Deer Str. Being personally acquainted with Mr. French, I take pleasure is superaiding my corroboration in testimosy of the cure effected in his case through the instrumentality of your invaluable compound. Having personally availed myself of the curative projecties of your Fluid Estates of giorenegae-Hia, particularly in the purification of the blood and the consequent anticipation of these universal disorders attendent upon the classyes of the season, I would certifully recommend it as a family medicine which should be maintained in every household. A restarkable instance of the influence of your remedy upon the restoration of the frame, and the al-build mirround researchiton of a body weakened to the last degree by the excesses of animal induspence, occurred in the case of an aminent manufacturer in this vicinity, whose modesty, sad not went of inclination, preciades him from a publication of the detailed circumstances of his afflicting theses, which threstened to determine into a settled case of premonitory leptory. I am secured by him, that by the nee of your Fleid Estateot, be has been computed; restored to his former and correct enjoyment of unimpaired health.

That about three months since, Dr. John Baile Surseparellis was recommended to him as possessing some qualities which would relieve his difficulties and parify his blood;

That after using this medicine for a short time, a feeling of imprevenent was manifest, and from that moment to this, a gradual but steady advance has been realized, and he is now, not only entirely free from all pain, but in smalled to give his business all attention, and is enjoying better health than he ever believed was in store for him. That he has also used the Sureaparellia of Dr. Bail in his family with similar results, and believes it to be the best purifier of the blood that can be used, and as a general tonic medicine softhout an equal;

That he can and does, with the most positive confidence, assommend the use of this medicine to all who may be similarly afflected.
