At the carnest request of a lady who alleged she had been relieved of a most paintial affection by its use, I was induced to try a bottle, though at the time of parchaeing, I fully believed it to be a quasic medicine and a cash hay imming. But a trial convinces me that it does possess a man power, and its uses will prove a blessing to suffering humanity. I recently took a cold from sleeping indump sheets, and my neck became so much swollen and paintil, that I could not turn my lead After using, withoutsuccess, ever-thing prescribed by my physican, I last evening tried your Electric Oil. This morning I am cell, the relief having been as complete as it was instantaneous.
