Joe Palmer was appointed by King and Fre mont to carry out the pointed trade, and was accordingly dispatched to Southern California with letters from Frein out to his jummate triends. urging them to vote for King, but his friends contract was being executed. Made without the pressed thereon by these political schemes and least authority of law, subject to the ratification of Congress, no money c uld be received upon ; it until that body made the proper appropriation This did not suit the necessities of Fremont or ;

necessary to make a Spanced operation, as Freportion of the purchase money must be paid upon the Secretary of the Interior for the amount of heaf contracted for from one of these Indian Commissioners To do this one of the Commissioners had to be a rupt 1 for having no aus thornty to draw on hobests, it was a base fraud, to pur such drafts in the market here by al Government officer, by which the unwary might be imposed upon and cheated. The man for the as it is alleged, by the promise of \$10,000, draw drafts for upward of \$180,000 upon the Secretary of the Interior Skillful negotiation was next needed, and Wright, as the most unsernpulous of the gang, was put forward to raise money on the desits, indorsed by Fremont Adams & Co. cashed \$30.000 of them This was great success, and put the conspirators in funds. The Commissioner was paid his \$10,000 (quit the State and

About the same time, Fremont disposed of half

(Fremont leaving his wife and children behind him, to follow on the next steamer, as a blind to provent pursuit and arrest, before sailing,) to avoid a presecution for swindling, for which, if they had been caught, they would have been convicted and sent to Botany Bay In Europe, looked upon as "the Merican prodigy-the man before their cocape, and afterward in the United States, these adroit financiers rioted on their illgotten gains. Fremont is said to have expended twenty five or thirty thousand dollars in Europe, ib a few months

The pickings of these operations were soon exhausted in the fraudulent and unsuccessful speculations of Palmer, Cook & Co., and by Fremont's extravagances, and in a state of utter destitution Frement presented himself before Congress in 1854, begging for an appropriation to pay for his beef contracts. By the most dexterous and unwearying lobbying, the bill passed Congress, and Fremont "turned up" again, a millionaire He redeemed the Mariposa claim; bullied Corcoran & Riggs of Washington City, who held the claim of James King of Wm., into a reduction of from twenty lighting, or dying in his father's defence, only to thirty thousand dollars on the amount due; by those who had wrested the pistol from him, the Californians from whom he had purchased and, as we thought, wrongfully. the cattle, and who had so patiently waited for their money, forcing them to take half that was 30 PIECES Prints at 45c. due them, or get nothing, (for Palmer had skilltully had the deed for the Mariposa claim made to himself personally, and at the same time took a confession of judgment from Fremont to his Stock and Dies, Bellows, Brass Hub and Bands.
