CONGRESSIONAL.

WASHINGTON, Jan 28

Mr. Hunter, of Alabama, from the Judiciary, reported that said committee had engaged in examining the charges against Thomas Irwin, District Attorney for the Western District of Pennsylvania, and pending such investigation they recommend that Judge Irwin has to-day resigned, and the Committee therefore be discharged from the further consideration of said charges.

Mr. Buchanan, of Pennsylvania, gave notice that to-morrow he should move to call up, for consideration, the bill which was read, setting apart for settlement in Kansas, the territory acquired from Mexico, known as the territory of Arizona is part, was, at the time of the cession, free by law from African slavery, and that slavery has been since established therein; that nothing contained in the bill should be held or taken to authorize the introduction of slaves into said Territory, as merchandise or property.

Mr. Stanton, presenting a petition, took occasion to say that he had been present at the House when it voted to refund certain claims to the State of Indiana for moneys paid to the United States during the Florida war.

Mr. Wilson, of N. Y., presented a petition of citizens of New York, setting forth that the fortifications in the harbor of New York are destitute of defence against foreign invasion, and praying for an appropriation of $250,000 for the construction of such works.

Mr. Brown, of Mississippi, introduced a resolution instructing the Committee on the Judiciary to inquire into the expediency of reporting a bill to authorize the Secretary of the Treasury to issue Treasury notes to the amount of $20,000,000, bearing interest at the rate of six per cent. per annum, and redeemable at the pleasure of the Government after the expiration of twenty years from the date of issue, for the purpose of relieving the financial wants of the country, and to be transferred to tariff schedule duties. Referred to the Committee on Finance. The Senate then proceeded to the consideration of the private calendar.

WASHINGTON, Jan 29

Messrs. Toombs and Benjamin were willing to discuss the tariff in great stress, but were opposed to taking anything else this session.

Mr. Bigler favored an increase of the tariff where necessary. While he favoring duties, he would give thirty per cent on

Mr. Green thought it was important that the party should settle their policy whether they were for specific or advalorem duties.

Mr. Hunter said that all seemed agreed on the point that the tariff should be for revenue, and the question of assessing the duties was the only one to be discussed in this view, marking a broad line of distinction between the Democratic caucuses held for the purpose of bringing members to vote for a particular measure.

Mr. Wilson will probably send a message to the Senate next week, giving a full statement of the finances, and suggesting additional legislation, and urging arrangements to secure the payment from prospective financial embarrassments, recommending Congress that there be no works remaining of the session.

The House went into committee on the bills.

Mr. Washburne, of Wisconsin, reported from the Committee on Commerce, a bill to provide for the payment to Governor Stevens, of Washington Territory, of moneys advanced for subsistence during the Indian war in Washington Territory.

Mr. Vail, of N. J., asked leave to introduce a bill authorizing a loan of $15,000,000 for the purpose of paying the interest on the public debt.

Objected to by the Republicans.

Mr. Clark, of N. Y., asked leave to introduce a bill authorizing the committee on Ways and Means to report a bill so revising the tariff as to raise revenue sufficient to meet the expenses of the Government economically administered, discriminating in favor of American industry, and substituting specific for ad valorem duties.

Objected to by the democratic side, when the bill was read.

Mr. Phelps, from the committee on Indian affairs, has reported a bill relative to the great reservation in Kansas, known as the N. Y. reservation, containing nearly 2,000,000 acres, and authorizing the sale thereof to settlers. The whites have no title, but it is understood that it is the intention of the settlers and Indians to divide the lands after the Indians have made their selections.

Mr. Phelps, from the committee on elections, decided in favor of the right of Reed B. Chapman, as the right member from Nebraska, in place of Mr. Fenner, the sitting member. This contested case has been pending since the commencement of the present session.

WASHINGTON, Jan 31.

There is no truth whatever in the report that the appointment of Judge Black, as successor to Judge Irwin, hence all the speculations and the change are baseless.

WASHINGTON, Feb. 1.

Messrs. Howard and Davis have modified their tariff bill with respect to iron, placing pig iron at 15 per cent; on railroad iron at 12 per cent.; and pig iron at 6 per cent.

The Senate committee have decided in favor of abolishing the franking privilege, but allowing each Senator and Representative $100 worth of stamps; also to include in the bill a provision for the passage of an elaborate report on the subject of the navy in connection with the recommendation of the Secretary.

Mr. Toombs has been confirmed as U. S. District Judge for the District of Georgia, in place of Judge Irwin, who was removed on the ground of the insufficient vigilance in the yacht case.

Mr. Grow, of Pennsylvania, introduced the following important resolution, asking its consideration at the earliest practicable moment:—

That it is the opinion of the Senate and House of Representatives that the creation of a large public debt in time of peace is inconsistent with the true policy of the United States, and as the present revenue is insufficient to meet the unavoidable expenses of the Government, Congress should at the earliest practicable day adjust the revenue laws so as to meet the deficit in the current year, and to pay off the present debt, so far as may be practicable in immediate cancellation thereof.

WASHINGTON, Feb 1

The House was held to night. John Letcher, of Virginia, and Messrs Ruffin and Scales, of the Virginia delegation, nominated for Secretary, but before the roll call for the caucus had not been agreed upon by the Ohio delegation, at whose request it was postponed to ascertain the chances of

Mr. Howard, present, principally from the Committee of Ways and Means, reported two from New York, one from Ohio, and five from Pennsylvania.

No action existed as to the question of uniting the present pressing necessities of the government, but a very general opinion prevailed that the estimates were too high, and that measures must be taken to reduce them very materially before finally adopted.

It is unexpedient to disturb the present tariff.

The committee of five be appointed at the next caucus, means by which the expenses of the Government can be reduced, and to report until Saturday night, when a bill be issued to the democratic party on the question of retrenchment is to be made.

Mr. Forney, correspondent of the Daily Press, says the thirty million Cuba proposition will not pass the House of Representatives.

WASHINGTON, Feb 2.

The report of the Committee on Ways and Means was laid upon the tariff and the return from the principal ports for the month of January, from which the Treasury expects to base its estimates as to the revenues that will be derived from the present tariff. He thinks these returns will foot up six millions.

☞ We invite attention to the advertisement of Dr. Culverwell's Essay on Nervous Diseases, etc., in another column. It costs but a trifle, and may be obtained direct from the publishers in New York.

DR. WADSWORTH, will be at Brown's Hotel on Saturday, Dec 18th., for consultation in all Chronic or long standing Diseases See advertisement.

☞ "WHY ARE WE SICK ?"—Slight indispositions as they are called, as costiveness, sour stomach, Headache, etc., though regarded as small matters in themselves, are, nevertheless indications of derangement, which if allowed to continue, will result in general disease of the whole system With all its complexity so long as the action is, through any cause hindered, that moment commences a derangement, which if not speedily remedied by a removal of the cause, will lead through a long list of lesser ills and aches to Liver complaint, Dyspepsia, premature old age and Death. The stomach is the grand reservoir from whence is diffused nourishment, and life and vigor are imparted to the entire system: it is all important, then, that the *Stomach* be kept healthy, and free from everything calculated to excite a diseased action, and hinder the performance of its legitimate functions: and when through indiscretion, accident or other circumstances, the energies of the body are prostrated, and the stomach and other parts of the animal economy are sluggish and inefficient in the performance of their duties, or when there is an excited overaction, then it becomes necessary to resort to some Medicine, whose alterative and correctant qualities may restore a vigorous action and a healthy tone. A gentle aperient and laxative, will perhaps more than any other medicine, accomplish this end—and it is in this character, of a mild, gentle, and efficient aperient, laxatives and correctant, that BALDWIN'S CATHARTIC PILLS are offered to the public. Being entirely *vegetable* in their composition, they may be administered safely to all, of every age and sex, as well to the infant and delicate female, as to the vigorous man For the speedy cure of *Costiveness, Indigestion, Heartburn, Headache, Dyspepsia, Jaundice, Sickness of the Stomach, Affections of the Liver, and Derangements of the Bilious system generally* they cannot be excelled These Pills are already beginning to be known as the most effectual remedies, and as the most perfect which has ever been developed for the purposes of disease. *They are warranted to give satisfaction, or their price 25 cts per box, will be refunded* Sold in Erie only, at BALDWIN'S Drug Store, No 5, Reed House Corner, Erie Pa 25

Dwelling House Owners and Occupants.

THE ÆTNA INSURANCE COMPANY, WISHES to call your attention to the inducements it has to offer for the especial patronage of owners of Dwelling Houses, particularly those located as to be insulated from external dangers from neighboring buildings, to

1st. The rates of premium being lower than those charged on any other class of property, bringing such insurance within the province of any prudent and industrious man.

2nd. The abatement from annual rates, adopted for all such insurances made with it for periods longer than a single year. Insurance for five years may be effected at a saving to the owner, of more than the rates of interest, and the labor and expense of separate renewals.

3rd. The facility with which Insurance may be effected through the Agent at Erie, who is fully commissioned to take surveys, determine rates of premium, and issue Policies on such risks without any reference or delay. The Agency presents all the advantages of a Home Institution, in every essential particular
