

**Supplement to Blackstone's Commentaries.**

The Boston Courier contains an amusing commentary on certain municipal regulations, recently enacted at the metropolis of the Bay State. The propensity of our day to over-legislate is a serious evil. The present instance certainly savors of familiarity with the Blue Laws.

To the Right Worshipful, the Mayor and Aldermen and the Common Council of the Corporation:—

Conscript Fathers:—I have perused with sensations of admiration and pride the recent ORDINANCE which your wisdom has produced, "to prevent unwholesome and injudicious practices in the streets of the city."

The object of this letter from one of the most obscure of your constituents is to cheer you on in the work, and in order to stimulate you to new enactments. I will proceed to make a few commentaries on some of the sections of the Ordinance in question, and also humbly to suggest some regulations of surpassing importance, which are well worthy of engaging your concentrated energies, at this time when your deliberations appear to be engaged on such subjects:

I quote the section of the Ordinance which provides under a penalty of from one to twenty dollars, that

"Sec. 2. No person shall flourish or snap any whip in the streets, lanes, alleys, or public squares or places of the city; unless he shall have under his immediate care some beast or team of beasts."

Twenty dollars for "flourishing a whip in any street, lane or alley," does not seem quite a penalty enough. Why not say three months imprisonment in the common jail, or six months in the House of Correction? Suppose there should be both "flourish and snap," for it is difficult to get a snap without a "flourish"—does this subject the offender to the two penalties—say forty dollars? I think forty dollars cheap for this privilege. And again, do "cows" come under the term whip—and suppose a citizen should flourish a cowhide on 'Change, does the penalty hold? It unquestionably should. So much for whipper snappers.

"Sec. 3. No person shall ring, or cause to be rung, unless as is provided in the first section of "An Ordinance for the Regulation of Horses and Carriages within the city of Boston," any bell or to blow or cause to be blown any horn, or other instrument in notice of the sales of any article, or for any other purpose, in the said streets or elsewhere, unless duly licensed by the Mayor and Aldermen."

Had I held a seat in either Board when this valuable law passed, I should have moved to insert the words "or nose" after "horn," so as to read "No person shall blow or cause to be blown any horn, NOSE, or other instrument, in notice of sale of any article, OR FOR ANY OTHER PURPOSE." There is danger of flourishing whips and blowing noses in the "lanes, alleys and streets" of this city, which should be removed, and the City Marshal should at once be put on the scent to snub up offenders. The plain language of this law is, "no person shall ring or cause to be rung" "any BELL" "for the sale of any article, or for any other purpose"—that is, he cannot ring his house bell to get into his own house "unless duly licensed by the Mayor and Aldermen," under penalty of one to twenty dollars!!! Again, he cannot blow or cause to be blown any instrument for the sale of any article, or "for any other purpose," under the same penalty. Musicians must come under this clause—consequently, whoever blows a whistle or a bassoon or clarinet or flute for military parades, or for serenades, forfeits this fine—for the law says he shall not blow "for any purpose." I hope this law will be rigidly enforced. The penalty might be improved by adding "six months in the House of Correction."

"Sec. 6. No person shall use or shoot with bows and arrows in any of the streets, lanes, alleys, public squares or places of the city."

"Sec. 7. Every person who shall offend against any of the provisions of this Ordinance, shall forfeit and pay a sum not less than one dollar, nor more than twenty dollars."

"No person shall use or shoot with bows and arrows"—here is a slight grammatical error, which shows that our Legislators are not so familiar with the mysteries of the English tongue as they are with the science of Government.—BOWS and ARROWS are awful things, & so are penknives, which sometimes cut off children's fingers. I am glad we are protected hereafter from slaughter by these dangerous weapons.

I would respectfully suggest to your honorable board that ordinances be passed forthwith for the following purposes:

1. To regulate the killing of cats and providing for the drowning of blind pups.
2. For preventing the eyes of lobsters from projecting more than one foot upon the side walk.
3. Allowing no cat to have two tails.
4. To stop the buzzing of green-headed flies and hook-billed mosquitoes.
5. Regulating the twist of dog's tails.
6. Prohibiting sneezing after dark, except "by license from the Mayor and Aldermen."
7. Regulating the color and size of whisks.
8. Prohibiting any family from harboring more than fifteen tom-cats.
9. Prescribing the mode eggs shall be skinned potato's roast'd & pea-pods shelled.

I will make other suggestions when I am elected to the Common Council, which will probably be soon.

**ADVERTISEMENTS.**

**TO THE PUBLIC.**

I, Michael Brode, of the county of Huntingdon, Pa., do certify, that I was for 12 years afflicted with dyspepsia, and in that time applied to several physicians, one of whom decidedly the most distinguished in Westmoreland co, pronounced my case entirely out of the reach of medicine.

For the last six years previous to the 15th day of June, 1838, I was not able to do a single day's work, and the digestive powers of my stomach were so completely prostrated, that in many instances I vomited my victuals in 20 hours after having eaten them, on which not the least sign of digestion appeared.

On the 4th of June last, I set out for the purpose of procuring a certificate from Dr. Wm. Richard of Trough Creek Hunt., county, to exempt me from a fine for the non-performance of military duty on the regular days of training in May last, and it was with the utmost difficulty that I reached the residence of the Doctor, having been obliged to lay down by the road-side three times on account of severe pains, and the weakness and weariness consequent thereon. When I stated my business to Dr. Richard, he suggested to me the propriety of taking medicines. At once told him that I could not do so, as I was entirely destitute of money, and had a large and helpless family, which I had no means of supporting, and that I considered my case entirely hopeless, and did not wish to incur debts for medicine. Upon his expressing an opinion that I might still be cured, I was induced to make trial of his medicine, and the result was, that in 10 days I began to work some, and in 15 days I commenced mowing and through haying, and harvesting. I was able to make a full hand every day, and have been able to work every day since without the least symptom of a return of the disease. I am now 40 years of age, and I am fully as able to do a days work as ever I was, and I feel truly thankful to a kind Providence for having directed me to Dr. Richard; and I would respectfully and earnestly recommend to all who may be similarly afflicted, to avail themselves of his skill, and services, without delay.

Given under my hand at Trough Creek, Huntingdon county, Pa., this 15th day of Nov. 1838.

Attest D. A. FULL.

**HARRISBURG PAPERS.**

**SEMI-WEEKLY TELEGRAPH. LEGISLATURE PROCEEDINGS.**

THE ensuing Legislature will be one of unusual interest to every citizen of the Commonwealth. The adoption of the Amendments to the Constitution, will give rise to new legislation in which it is not unlikely that party feeling may become warmly enlisted, and subjects agitated that will excite the strongest desire to obtain early and correct information.

A new Administration, it is expected, will also come into power, and give birth to new measures under its new men. These, together with the ordinary duties of Legislation, will make the coming Legislature a busy as well as important one. During its session the "Pennsylvania Telegraph" will be published twice a week and contain late and fatal accounts of its proceedings, taken by experienced reporters. It will also contain Congressional proceedings, and general news.

TERMS:  
For the session, \$2  
For the year, \$3  
THEO. FENN,  
Harrisburg, Nov. 10, 1838.

**INTELLIGENCER & DEMOCRAT. LEGISLATIVE PROCEEDINGS.**

THE ensuing session of the Legislature of this Commonwealth, it is expected, will be one of more intense interest to the people than any that has preceded it. Not only will it be the first session under a new organic law, untried, and in the estimation of many thousands, of doubtful utility, but it will be the first session of contested elections—the first session to which the abused ballot-box will appeal for redress. Parties being nearly balanced, and each firm as the everlasting hills in support of its peculiar tenets, their conflicts—the one battling under the sacred people of truth, for the best interest of the people—the other with dark banner of falsehood waving over it, contending for power and the attendant "spoils of victory,"—will attach an interest to the session which will render vehicles of correct information in regard to the proceedings, of immense importance to the citizens of Pennsylvania. Such vehicle will be found in the "Intelligencer & Democrat" the editors of which pledge themselves to spare no pains, labor or expense, to render their sheet worthy of public patronage.

As the undersigned have both had experience in reporting, and are also practical printers, they will be able to give full and correct reports of the sayings and doings of the two Houses, and place the intelligence in their paper in the most attractive and satisfactory form. In addition to Legislative reports, they will give ample sketches of the proceedings of Congress, and a general summary of the news of the days.

The "Intelligencer" is Democratic in politics—supports the Patriotic and States man of the West—GEN. W. H. HARRISON—for the Presidency in 1840—and will ever be found the unwavering opponent of Loco-focoism, and all kindred destructive heresies.

TERMS:  
For the session, (twice a week) \$2  
For the whole year, \$3  
Payable in advance. Any person forwarding 5 subscribers for the session enclosing a \$10 note will be entitled to a sixth copy gratis.

**PROSPECTUS.**

**OF THE HARRISBURG CHRONICLE.**

There being nothing which so much enhances the value of a public journal as early and faithful news, the editor and proprietor of the Harrisburg Chronicle has made such arrangements, as will not fail to make his paper equal, if not superior to any other in the place, during the ensuing year, in this particular.

The sessions of the State Legislature the coming session, promise to be unusually interesting. The policy of the new State administration, must excite curiosity in the minds of all such as take any part in the politics of the day, inasmuch as the friends of the new Governor have found much fault with the administration of Joseph Ritner, though one of the best Governors Pennsylvania ever had; and it remains to be seen from what this winter will develop, whether the people have made a wise change.

Besides the interest which the policy of the new administration will give rise to, the duties of this winter's Legislature will be such as to engage the serious attention of every citizen in the State. Among many other matters it will have the altering and the amending of existing laws, so as to conform to the provisions of the new Constitution, and make such others as the emergency will require, which will be neither few nor unimportant.

As it is our purpose to continue the publication of the Chronicle, and with zeal, we will not say with what ability, do battle against locofocoism, Van Burenism Fanny Wrightism, and all other destructive isms, we most earnestly call upon the friends of democracy and good government to aid us; if not for our sake, let them do it for the sake of the cause we espouse.

**TERMS.**

This paper will, as heretofore, be published twice a week during the session of the Legislature, and once a week during the remainder of the year, on a fine double medium sheet, and new type, at \$3.00 per annum payable in advance. For six months including the session of the Legislature, \$2 50 in advance. No subscriber can discontinue his paper until all arrears are paid.

Any person forwarding five names as subscribers, shall have a copy of the Chronicle gratis.

Health secured by the use of the Hygienic Vegetable Universal Medicines of the British College of Health,

London

WHICH have obtained the Approbation and Recovery of Thousands who have been seized in Consumption, Cholera Morbus, a lamations internally or externally and all diseases of the Liver, Yellow Fever, Gout, Rheumatism, Lumbago, Typhoid, Dropsy, St. Vitus's Dance, Epilepsy, Apoplexy, Palsey, Green Sickness, and all obstructions to which the Female form is so distressingly liable, and which seem so many of the fairest portion of creation to their untimely graves; Small Pox, Measels, Whooping Cough, Scarlet Fever, Asthma, Jaundice, Gravel, Stone, and all Urinary Obstructions, Stistula, Piles, Strictures, Ruptures, and Siphilis in all its stages, Constipated Bowels, Worms, Scurvey, Itching of the skin, King's Evil, and all Cutaneous Disorders, in short every Complaint to which the human frame is so direfully subject, under the various forms and names; as the Hygean conviction is, that man is subject to only one real disease; that is, to the impurity of the blood, from whence springs every complaint that can possibly assail his complicated frame, and that it is the perpetual struggle of this vital, and of the power, the gift of Almighty power, to disengage itself from its vicious acid humors, with which it has become commixed.

This valuable medicine, being composed only of vegetable matter, or medicinal herbs, and warranted on oath, as containing not one particle of mercurial, mineral, or chemical substances, (all of which are ungenial to the human frame) is found to be perfectly harmless to the most tender age, or weakest frame under every stage of human suffering, and the most pleasant and benign in its operation, and at the same time the most certain in searching out the root of every complaint, however deep, and of performing a cure that was ever offered to the world. This wonderful effect, too is produced by the least trouble to the patients, by merely swallowing a certain number of pills, and being called a few extra times to the purpose of evacuation, with the least possible sensation of pain, exhaustion of bodily strength, and without the fear of catching cold, or attention to dress or diet, in any way different from the accustomed mode. The pills cure in all cases, and cannot be taken to excess. Experience which is the touchstone of all human knowledge, has long borne testimony to the fact; and extensive use of them has already verified its truth in this country.

These medicines cure by purging, and yet the weak, the feeble, the infirm, the nervous, the delicate are in a few days strengthened by their operation, because they clear the body of its bad humors, and invariably produce sound sleep. They are the safest and most efficacious Medicine to take to sea, preventing scurvey, costiveness &c.

The operation of this mild medicine, which conveys immediate conviction of its utility, from the first dose it is beneficial to the mind as the body; first calming then urinating all Mental derangements, Eccentricities, Nervous Affections, Irritabilities and Restlessness, from whatever source; complaints which have hitherto not been understood as the Hygean have found them to proceed from acrimonious humors in the blood, and, happily for the present and future race of mankind discovered a cheap and universal mode of purifying, curing and preventing.

The being cured of any disease, infirm or sore, is now no more a dubious or uncertain procedure—perseverance in the Veneable Universal Medicines will always regressure to her due course. The literary world and every, of both sexes, whose pursuits so much impair the faculties, will find a sure remedy in the Universal Medicines for preserving the energy and sprightliness of the imagination, and for the recovery of health; and old age will be obtained by the use of them and passed free from pain and infirmities.

The are not enveloped with the mystery of other medicines; they only require to be persevered in with sufficiently large doses, and the patient will come off well; when a disease is obstinate patients frequently do not take doses large enough.

The Medicines is comprized three different articles only, viz: No. 1 and 2; the first is a powerful, and the most mild and aperient, or opening medicine, detaching and partially removing the bilious roty humors, whilst the No. 2 Pills carry off those and the serous acid and putrid humors, incidental to the body; and act together as a erret in a warrant, never resting until every venue of the human frame is thoroughly washed, and cleansed of its impurities.

The Vegetable Cleansing Powders are of great assistance to patients and facilitate the evacuation of bad humours; they soften clogs, and detach the acrimonious phlegm are cooling and allay the thirst. One, two or three powders may be taken throughout the day mixed in half a tumbler of water.

The pills are sold in packets of 12 & 3 dollars, and 25 and 50 cent boxes—the two former consist of three boxes, viz: one box of No. 1 and two boxes of No. 2—the latter, one larger box with a division; the powders are in a separate box at 3/4 cents each.

In consequence of the repeated solicitations of the agents, and for the convenience of the public in general, boxes of 50 cents and 25 cents each can now be had of all the Agents.

MORRISON'S, The Family Advertiser of the British College of Health, 3d Edition of 1837, and PRACTICE, PROOFS of the Hygean System of Physiology, including the "Origin of Life," "Treatise on Small Pox," "Letter on Cholera Morbus," and many tested cures effected in this country, as well

as in Great Britain, 6th Edition price 3/4 aonts.

The Hygean Medicines are all imported into this country at a great expense, notwithstanding which they are sold at the same price as in England. They have been 35 years before the American public; their preminent success in the relief of the afflicted cannot be denied.

CAUTION.—In consequence of the high estimation in which Morrison's Pills are held by the public, it has induced an innumerable host of unprincipled counterfeits to attempt imitations, under deceptive terms to delude the wary, and foist their nostrums for the Genuine Hygean Medicine; in consequence of which the Agent has taken the precautionary measure of having an extra Yellow Label fixed on each Packet, signed by the Agent of each State of District, and by their Sub-Agents, in every county; the imitation of which will subject the forger to the severest punishment the Law can inflict; and it is further to be noticed, that none of the above Medicines can be obtained in any Drug Store throughout the Union; the Drug Stores being the principle source through which the Counterfeiters vend their spurious articles.

Respectable parties may be appointed Agents on liberal terms, by applying to the General Depot, No. 34 South Seventh street three doors below Market street, Philadelphia, and at No. 10 North Street Baltimore, where the Genuine Medicine may always be obtained.

The above Pills are for sale by

**DR. EVANS' PILLS.**

INTERESTING CASE CURED BY Dr. Wm. Evans' Camomile Tonic and Family Aperient Pills.—Benjamin Brown, corner of Shippen and George streets Philadelphia, was affected for seven years with extreme nervousness, by which he was not able to write his name—his symptoms were, eruscation, daily spasmodic pains in the head, loss of appetite, palpitation of the heart, giddiness and dimness of sight, utter inability of engaging in any thing that demanded vigor or courage, sickness of the stomach, impaired appetite, coldness and weakness of the extremities, emaciation, and extreme debility; disturbed rest, a sense of pressure and weight at the stomach after eating, great mental despondency, severe flying pains in the chest, back and side, costiveness, a dislike for society and conversation. Mr. B. has made trial of various medicines now before the public, but to no effect, until, observing in a public paper some cures performed by Dr. Wm. Evans' Camomile Tonic and Family Aperient Pills, he was induced to give them a trial, of which he is at any time happy to state, that they effectually cured him of the above distressing disease.

Persons who doubt the above cure, are most respectfully directed to the above mentioned person, at the north west corner of Shippen and George streets.

**LIVER COMPLAINT,** cured by Dr. Wm. Evans' Camomile Tonic and Family Aperient Pills.—Mrs. Lytle, Mount Joy, Lancaster co. Pa., completely restored to health, by Dr. Evans' Camomile Pills.

Her symptoms were, great pain in her right side, could not lie on her left side without an aggravation of the pain disturbed rest. Extreme debility, pains in the head, loss of appetite, palpitation of the heart, giddiness and dimness of sight, languor with other symptoms indicating great derangement of the function of the Liver.—Miss Lytle's daughter of the aforesaid Mrs. Lytle, has also been restored to perfect health by the same invaluable Medicine. Her symptoms were extreme Nervousness, attended with a severe pain in her side, sickness on the stomach, eruptions, &c. Mrs. Lytle has the pleasure of informing the public that numerous cases similar to her own, (in her vicinity) have been restored to health by the same invaluable Medicine. General Office of Dr. Wm. Evans' Camomile Tonic Pills, at No. 19, North 8th street Philadelphia, a few doors above Market.

**TO THE PUBLIC.**

MORE PROOFS OF THE EFFICACY of Dr. Wm. Evans' Camomile Tonic and Family Aperient Pills.—Mr. Joshua Swain, Cape May county, N. J., effectually restored to health from the following distressing symptoms:—Extreme debility, attended with constant pain in the side, and limbs, giddiness and dimness of sight, sickness at the stomach, impaired appetite, difficulty of breathing, great pressure and weight at the stomach after eating, depression of spirits; coldness and weakness of the extremities, flying pains in the chest, costiveness and other symptoms not necessary to enumerate. Mrs. Swain, wife of the aforesaid Mr. Swain, has also been restored to health by the above invaluable Medicines. Her symptoms were—Nervousness, headache, pain in the side, loss of appetite, disturbed rest, eruptions &c. The public are hereby informed that their motives for making this declaration are, that others afflicted with like symptoms may receive information of, and be cured by the same inestimable Medicine.

INTERESTING CASE of Dyspepsia and Hypochondriackism, cured by Dr. Evans' Camomile Tonic and Family Aperient Pills.—Mrs. Gonic of Mount Joy, Lancaster county, was affected for 7 years with the above distressing symptoms, of which she was confined to her bed for 9 months. Her symptoms were—depression of spirits, sickness at the stomach, headache, impaired appetite, great pressure and weight at the stomach, after eating, great mental despondency, flying pains in the chest, back and sides, costiveness, emaciation, coldness and weakness of the extremities, a dislike for society or conversation, involuntary sighing and weeping, and languor and lassitude upon the least exercise. Mrs. Gonic was in the most desperate situation, and could obtain no relief until she was advised by her nephew, the trial of Dr. Wm. Evans' Camomile Pills of which she is happy to state, that she is now enjoying all the blessings of perfect health. Persons desirous of further information will be satisfied of every particular of her astonishing cure by applying at 19,

North 8th street, Philadelphia, or at her residence.

The above medicine can be had at the Stores of E. R. Curtis, Springfield, Del. co, H. P. Lloyd, Darby, H. L. Powell, Chester, August 24, 1838.

INTERESTING CASE OF DYSPEPSIA.—Cured by Dr. Wm. Evans' Camomile Tonic and Family Aperient Pills.—Mr. George Elman, Broad street below Walnut, afflicted for several years with the following distressing symptoms:—Great pressure and weight at the stomach after eating, giddiness and dimness of sight, sickness at the stomach, constant headache, impaired appetite, difficulty of breathing, languor, lassitude, great depression of spirits, a sensation of fluttering at the pit of the stomach irregular pains in different parts of the body, costiveness; a dislike for society or conversation, coldness and weakness of the extremities, emaciation and general debility, disturbed rest, with other symptoms which it is not essential to enumerate.

Mr. E. had given up all hopes, as he had made trial of all other remedies before the public, but to no effect, until he was advised to make trial of Dr. Wm. Evans' Tonic Pills, of which he is happy to state, that they effectually restored him to health by taking three packages.

October 17, 1838.

DR. Wm. EVANS' CAMOMILE PILLS.—Happy would it have been for many persons, of both sexes, who are now in the silent grave, if they had learned to check the morbid tendencies of their stomachs and bowels, by these pure Tonic and Aperient Pills, manufactured by Dr. Wm. Evans, of New York, without resorting to quack remedies, the names of which are concealed and of which they know nothing. That dreadful scourge, GONSUMPTION, might have been checked in its commencement, and disappointed of its prey, all over the la, if the first symptoms of Nervous Debility, had been counteracted by CAMOMILE, chemically prepared, and those bowel complaints, which lead to a host of fatal maladies, might have been avoided by that fine alkaline extract of Rhubarb, Bismuth, and Opium, and George street Philadelphia, which is a leading ingredient in the Aperient Family Pills. Before both of these medicines, which are adapted to a majority of the purposes for which a hundred others are unnecessarily used, fevers, agues, bilious disorders, headache, female debility, male decline, indigestion, and liver complaint, would have entirely disappeared, where many of them have proved fatal.

THE MALES who are troubled with sick heads, the faintings, or giddiness, palpitation of the heart, lowness of spirits, loss of appetite, pain in the side, general debility, or bodily weakness, rejection of food, &c., may be effectually restored to health by using Dr. EVANS' CAMOMILE TONIC and FAMILY APERIENT PILLS, which are invariably recommended by all those that have used the invaluable medicine. Perseverance in the use of this invaluable medicine, will undoubtedly effect a cure even in the most acute or obstinate diseases, but in such cases the dose may be augmented according to the inveteracy of the disease; these Pills being so admirably adapted to the constitution, that they may be taken at all times and under any circumstances.

Office and General Depot, No. 19, North 8th street, Philadelphia.

The above medicine can be had at the Drug Store of Samuel F. Green & co, in the Borough of Huntingdon.
