intermin, and not to the Old England made laws for Virginia; now, New If our northern friends would only come up with make, all the laws (obgress can make, all the make, lustration in this discussion. In the State of tion. (Applause.) I once knew an old gambler, who quit the Kentucky, a great part of which lies north of the I once knew an old gambler, who quit the Kentucky, a great part of which hes north of the trade after having made money out of it. He line of 36 deg 30 min, and in Western Virgin-then went about lecturing against gambling, and in, as the late Governor of the Old Dominion, (Hon. Wm Smith.) and the gentleman from to lecturing about religion. This touched a min-tister in the neighborhood who did not like to hear a gambler talk about religion until he had interior. In Maryland, it was common for dying man to hear a gambler talk about religion until he had interior. In Maryland, it was common for dying man to hear a gambler talk about religion until he had interior. free State, -I who belong a slave. (Laughter) They become fretful and given some evidence or pledge of reformation. - men to bequeath freedom to their slaves. A He said to him, "My fried, I agree in all that most eminent citizen of that State told me that ding our superiority of of remaining in connection with the Southern you have said about the gamblers; they are an the example was becoming so contagious that in if they had ten of the lar. States, so long as they have any negroes. I beg awful set, and ought to be punished : but have a few years Maryland would be a free State, but over the ample map of my country, and sur: veyed its wide extended plains, reaching as they now do from ocean to ocean, and from the Lake of the Woods to the Gulf of Mexico, I have felt proud that I was something more than a citizen of the single State of Ohio, (applause.) I have felt proud that I could travel a thousand miles there, to do that which they were willing to do from the travel a thousand miles there, to do that which they were willing to do from my home at any point of the compass, and if let alone The effect of this principle of coerto keep one State out of the Chorner in with negroes in this confederacy, a matuality of interest consti-hours, and then let her come in with negroes is this confederacy, a matuality of interest consti-is that what they mean? Suppose Kausas comes to morrow? Congress says, you have got negroes there—take them out Kausas steps belind the as the most splendid nation on its surface. How the wild fanatics are trying to inflame the feel-ings of the Northern people, are no more responsi-ings of the Northern people, are no more responsi-ied on the people to keep up the churches; and ings of the Northern people, are no more responsi-ied on the people to keep up the churches; and ings of all descriptions are trying to fall descriptions are indes of all descriptions are trying to fall descriptions are indes of all descriptions are trying to fall descriptions are indes of all descriptions are trying to fall descriptions are indes of all descriptions are trying to fall descriptions are present in the subter of all description say to myself-this is one of the parts of the gy than any people on the earth Every dollar great Republic of which I am a citizen. | out of the immense number of millions annually My friends, even the oldest of you, will have expended to sustain this great system is contribumournful days to pass through, if this Union be ted freely, without the compulsion of law, from dissolved I have told you that like the marriage the good will, the religious feeling, and sense of contract, it cannot be kept together by force. \_\_\_\_\_ right found in the American character \_\_\_\_\_ So in It can be maintained only by a sense of justice i regard to the negrees, if the Southern people had and right, and a mutuality of interest. The ; been let alone they would have aided time and sense of right is stronger in the human mind :-- | circumstances in facilitating emancipation, and but here we have a mutuality of interest which putting the emancipated negroes in a condition of is even stronger than the sense of right, and it is save and comfort. All this would have been dic binds North and South together as one undivided | tated by the kind feelings which rise up between the master and slave, and especially between the Look at the railroads which are hourly con: master and the slaves of a domestic household .neoting you with the Southern borders. If the I have been in Slave States ; I have been a long Union should be dissolved, what will become of time in the District of Columbia, and I know the immense mass of property in railroads ;- there is something more than law which binds what will become of the ten thousand mechanic the negro to his master in the South The negro shops where now so many million dollars worth recognizes his master or his protector against all of goods are annually manufactured for sale to trouble and all danger. He recognizes his than the people of the South ? What will become of ter as the fit, permanent and sure source of livethe agricultuaal implements of my States are wanting bread and meat (Applause.) Strong made in Boston, and so it is in the State south and powerful attachments spring up in this way and south-west of me. In the streets of Chilli, and those are greatly mistaken who suppose that cothe, you will see the Boston stamp on the rough common articles made of wood; because North would have nothing to do but call on the in Boston, they have the machinery and instru. negroes to rise and put down their masters .mentalities for making them cheaper than we Not one in 500 would rise against the masters can. But in the event of a dissolution, where Some of the strongest defenders of the domestic households of the South would be their domestic I desire to call attention to a few other points servants. There is a feeling of attachment be of the question. Get the map and put your fin. I ween master and slave little dreamt of in the ger on the great navigable rivers that run from Free States, because the Abolitionists have conthe vast interior, rise in the Lake of the Woods tinually represented this relation as that of tyran
