

Pennsylvania Legislature.

On Friday, in the Senate, the report of the committee on the public works was read. In the House, they were discussing Steven's case, and finally declared his seat vacant. Mr. Kettlewell withdrew, as noticed last week.

On Saturday the Senate was engaged in discussing the new election law. In the House they spent the day in talking about the pay of the military.

On Monday, the Senate received a letter from Porter's canal board refusing to come before the committee, that was appointed upon the memorial of the oppressed contractors. Thus our readers can see what kind of Democrats they are, they are afraid to have their guilty conduct examined and exposed to the people and they refuse. They are determined the people shall not know how they use their power or their money. They squander the money—oppress the industrious contractors, and then tell the Senate they will not come before a committee and render an account of their stewardship! Is this Democracy? Yet these tyrants cannot be reached by the people; Porter and his slaves have declared that the people shall not elect them! Will an injured people long submit to such unholly tyranny? Or will they break off their shackles, and hurl the tyrants from their high places? The Senate have rejected the letter of the commissioners, and the investigation proceeds, the protest to the contrary notwithstanding. In the House they spent nearly the whole day in arguing the bill regulating the application for banks. The amendments of the Senate were not concurred in.

On Tuesday—we were unable to learn by our papers that any thing was done.

On Wednesday in the Senate, an Improvement bill was reported. In the House they passed the military bill. It pays the City troops one month, and the Cumberland boys ten days. A bill regulating election districts passed finally.

On Thursday, nothing of importance was done in the Senate. In the House, a bill to classify the associate judges passed; & one regulating the election of Prothonotaries. Another permanent loan bill passed!!!

A motion was made by J. Cunningham WHEREAS, a committee were appointed by the Senate and House of Representatives for the purpose of examining the vouchers of the paymaster and others employed on the breach of last summer between Huntingdon and Hollidaysburg; and whereas considerable time has elapsed since said committee were appointed and the House has received no information from them; and whereas, the money that was borrowed for the purposes above stated is standing on interest in different banks against this Commonwealth; and whereas by a bill passed last session the Governor was authorized to borrow said money and this House has been informed some time ago that said money is borrowed and ready to be applied to the above purpose, which places this Commonwealth in the position of paying interest for said money in two places; therefore,

Resolved, That the committee appointed be required to report to this House as soon as possible.

THE GREATEST OF MEN, HUMAN REVEFACTORS.

Citizen of North and South America.

To LOUIS OFFON GOELICKE, M. D., of Germany, [Europe] belongs the imperishable honor of adding a new and precious doctrine to the Sciences of Medicine—a doctrine which, though vehemently opposed by many of the faculty, (if which he is a valuable member) he proves to be as well founded in truth as any doctrine of Holy Writ—a doctrine upon the variety of which are suspended the lives of millions of our race, and which he boldly challenges his opposers to refute, viz: Consumption is a disease always occasioned by a disordered state of Vis Vitæ (or life principle) of the human body; often secretly lurking in the system for years before there is the least complaint of the Lungs—and which may be as certainly though not so quickly, cured as a common cold or a simple headache. An invaluable precious doctrine this, as it imparts an important lesson to the apparently health of both sexes, teaching them that his insidious foe may be an unobserved inmate of their "clayey houses" even while they imagine themselves secure from its attacks, teaching them that the great secret in the art of preserving health is to pluck out the disease while in the blood, and not wait till the full grown.

This illustrious benefactor of man is also entitled to your unfeigned gratitude, and the gratitude of a world, for the invention of his matchless sanative,—whose

healing fiat may justly claim for it such a title, since it has so signally triumphed over our great common enemy consumption, both in the first and last stages,—medicine which has thoroughly filled the vacuum in the Materia Medica, and therefore proved itself the *Congruer of Physicians*—a medicine, for which all mankind will have abundant cause to bless the beneficent hand of a kind Providence,—a medicine, whose wondrous virtues have been so gloriously portrayed even by some of our clergy, in their pastoral visits to the sick chamber; by which means they often become the happy instruments of changing despondency into hope, sickness into health, and sadness of friends into joyfulness.

GOELICKE'S MATCHLESS SANATIVE,

a medicine of more value to man than the vast mines of Austria, or even the united treasures of our globe,—a medicine, which is obtained equally from the vegetable, animal and mineral kingdoms, and thus possesses a *three fold power*,—a medicine, which though designed as a remedy for consumption solely, is possessed of a mysterious influence over many diseases of the human system,—a medicine, which begins to be valued by Physicians, who are daily witnessing its astonishing cures of many whom they had resigned to the grasp of the *Incurable Gave*.

Dose of the Sanative, for adults, one drop; for children a half drop; and for infants, a quarter drop; the directions explaining the manner of taking a half or a quarter drop.

Price.—Three and one third six dollars* (\$3,50) per HALF Ounce.

*A German coin, value 75 cents.

A certificate from three members of the MEDICAL PROFESSION in Germany, in Europe.

We the undersigned, practitioners of medicine in Germany, are well aware that, by our course, we may forfeit the friendship of some of the faculty, but not of its benevolent members, who are unflinching by selfish motives. Though we shall refrain from an expression of our opinion, either of the soundness or unsoundness of Dr. Goelicke's new doctrine, we are happy to say that we deem his Sanative too valuable not to be generally known—for what our eyes behold and our ears hear, we must believe.

We hereby state, that when Dr. Louis Offon Goelicke first came before the German public, as the pretended discoverer of a new doctrine and a new medicine, we held him in the highest contempt, believing and openly pronouncing him to be a base impostor and the price of quacks. But on hearing so much said about the Sanative, against it and for it, we were induced, from in times of curiosity merely, to make trial of its reputed virtues, upon a number of our most hopeless patients; and we now deem it our bounden duty (even at the expense of our self-interest) publicly to acknowledge its efficacy in curing not only consumption, but other fearful maladies, which we heretofore believed to be incurable. Our contempt for the discoverer of this medicine was at once swallowed up in our utter astonishment at these unexpected results; and, as amends for our abuse of him, we do frankly confess to the world, that we believe him a philanthropist who does honor to the profession, and to our country, which gave him birth.

The recent adoption of this medicine in some of our European hospitals is a sufficient guaranty that it performs all its promises: It need not our testimony, for wherever it is used it is its own best witness.

NOTICE.

THE undersigned surviving executors of the late John Savage Esq., of the city of Philadelphia, hereby notify all persons who are claimants or holders of claims on Mr. Savage's estate, arising out of business or transactions, in Huntingdon and Bedford counties, in any way connected with Mr. George Thompson, or his alleged agency in that quarter, that they have appointed Edward E. Law Esq., Walnut street above Sixth street, Philadelphia, to receive and examine the same with reference, if justly due, to their speedy settlement.

In giving this public notice, the undersigned feel it their duty to state, that Mr. Thompson has at various times been called on, for a "regularly vouched account," and in consequence of his failing to comply with this reasonable request, he was desired more than a year ago, "to report the amount of debts, to whom, and when payable, the period at which they were contracted, and for what purpose, with such other statements as were best calculated to make the undersigned fully acquainted with the business that had been transacted at the Forge and Furnace—in separate lists—the whole to be duly certified by his signature."

These requisitions remained unanswered; Mr. Thompson withholds his accounts for the period prior, as well as subsequent to Mr. Savage's death, whereby the undersigned are deprived of the means of facilitating the final adjustment of his important dependencies in the West.—They have therefore no alternative but the public notice, which is hereby given, that all those who are directly or indirectly interested, will forward or present their accounts to Edward E. Law Esq., to be disposed of in manner set forth in the present advertisement.
