses and other places, and to advertise the same if he deem it necessary

The Select Council passed the following resolution, but too late for action in the Common Council, as it had adjourned.

Resolved, By the Select and Common Councils that the several Collectors of the city be required to settle their duplicates on or before the 1st day of January next, and that the Clerk be requested to give them a written notice of the passage of this resolution

Bills amounting to $84 02 were passed and ordered paid. Adjourned.

TAKEN IN AND DONE FOR.—The Painesville *Telegraph* relates how the good people of that village were taken in and done for last week by one of the Jeremy Diddlers that preambulate the country, and contrive to live upon the credulity or sympathy of the people. He says he professed to be traveling the country in the capacity of a Lecturer upon Bible Servitude, &c., &c., illustrating his Lecture with a Panorama setting forth upon canvas certain Bible narratives, scenes from Uncle Tom's Cabin, Solomon Northup's enslavement, &c. He here made the acquaintance of some of the good Methodist brethren, and received an invitation to their Thursday night prayer meeting, where he took a leading part, telling of a very interesting religious feeling in the western region, where he had been traveling with his "Panorama." He obtained an introduction to the preacher, and by him was introduced to all the brethren—all of whom he invited to attend his Lecture and Exhibition at Russell's Hall, the next evening. He ran up a bill for Printing at the *Telegraph* office, to the amount of $6. Friday night came, and the gentleman presented himself at the door of Russell's Hall to take the 25 cents admission, as he had not the change, but he would just step in to see before the commencement of the exercises. After getting in his audience, the gentleman exhibitor, lecturer, &c., suddenly turned up missing—and has not since been seen in Painesville, leaving a ... bills unpaid. Upon investigation it was ascertained that the scoundrel had not a rag of canvas in it, and his talk about a Panorama was all a sham.

— One of our exchanges says the Grand Lodge of Good Templars for Pennsylvania will hold its annual session in Erie during the coming month of December. Is this so?

— We see that our fellow-townsmen, Capt. BENJ. WILKINS, of the steamer Queen City, was made the recipient of a gold watch on the evening of Friday, 16th instant, at Chicago, presented by his friends in the employment of the Collingwood Company. A supper was prepared on the boat, in honor of the occasion, and all present had a good time generally, while the worthy Captain was as happy as a man should be under such circumstances.

☞ A young man, named Augustus Blake, was run over on the Ohio and Pennsylvania Railroad, at Rochester, Pa., on Saturday, and killed

OBSERVER OFFICE, November 23, 1855

ERIE MARKET.—Wheat $2.00; Corn new in ear 25c per shelled oats 29c; Rye 88, Barley1 12 Flour 9.50 Meal 1.70 per 100 lbs, Buckwheat 3.00a3.50 per 10 lbs potatoes 48a40c per bush Apples 25a50c per bushel, Coal 1.50 per barrel; Butter 20a22c per lb., Cheese 8 Lard 18; Cranberries 1,7a2.00 per bushel Hay a,00 per t... Flour and provisions of all kinds are coming in more freely, and prices must decline. The custom which has obtained here of buying everything on market days and at the market house tends greatly to keep up prices for family supplies. The price of all kinds of vegetables might be much reduced by making purchases elsewhere than at the market house, for a short time. There is no good reason to paying exhorbitant prices there when the same articles can be had for less money of any of the provision dealers of the City

BUFFALO, Nov. 22.

FLOUR.—This morning, the market opens with a good demand and in improvement in prices. Sales 2000 bbls at $,25a5.62½ for common to choice Michigan. 5.75 for extra do 5.00a9.25 for choice to extra Ohio and Canadian.

DETROIT, November 21.

FLOUR.—But little in market. Sales of about 500 bbls, 200 in one lot at 5,00.

WHEAT.—The unpleasant weather rendered receipts by wagons light. But little inquiry. Sales of about 500 bush at from 1.2 a1.50. 1,45 is the price of fair lots.

CORN.—Now coming in more plenty. Selling from wagons at 71a75c, from store at 75a80c.

LAKE.—The unprecedented heavy weather for the last two or three weeks has greatly retarded the business of the lake, and shipments have therefore been unusually light, while coal has been arriving per canal in large quantities, leaving a large quantity on hand at present. Should the lake close early there will be more coal upon the docks than at any previous closing of navigation, a fact which will tend to cheapen it to consumers here. Many vessels have gone into winter quarters at the different ports along the lakes

From the Erie Gazette.

The Injunction Matter

After going to press, a letter was handed us from Mr CASEY, the State Commissioner, communicating the following facts in relation to the "injunction" elsewhere alluded to

The E and N E and the C P. & A Railroad Companies made application to Hon. G. W. Woodward at his Chambers on Monday morning for injunctions to restrain Mr Casey from taking possession of the Railroad—their bills alleging the various matters done in regard to both Roads by the Legislature, the decrees of the Supreme Court, and the unconstitutionality of the act of Oct 6, 1855 Mr. Casey appeared and resisted the injunction on these grounds, viz:

1st. That the application was a breach of good faith on the part of the part of the E. & N. E. Co., having obtained time on the pretext of calling their Stockholders together to accept or refuse the provisions of the Act.

2d That it involved a grave constitutional question which a Judge would not undertake to decide on a preliminary hearing.

3d. That a Judge at his Chambers would have no jurisdiction while the Court was in session in Banc.

The injunction was strongly urged by Meredith, Hirst, Campbell and Walker. The Judge expressed great doubts, but finally agreed to receive the bills, order them to be filed, and grant a rule to show cause why a special injunction should not issue returnable on the 1st Monday of January before the Court in Banc, at Philadelphia, with an *admonitory order* to stay proceedings in the meantime.

We have no time for comment. It is sufficient to know that Judge Woodward, as usual, has virtually granted the Railroad Companies all they asked.

Land Warrants Wanted.

HAVING made arrangements with several Land Agencies in Iowa and Wisconsin, I am now prepared to locate the location of Land Warrants upon valuable Western Lands on most favorable terms, as I have facilities which will give access to some of the choicest tracts now in market.

I am also prepared to give the highest market price for Land Warrants in cash.

COSMOPOLITAN ART ASSOCIATION.

Second Year.

ARRANGEMENTS for the Second Annual Collection of this new and popular Institution for the diffusion of Literature and Art, have been made on the most extensive scale.

Among the works already engaged is the far famed

"GENOA CRUCIFIX,"

which originally cost Ten Thousand Dollars.

In forming the new Collection, the diffusion of works of American Art, and the encouragement of American genius, have not been overlooked, Commissions have been issued to many of the most distinguished American Artists, who will contribute to some of their finest productions. Among them are three Marble Busts, executed by the greatest living Sculptor,—HIRAM POWERS:

GEORGE WASHINGTON—The Father of his Country;
BENJAMIN FRANKLIN—The Philosopher;
DANIEL WEBSTER—The Statesman.

A special agent has visited Europe and made careful and judicious selections of foreign works of art, both in Bronze and Marble, Statuary and choice Paintings.

The literature issued to subscribers consists in the following Monthly Magazines: Harper's, Putnam's, Knickerbocker, Blackwood's, Graham's, Godey's Lady's Book, and Household Words.

Persons taking five memberships are entitled to any five of the Magazines for one year, and to *six tickets* in the distribution

The net proceeds derived from the sale of memberships, are devoted to the purchase of works of art for the ensuing year.

The Advantages Secured

by becoming a member of this Association, are—

1st. All persons receive the full value of their subscription at the start, in the shape of sterling Magazine Literature.

2d. Each member is contributing towards purchasing choice Works of Art, which are to be distributed among themselves, and are at the same time encouraging the Artists of the country, disbursing thousands of Dollars through its agency.

Persons in remitting funds for membership, will please give their post-office address in full, stating the month they wish the Magazine to commence, and have the letter registered at the Post-office to prevent loss; on the receipt of which, a certificate of membership, together with the Magazine desired, will be forwarded to any part of the country.

Those who purchase Magazines at Bookstores, will observe that by joining this association, they receive the Magazine and free Ticket in the annual distribution, all at the same price they now pay for the Magazine alone.
