TO THE PUBLIC.

I, Michael Brode, of the county of Huntingdon, Pa., do certify, that I was for 12 years afflicted with dyspepsia, and in that time applied to several physicians, one of whom decidedly the most distinguished in Westmoreland co, pronounced my case entirely out of the reach of medicine.

For the last six years previous to the 15th day of June, 1838, I was not able to do a single day's work, and the digestive powers of my stomach were so completely prostrated, that in many instances I vomited my victuals in 20 hours after having eaten them, on which not the least sign of digestion appeared.

On the 4th of June last, I set out for the purpose of procuring a certificate from Dr. Wm. Richard of Trough Creek, Huntingdon county, to exempt me from a fine for the non-performance of military duty on the regular days of training in May last, and it was with the utmost difficulty that I reached the residence of the Doctor, having been obliged to lay down by the road-side three times on account of severe pains, and the weakness and weariness consequent thereon.

HARRISBURG PAPERS.

SEMI-WEEKLY TELEGRAPH. LEGISLATIVE PROCEEDINGS.

THE ensuing Legislature will be one of unusual interest to every citizen of the Commonwealth. The adoption of the Amendments to the Constitution, will give rise to new legislation in which it is not unlikely that party feeling may become warmly enlisted, and subjects agitated that will excite the strongest desire to obtain early and correct information.

A new Administration, it is expected, will also come into power, and give birth to new measures under its new men. These, together with the ordinary duties of Legislation, will make the coming Legislature a busy as well as important one.

TERMS: For the session \$2 For the year \$3 HARRISBURG, Nov. 10, 1838.

INTELLIGENCER & DEMOCRAT. LEGISLATIVE PROCEEDINGS.

THE ensuing session of the Legislature of this Commonwealth, it is expected, will be one of more intense interest to the people than any that has preceded it. Not only will it be the first session under a new organic law, untried, and in the estimation of many thousands, of doubtful utility, but it will be the first session of contested elections—the first session to which the abused ballot-box will appeal for redress.

As the undersigned have both had experience in reporting, and are also practical printers, they will be able to give full and correct reports of the sayings and doings of the two Houses, and place the intelligence in their paper in the most attractive and satisfactory form.

TERMS: For the session, (twice a week) \$2 For the whole year, \$3 Payable in advance.

ELLIOTT & M'CURDY, Editors and Proprietors. Harrisburg, Nov. 10, 1838.

PROSPECTUS. OF THE HARRISBURG CHRONICLE.

There being nothing which so much enhances the value of a public journal as early and faithful news, the editor and proprietor of the Harrisburg Chronicle has made such arrangements, as will not fail to make his paper equal, if not superior to any other in the place, during the ensuing year, in this particular.

The sessions of the State Legislature the coming session, promise to be unusually interesting. The policy of the new State administration, must excite curiosity in the minds of all such as take any part in the politics of the day, inasmuch as the friends of the new Governor have found much fault with the administration of Joseph Ritner, though one of the best Governors Pennsylvania ever had; and it remains to be seen from what this winter will develop, whether the people have made a wise change.

Besides the interest which the policy of the new administration will give rise to, the duties of this winter's Legislature will be such as to engage the serious attention of every citizen in the State. Among many other matters it will have the altering and the amending of existing laws, so as to conform to the provisions of the new Constitution, and make such others as the emergency will require, which will be neither few nor unimportant.

Publication of the Chronicle, and with zeal, we will not say with what ability, do battle against locofocoism, Van Burenism, Fanny Wrightism, and all other destructive isms, we most earnestly call upon the friends of democracy and good government to aid us; if not for our sake, let them do it for the sake of the cause we espouse.

TERMS.

This paper will, as heretofore, be published twice a week during the session of the Legislature, and once a week during the remainder of the year, on a fine double medium sheet, and new type, at \$3.00 per annum payable in advance.

MORRISON'S PILLS. General agent for Pennsylvania, Maryland Delaware &c, No. 73 south seventh street, 3 doors below Market street Philadelphia, and No. 11 North street, Baltimore, near the Post office.

WHICH we obtained the Approbation and Recommendation of Thousands who have been cured in Consumption, Cholera Morbus, a fatal disease internally of the Liver, Yellow Fever, Gout, Rheumatism, Lumbago, Tic Doleroux, Dropsy, St. Vitus's Dance, Epilepsy, Apoplexy, Palsey, Green Sickness, and all obstructions to which the Female form is so distressingly liable, and which seem so many of the fairest portion of creation to their untimely graves; Small Pox, Measels, Whooping Cough, Scarlet Fever, Asthma, Jaundice, Gravel, Stone, and all Urinary Obstructions, Fistula, Piles, Strictures, Ruptures, and Siphilis in all its stages, Constipated Bowels, Worms, Scurvy, Itching of the skin, King's Evil, and all Cutaneous Disorders; in short every Complaint to which the human frame is so dreadfully subject, under all their varied forms and names; as the Hygean conviction is, that man is subject to only one real disease; that is, to the impurity of the blood, from whence springs every complaint that can possibly assail his complicated frame, and which is the perpetual struggle of this vital, pure stream of life, (the gift of Almighty power) to disencumber itself of its vitious acrid humors, with which it has become clogged.

This valuable medicine, being composed only of vegetable matter, or medicinal herbs, and warranted on oath, as containing not one particle of mercurial, mineral, or chemical substances, (all of which are ungenial to the nature of man, and therefore destructive to the human frame) is found to be perfectly harmless to the most tender age, and the frame under every stage of human suffering, the most pleasant and benign in its operation, and at the same time the most certain in searching out the root of every complaint, however deep, and of performing a cure that was ever offered to the world. This wonderful effect, too is produced by the least trouble to the patients, by merely swallowing a certain number of pills, and being called a few extra times to the purpose of evacuation, with the least possible sensation of pain, exhaustion of bodily strength, and without the fear of catching cold, or attention to dress or diet, in any way different from the accustomed habits. These pills cure in all cases, and cannot be taken to excess. Experience which is the touchstone of all human knowledge, has long borne testimony to the fact; and extensive use of them has already verified its truth in this country.

These medicines cure by purging, and yet the weak, the feeble, the infirm, the nervous, the delicate are in a few days strengthened, their operation, because they clear the body of its bad humors; and invariably produce sound sleep. They are the safest and most efficacious Medicine to take to sea, preventing scurvy, costiveness &c. The operation of this mild medicine, which conveys immediate conviction of its utility, from the first dose it is beneficial to the mind as the body; first calming then urinating all Mental derangements, Eccentricities, Nervous Affections, Irritabilities and Restlessness, from whatever source; complaints which have hitherto not been understood as the Hygeists have found them all to proceed from acrimonious humors in the blood, and, happily for the present and future race of mankind discovered a cheap and universal mode of purifying, curing and preventing.

The being cured of any disease, infirm or sore, is now no more a dubious or uncertain procedure—perseverance in the Vegetable Universal Medicines will always regulate to her due course. The literary world, who both sexes whose pursuits so much impair the faculties, will find a sure remedy in the Universal Medicines for preserving the energy and sprightliness of the imagination, and improving their health; old age will be obtained by the use of them and passed free from pain and infirmities. The are not enveloped with the mystery of other medicines; they only require to be persevered in with sufficiently large doses, and the patient will come off well; when a disease is obstinate patients frequently do not make doses large enough. The Medicines is comprized three different articles, viz: No. 1 and 2; the first is a powerful, but most mild and gentle aperient, or opening medicine, detaching and partially removing the bilious rosy humors, whilst the No. 2 Pills carry off those and the serous acid and putrid humors, incidental to the body; and act together as a erret in a warren, never resting until every venue of the human frame is thoroughly cleared, and cleared of its impurities. The respectable Cleansing Powders are of great assistance to patients and facilitate the evacuation of bad humors; they soften cleanse and detach the acrimonious phlegm are cooling and allay the thirst. One, two or three powders may be taken throughout the day mixed in half a tumbler of water. The pills are sold in packets of 12 & 23 dollars, and 25 and 50 cent boxes—the two former consist of three boxes, viz: one box of No. 1 and two boxes of No. 2—the latter, one larger box with a division; the pills are in a separate box at 37 1/2 cents each. In consequence of the repeated solicitations of the agents, and for the convenience of the public in general, boxes of 50 cents and 25 cents each can now be had of all the Agents.

MORISSONIA, The Family Advertiser of the British College of Health, 3d Edition price \$2 75; and PRACTICE PROOFS of the Hygean System of Physiology, including the 'Origin of Life,' 'Treatise on Small Pox,' 'Letter on Cholera Morbus,' and many other cures effected in this country, as well

as in Great Britain, 6th Edition price 37/6.

The Hygean Medicines are all imported into this country at a great expense, notwithstanding which they are sold at the same price as in England. They have been six years before the American public; their pre-eminence success in the relief of the afflicted is manifestly evident.

CAUTION.—In consequence of the high estimation in which Morrison's Pills are held by the public, it has in used an innumerable host of unprincipled counterfeiters to attempt imitations, under deceptive terms to delude the unwary, and feist their nostrums for the Genuine Hygean Medicine; in consequence of which the Agents have taken the precautionary measure of having an extra Yellow Label fixed on each Packet, signed by the Agent of each State of County; the imitation of which will subject the purger to the severest punishment the Law can inflict; and it is further to be noticed, that none of the above Medicines can be obtained in any Drug Store throughout the Union; the Drug Stores being the principle source through which the Counterfeiters vend their spurious articles.

Respectable parties may be appointed Agents on liberal terms, by applying to the General Depot, No. 34 South Seventh street three doors below Market street, Philadelphia and at No. 10 North Street Baltimore, directly opposite the Post Office, where the Genuine Medicine may always be obtained. The above Pills are for sale by John Ivery, Merchant, Summit Cambridge County, John Redman, Post Master, Frankstown, Henry Neff, Merchant, Alexandria, James Ennis, of Eamsville, J. & B. Miller, Merchants, Huntingdon, Jan. 10, 1838.

DR. Wm. EVANS' CAMOMILE PILLS.—Happy who have been for many years, of both sexes, who are now in the silent grave, if they had learned to check the morbid tendencies of their stomachs and bowels, by these pure Tonic and Aperient Pills, manufactured by Dr. Wm. Evans, of New York, without restoring to quack remedies, the names of which are concealed and of which they know nothing. That dreadful scourge, GONSUMPTION, might have been checked in its commencement, and disappointed of its prey, all over the la if, if their first symptoms of Nervous Debility, had been counteracted by CAMOMILE, chemically prepared, and those bowel complaints, which lead to a host of fatal maladies, might have been obviated by that fine alkaline extract of Rhubarb, which is a leading ingredient in the Aperient Family Pills. Before both of those medicines, which are adapted to a majority of the purposes for which a hundred others are unnecessarily used, fevers, agues, bilious disorders, headache, general debility, male decline, indigestion, and liver complaint, would have entirely disappeared, where many of them have proved fatal.

MALES who are troubled with sick headache, faintings, or giddiness, palpitation of the heart, lowness of spirits, loss of appetite, pain in the side, general debility, or bodily weakness, rejections of food, may be effectually restored to health by using Dr. EVANS' CAMOMILE TONIC and FAMILY APERIENT PILLS, which are invariably recommended by all those that have used the invaluable medicine.
