The Black Republican Judicial Convention, which sombled at Union Mills on Friday of last week, mon after one hundred and fifty ballets, in nominating Davn DERICESON, Boy., of Mondville, as the candidate of the party for the additional Law Judge of this district. Why is took so many ballots to arrive at a conclusion that was foregone long age, we eshnot expective. When we saw the names of the conference from this county assounced, we were as morally spring that Doriskson would be nominnted as we were that the hand of the "Mapoleon of Crawford" broaght him out four years age to run against Skinner for the Senate. In politics Derickson is of the "Oily Gaussen," and "Urish Heep" school, and when he is elected, if the district should be so unfortunate as to be thus afflicted; he will most unquestionably "keep stop to the music" of his friend and sponsor of four yours ago in all amontial particulars.
