SPERCH OF

HON JOHN L DAWSON

At the Great Demonstrate them Message in the Company of the Compan

degree, the present generation from its obligate yet in his domestic relations attract any special and the Catholics of Florida and Louisiana tions for the preservation of the Union? Has regard from the North and the efforts of the But the difficult circumstances of the sections

feelings and opinions far more rigor and certainty than any geographical the purest and best men of that denomination, ment of the resources of a mighty country con-

The nature of the present contest is indeed unparalled. No procedent is found in all our past political history for any tactics which shall be applicable now. Ever heretofore, we have all simple of the establishment of American Nationality and instruggied, as brethern and without sectional distinctions, for the greatness and prosperity of a common country with which we have felt our limits and the high that the ground against the strong of the Union and the confederacy everywhere and accommon country with which we have felt our limits and the high that the strong of the nation have produced such and reachless not the nation have produced such and reachless not the nation have produced such and reachless in different narra of fruits in agriculture, meanfactures and commence:

| Lafayette, could aver have admitted claims so destructive of national independence. Bat grant that general supplies may be the result—turning the energy the gard capacities, which should be exercised to the exabilishment of American Nationality By the Supreme Ruler, and expected against the Boman catholics may be prejudiced against the Boman catholics may be the result—turning the energy from the common welfare, to the purpose of mutu the gone and capacities, which should be apercised to the exception of the Sunday for the Curin and capacities, with the general and capacities, which should be apercised to t tion should be managed through a National Bank, there the light of the morning and is first or an Independent Treasury, whether the currency of the country were better censtityted of paper of the setting rays disappear upon its boson. All of the principal street of the process and the provisions of our common of a Christian civilization which shall ripen into or an Independent Treasury, whether the currency of the broad waters of the Pacific, where the country were better censtityted of paper of the consideration of the principal street. That is a bap, this setting rays disappear upon its boson. All the principal street in the provisions of our common of a Christian civilization which shall ripen into openly contends the provisions of our common of a Christian civilization which shall ripen into openly contends the forever. That is a bap, bond of union.

Passing from the consideration of the principal street of the principal street of the principal street of the principal street of the second of union.

Passing from the contest, it remains for me the induction of the principal street of the second of union.

Passing from the contest, it remains for me be raised by the imposition of duties upon in are the wonderful results of the principle of pop catholics, but they will never accord to the Pope is at this time the only party which upon this to add a few words in regard to our candidates.

represented any considerable portion of the measures protective of manufactures, internal improvements, and commerce and navigation, or before the people, coully to discuss the value of the Union, or give utterance to a single exuntional treasury—which led to the fierceness of the measures that its fell spirit should follow them
