Erie, April 18. 1857.—49. Erie, April 18, 1857.-49.

COME ONE, COME ALL The "Old Furnace" still on the "Track."

This subscribers, having ealarged their Establishment and provided themselives with entire sets of New Patterns of the lates and most approved designs, are now prepared, not only to please the most fastations taste, but also to supply their Customers or lower figures" than the same articles have ever been sold for it this or any other market. We would especially invite attention

this or any other market. We would especially invite attention to the new and beautiful CDOE STOVES, styled

THE BANNER, Ribertand Overs.

THE ECULIFIES, Diving Fibe.

These tores are got up expressly for Wessen's Comfort. They are capable of throwing out a large amount of heat in the winter esseon, and yet so constructed that the best can be turned off the Oven and allowed to escape in the Chimney, thereby obviating the great heat in the room which the Cose has heretefore been obliged to endure in the warm season of the year.

We are also manufacturing some new and beautiful Parlor Stoves both for Wood and Coal, such as

The Corni,

both for Wood and Coal, such as
The Coral,
The Morning Giery,
The Model Parter,
The Star Dining Room.
These STOVES are all of the latest style, rich in their design: and added to our former large assortment, enable us to defr competition, both in variety and style, with any other establishment in the Gountry We are determined to sell at the "Levest prices" Let all, therefore, who would get a good article, and save meany, give us a call.

Erie, May 23, 1867.

SENNETT, BARR & CO.

E. G. FOLLON,

THEE carning year of the institution will commence on Wednesday, September 9. The building, surrounded by seven acres of forest trees and shrubbery, is situated within a few minutes ride of the business portion of the city, and is conveniently arranged and furnished. The institution will be continued on the same plan of instruction as heretofore. A competent Beard of Teachers will be engaged, and no affort will be spared to render the institution worthy of patronage. Valuable additions will be made to the library, and an extensive Philosophical and Chemical Apparatus will be ready for us at the commentment of the ment term. Four full courses of Schentific Lectures will be delivered by the Principal during the year, and Lectures on topics of general interest will be given frequently. No charge will be under the Lectures.
