THE OLD DRUG STORE.

FRIENDS, customers and the public, high and low, rich and poor, in whose confidence we have so long and liberally shared, in accordance with custom we again make our vernal visit—not to call your attention to any new fashion, though here in fashion in medicine—but to assure you that through all the mutations and fluctuations, the changes and chances—varied and sad—that we, and our city have passed through we are still permitted to occupy our old location and position—just where we have been for the last fifteen years—and where we shall be at the pleasure of inviting those whose acquaintance we formed in days "lang syne" Cheered and encouraged in our weary round of toil and duty, by so large a portion of the worth and intelligence around us, we hope to continue on in our old course, endeavoring to be just, kind and courteous in our intercourse with all classes, and, disclaiming all pretensions to superior wisdom or ability to serve the public, we offer the past, as our guarantee for the future, and feel confident that an experience in the ourselves of over twenty years, and a residence among the same people for over eighteen, are considerations of importance in the qualification of those that fill the responsible position of Apothecaries, and will receive the attention of the cautious and prudent. We will endeavor to state, that we continue, as usual, TO KEEP THE LARGEST STOCK.

as well as the greatest variety, in our line, to be found in this city, "selected" and purchased in the Cities of established reputation, and from men whose character is the best guarantee for the superiority of what they sell And as the time, apparatus and all required to select and test each of the hundreds of articles, Materia, Chemical, Botanical and Pharmaceutical, of which our stock is composed, is more than we can command, we prefer—as we think our customers will—the mode we have adopted as being the more reasonable and satisfactory Still, as the principle of selection in the manufacture of compounds, may fail in effecting satisfactory results, we prefer that our articles should be judged by a different standard, and therefore, for further proof, refer to those physicians—the most honorable of the profession—who rely entirely on us for their supplies—and to the wants of the people, the widow and the poor, who know both where to obtain, and how to administer, pure and appropriate medicines.

Our list of Patent Medicines is extensive, embracing all those usually called for in this community; many of them highly spoke of, and much used—though not having a Regular Puff, again in our interest to test their quality and fitness, and being determined to undertake so important and delicate a duty ourselves, we must refer to their worthiness with that degree of assurance we otherwise feel ought. Our business is divided into the following departments

Medicines, Wines and Liquors, Groceries, Window Glass, Glass Ware, Paints, Oils, Dye Stuffs, Varnishes, Brushes, Perfumery, Fancy and Miscellaneous Articles

Our stock of Medicines is very extensive, embracing every article, Chemical, Mineral and Pharmaceutical in use by the Regular Practitioner, and most commonly used by Botanics and Thompsonians, together with a very general assortment of Shaker Herbs and Extracts.

Our Wines and Liquors are of the purest and best, selected purchased and kept for Medical purposes only, and warranted to be as represented

In the Grocery department we are not extensive, but what we have is always of the choicest and best, persons particularly nice in their tastes, cannot fail of being suited

In the Line of Paints, Oil, Varnishes &c., we are and long have been, the most extensive dealers in this city. Our list embraces not only a full and complete stock of materials for House, Coach, and Chair Painting, but also every thing called for in Portrait, Ornamental, Mezzatinto, and other Fancy Painting, and Gilding, Bronzing, &c.

In Window Glass our stock is necessarily larger than all the rest in the city combined, as we are most extensively engaged in the manufacture of Window Sash, Blinds and doors, consequently were enabled to keep on hand at all times not less than from two to five hundred Boxes of Glass, comprising several fifty differentsizes, of various qualities, thickness, etc., of French, English and American manufacture.

And to Brush-es, such as Paint, Whitewash, etc. etc. we have every thing that can be desired in all the various departments in which they are used

And as for Perfumery, Fancy and Miscellaneous Articles, Combs, Brushes, Hair Oils Pomatums, Soaps, Colognes, Extracts, etc., we have enough to meet the reasonable wants of the entire community

As to our Prices.

We believe the people to be the most impartial, as well as competent judges in the matter, and best know where their interests are most promoted Hence the reason why our custom is so large, fair and liberal, and our sales exceed by thousands those of any similar establishment in Erie—with this we are content

NEW EGYPT.

To the People of Erie, Jerusalem and the country round about Jordan, GREETING.

I WRITE unto you at this time for the purpose of informing you of my whereabouts, and asking you to come unto me that you may be filled with all wisdom, and your spiritual and temporal wants be supplied whereby your humble seeks it may see the Lord and be satisfied

Now, therefore, I say unto you, if any lack knowledge or Book of Paper, or Ink or Blank Work, or any of the articles in which I abound, call at New Egypt, Hughes' Block, and get them freely ask and I will freely give, (for an equivalent,) even unto the half of my possessions

Having tarried near the market place for a long time, giving and receiving, and doing good to all and had opportunity, the spirit of the times said unto me "arise and go into Egypt," whereupon, obeying the impulse of the day dream, I left Mt Carmel and in leaned to New Egypt, where all things are now ready to receive me and patrons, for whose kind attentions and liberal support in times past I am much indebted, humbly asking a continuance of their patronage, my best wishes shall be and abide with them for evermore

Now brethren I would not have you ignorant of the mystery that in a street abode beats a similarity to ancient Egypt. We have been afflicted here with a boil, been the poor people from Jerico and the country round about, come to fill their sacks with food and raiment, and frequently two without a cent in payment thereof—Physicians charge but little for medicine, and give advice gratis, and we have good Samaritans who seek after and administer the wants of the poor, the widow and the orphan

Being fully conscious that the earth is the Lord's and the fulness thereof, that we are all but stewards upon his bounty, I would say unto the widows and orphans, If there be any, who have not the ability to pay their dues to me, to call and I will forgive their debts and receipt their bills to the uttermost farthing. It may be all will not have faith in these promises, (come and see,) neither did Joseph's brethren believe that they and their little ones were all to be fed from the bounty of him whom they sold into Egypt. But what put over he had their ignorance and unbelief to frustrate the plan by which their welfare was secured It is true they could not enjoy a confidence in their brother until they know him, but he was as much their protector in their unbelief as by their believed

To my little friends I would say that I have still a few broken State Pencils for those who are not able to purchase, gratis.

Vinegar exchanged for Rags as usual.

Plumbing, done and repaired, never be weary in well doing. Seek and ye shall find OLIVER SPAFFORD.
