PUBLICATION OF THE LAWS - We notice the ewspapers of the State are again agitating the propriety of the passage of an act, authorising the publication of the [Cor Laws passed by the Legislature at each session in the newspapers-those of a general character in one or more papers n each county, and those of a local character in the papers in the vicinity where the law is operative. Longue so gave our voice to this measure—not because it would prove pecuniarily beneficial to us, for that would not be likely in this region, but because we deemed it a just meaoure. No serious movement, however, has hitherto been made in the Legislature to adopt the system, and we doubt whether there will be now. And yet we can see no reason rby not, except it be the indisposition of our law makers have their work submitted to the scruttiny of the people. As our laws are now published, in pamphists, not more than one out of fifty of the people ever see them; and yet ignorance of the statute is no bar to conviction. We know
