

Cat-egory.—A late medical work says that the bite of a cat, when enraged, will produce hydrophobia; although they may not have been bitten themselves; and relates two circumstances. One of a young man who was bitten, and died on the 49th day, with every symptom of hydrophobia; another of a milkman, who lay in wait for a cat that was in the habit of stealing his milk. He attacked the cat, when she sprang upon his face, and was only removed by killing it. In 22 days, the symptoms of that dreadful malady made their appearance, and he soon died in the greatest agony.

A woman was burnt to death near West Chester, she was intoxicated. She was so much in liquor, as hardly able to know that she was on fire. What a lesson to the Drunkard!!!

Our readers will recollect an account we published some time since of the mutiny on board the Braganza. We this week publish the trial of the mutineers. Three of them have since the trial, committed suicide.

A Dr. Chauncy, who was convicted of murder in the 2nd degree, for killing Eliza Sowers of Philadelphia City, by attempting to procure abortion, and thus produced her death, has been sentenced to 5 years hard labor in the Eastern Penitentiary.

There were 14 persons blown up in a store in Hancock Md., by carelessly leaving a keg of powder under the counter, into which a snuff of a candle was accidentally thrown; none were instantly killed. It was thought some would die.

The expense of the boundary war is estimated at a million. Democratic Maine intends asking Uncle Sam to pay the bill. As there is an election soon coming, Martin Van must pony up.

Our readers will find a considerable variety of reading matter on the last page this week.

From the Lewistown Gazette. QUESTION. Three partners once, A, B, and C, All with one voice declared, To take in Co. C's brother D,— And thus their portions shared.

A Band C's, united share Of pounds were fifteen seven, B, C and D's, three hundred were, Plus thirty four, eleven.

C, D and A's, eight score just, If multiplied by four; D, A and B's, were twenty plus Two less than twenty score.

Require'd now the total sum, With each man's proper share; And when the work shall have been done, Tell what the answers are.

A STUDENT. As we have received two answers to the above, we deemed it proper to give the question, it is from the Millin Gazette. Our readers will now understand the subjects of the answers; which is right or wrong, we know not perhaps the Student, may solve the mystery.

For the Journal. The Lewistown Student is advised to resume his studies, as regards a question which appeared in the Millin County Gazette of the 2nd inst. The poetry is good, but from the data given, the question appears to be absurd.

For, the combined sums of the partners are as follows: A, B and C = 350 [As each person is B, C and D = 845 mentioned 3 times, C, D and A = 640 } we must divide by D, A and B = 378 } 3, for the total sum. 91713

Now the united portion of C, D and A being £69 more than the total sum put in by the four partners shews the absurdity.

OSERVER.

For the Journal. A 'Student' is recommended to devote his studies to more purpose than asking such foolish questions as the one in the Millin County Gazette, of the 2nd inst. Its folly is evident—the united sums of the partners are as follows.

A, B, C. = 350  
B, C, D. = 345  
C, D, A. = 40  
D, A, B. = 378

Total 1113 As the Capital of each partner is three times enumerated; one third of the total above must be the whole amount of the capital of the four partners, which is 371, seven less than the shares of D, A, B.; exclusive of C's share. If a student, he has studied to but little purpose.

**MORE CONCLUSIVE PROOFS** Of the extraordinary efficacy of **Dr. Wm. Evans' CELEBRATED MEDICINES,** IN ALLEVIATING AFFLICTED MANKIND.

**CASE OF DYSPEPSIA.** Mr. David Morris, 41 Suffolk street, N. York, had been severely afflicted with dyspepsia for upwards of three years, during which time he seldom experienced any relief. He was troubled with constant vomiting, and on some occasions raised blood an occasional cough, with pain in the chest and difficulty of breathing, drowsiness, uneasy sleep, loss of appetite, giddiness, unpleasant taste in the mouth, with furred tongue. All these distressing symptoms disappeared, after using Dr. Wm. Evans' celebrated medicines. Mr. M. called a day or two back, and stated the above; also, he is willing to afford any further information regarding the nature and cure of his case to those similarly afflicted. Office No. 19 North eighth st. Philadelphia.

Philadelphia, Dec. 21, 1838. To Dr. Wm. Evans—Dear sir: I am truly happy to write you this in token of thanks for the relief they have given me—I mean the CAMOMILE PILLS. About two years ago I was much troubled with Dyspepsia. My symptoms were very alarming, I was sometimes subject to fainting, great weakness, no rest at night and not able to eat anything, if I did it was sure to be thrown up. I could not keep any nourishment in my body. I at last gave up all hope and told my physicians that I could have no use for them—I must die, said I, 'so there is no use in paying a man doctor's bills.' About a month ago, a cousin of mine came to see me; after talking awhile about my sickness I told him I had taken almost every medicine that was spoken of as good for my complaint. He said, 'Have you tried Dr. Evans' CAMOMILE PILLS?' I said, 'No.' Well he then gave me a package he had bought the day before for his wife, and said he would get another for her. I commenced taking the pills and am happy to state, that in two weeks I was hearty and well, and able to write this letter, which I could not have done when I was sick, because my hands were nervous. I have written this in pure gratitude to you. I hope you will publish this and let it be known. I would publish it myself, but I am very poor and not able to pay. In publishing it, I think you will gain an advantage, for I am well known among all those of the trade I am in, and too many of them, I fear are now near death's door, for want of some proper medicine to cure Dyspepsia. Any person wishing to see me can call at my house, No. 221 Poplar Lane; or at my shop in Front street, third door above Coates street.

I remain yours, &c. GEO. C. MARVIN The above medicine is for sale at Jacob Miller's store Huntingdon.

## To the Public.

THE public are hereby informed, that JACOB MILLER has been appointed agent for Huntingdon county, for the sale of Dr. Evans' Camomile and family aperient pills, where all those that need medicine, can be supplied as he intends always to have a supply on hand.

**LIFE AND HEALTH.**—Persons whose nerves have been injured by Calomel, or excessive grief, great loss of blood, the suppression of accustomed discharges or cutaneous, intemperate habits, or other causes which tend to relax and enervate the nervous system, will find a friend to soothe and comfort them, in **EVANS' CAMOMILE PILLS.** Those afflicted with Epilepsy or Falling Sickness, Palsy, Serious Apoplexy, or organic affections of the heart, Nausea, Vomiting, pains in the side, breast, limbs, head, stomach or back, will find themselves immediately relieved, by using **EVANS' CAMOMILE AND APERIENT PILLS.**

Dr. EVANS does not pretend to say that his medicine will cure all diseases that flesh and blood are heir to, but he does say that in all Debilitated and Impaired Constitutions—in Nervous diseases of all kinds, particularly of the DIGESTIVE ORGANS, and in Incipient Consumption, whether of the lungs or liver, they will cure. That dreadful disease, CONSUMPTION, might have been checked in its commencement, and disappeared, if they had used the first symptoms of Nervous Debility had been counteracted by the CAMOMILE FLOWER chemically prepared; together with many other diseases, where other remedies have proved fatal.

How many persons do we daily find tortured with that dreadful disease, SICK HEADACHE, if they would only make trial of this invaluable medicine, they would perceive that life is a pleasure and not a source of misery and abhorrence. In conclusion I would warn nervous persons against the abstraction of BLOOD, either by leeches, cupping, or the employment of the lancet. Drastic purgatives in delicate habits are almost equally improper. Those are practices too often resorted to in such cases, but they seldom fail to prove highly injurious. Certificates of cures are daily received which add sufficient testimony of the great efficacy of this invaluable medicine, in relieving afflicted mankind. The above medicine is for sale at Jacob Miller's store, Huntingdon.

## The FULL BRED Horse YOUNG GREY BEARD,

WILL stand for mares the ensuing season commencing on the 22d of April, the first week at Alexander Lowrie's, Yellow Springs, the second week at Samuel Wallace's stable, near Union Furnace, and so on, changing weekly throughout the season, at \$10 For the season, 15 To insure with foal.

He is the right kind of a horse for this country. With the pure blood of the race horse he combines the strength of the cart horse. He is 16 hands high, barefoot, and without a fault. I have his pedigree properly certified.

His sire has stood, in the care of Mr. John Watchell, Clearfield Co. Va., at 50 dollars a mare. It was my intention, when I got him, to run him at Pittsburg, but he got lame while training, and I was obliged to stop, though convinced of his speed and bottom.

## PEDIGREE.

**YOUNG GREY BEARD,** was got by the famed Grey Beard of Richard Singleton, Esq., S. C., and he by Kosciusko, the sire of Clara Fisher, Multafora, Lady of the Lake, Sally Taylor, Betsey Robinson, and other good ones. Kosciusko was by Sir Archy, his dam Lottery, by the imported Bedford, out of the imported Arcady. Young Grey Beard's dam was by the South, and not only a racer, but got more runners and stallions than any other horse of the day, and breeders at the South are proud to be able to trace back to him. Her dam by Sir Hall, he by the imported Sir Harry. Old Grey Beard's dam was the imported mare Psyche, bred by Lord Derby, and got by his famous Sir Peter Teazle.

## YOUNG GREY BEARD,

is great grand son of Sir Archy, the best stallion of his time in America, and Sir Peter Teazle, the most popular stallion in Europe. Another such an instance is not to be found on record. For further particulars, see American Turf Register. S. P. WALLACE. May, 7th 1839.
