THE REPUBLICAN CONVENTION.

The Republican County Convention for 1856 has been held, and work, good, bad, and indifferent, done.

It is a fact, we believe, clearly proved by the records of history, that "our army were terribly in plauders," but if the profane soldiers who composed "our army in plauders" were here at the present juncture, we have every reason to believe they would award the palm of profanity to the disappointed portion of our republican brethren.

As stated many times in our columns, the Republican party of this county is owned by their nominee for Senator.

Under this, hundreds of Democrats—men who never voted anything else than a Democratic ticket and never expect to, actuated by a spirit of mischief, and perhaps determined to sow seeds of discord in the camp of a party we have but the numerical strength to cope with on a fair field, gladly availed themselves of the invitation extended to them in the call to participate in the election of delegates.

Promptly at the hour, a delegate from Waterford, whose sympathies were known to be with Walker, called the convention to order by nominating DAVID A. GOULD, of Springfield, for chairman.

Mr. Gould is perhaps the oldest republican in the county, having supported Jas. G. Birney for President when his successful competitor, Jos. M. STREET, Esq., of the Gazette, was shouting hosannas to that slaveholder Henry Clay.

The nomination for Senator was made short work of. But two candidates were named—Lowry and Kitz—when the ballots were put out and counted out, Kitz was also counted out.

The Senatorial question having been disposed of to the entire satisfaction of the owner of the party, the convention proceeded to the consideration of the claims of the various aspirants for legislative honors.

The Atlantic Telegraph Laid!

The Atlantic Telegraph Cable has been laid from Queenstown on Saturday, July 17; at Mid-Ocean on Wednesday, 23d; made the splice at P. M., on Thursday, 25th, and then separated the Agamemnon and Valerius from the cable.

It is 1898 nautical or 1050 statute miles from the Telegraph House at the head of Valentia harbor to the Telegraph House, Bay of Bells, Trinity Bay; and for more than two-thirds of this distance the water is over two miles in depth.

The President, who is at Bedford, received the first intimation of the successful laying of the Atlantic Cable, through the Associated Press.

The report of the Legislative Committee on the condition of certain banks in this State, said to be owned by Buffalo financiers, has elicited from Wells D. Walbridge, one of the persons referred to a long letter which appears in the Buffalo papers.

When I was at Phoenixville, Shamokin, or Octorara, and know nothing of those banks, I have no interest in either of the banks named, nor do I know of any citizen of Buffalo that has.
