Roseland, May, 29, 1839—3t E. S.

The article published below, concerning the new and popular doctrine advanced by the illustrious Goelicke of Germany, cannot fail of exciting a deep and thrilling interest throughout our country.

[Translated from the German.]

**LOUIS OFFON GOELICKE, OF GERMANY, THE GREATEST HUMAN BENEFACTORS.**

Citizens of North and South America.

To LOUIS OFFON GOELICKE, M. D., of Germany, [Europe] belongs the imperishable honor of adding a new and precious doctrine to the Sciences of Medicine—a doctrine which, though vehemently opposed by many of the faculty, (of which he is a valuable member,) he proves to be as well founded in truth as any doctrine of Holy Writ—a doctrine upon the variety of which are suspended the lives of millions of our race, and which he boldly challenges his opposers to refute, viz: Consumption is a disease always occasioned by a disordered state of Vis Vitæ (or life principle) of the human body: often secretly lurking in the system for years before there is the least complaint of the Lungs—and which may be as certainly though not so quickly, cured as a common cold or a simple headache. An invaluable precious doctrine this, as it imparts an important lesson to the apparently health of both sexes, teaching them that this insidious foe may be an unobserved inmate of their "clayey houses" even while they imagine themselves secure from its attacks, teaching them that the great secret in the art of preserving health is to pierce into the disease while in the blade, and not wait till the full grown ear.

This illustrious benefactor of man is also entitled to your unfeigned gratitude, and the gratitude of a world, for the invention of his matchless sanative,—whose

healing fiat may justly claim for it such a title, since it has so signally triumphed over our great common enemy consumption, both in the first and last stages,—medicine which has thoroughly filled the vacuum in the Materia Medica, and thereby proved itself the Conqueror of Physicians—a medicine, for which all mankind will have abundant cause to bless the beneficent hand of a kind Providence,—a medicine, whose wondrous virtues have been so glowingly portrayed even by some of our clergy, in their pastoral visits to the sick chamber; by which means they often become the happy instruments of changing despondency into hope, sickness into health, and sadness of friends into joyfulness.

**GOELICKE'S MATCHLESS SANATIVE,**

medicine of more value to man than the vast mines of Austria, or even the united treasures of our globe,—a medicine, which is obtained equally from the vegetable, animal and mineral kingdoms, and thus possesses a three-fold power,—a medicine, which though designed as a remedy for consumption solely, is possessed of a mysterious influence over many diseases of the human system,—a medicine, which begins to be valued by Physicians, who are daily witnessing its astonishing cures of many whom they had resigned to the grasp of the Insatiable Grave.

Dose of the Sanative, for adults, one drop for children a half drop; and for infants, a quarter drop; the directions explaining the manner of taking a half or a quarter drop.

Price—Three and one third six dollars\* (\$2,50) per HALF OUNCE.

\*A German coin, value 75 cents.

A certificate from three members of the MEDICAL PROFESSION in Germany, in Europe.

We the undersigned, practitioners of medicine in Germany, are well aware that, by our course, we may forfeit the friendship of some of the faculty, but not of its benevolent members, who are uninfluenced by selfish motives. Though we shall refrain from an expression of our opinion, either of the soundness or unsoundness of Dr. Goelicke's new doctrine, we are happy to say that we deem his Sanativ too valuable not to be generally known—for what our eyes behold and our ears hear, we must believe.

We hereby state, that when Dr. Louis Offon Goelicke first came before the German public, as the pretended discoverer of a new doctrine and a new medicine, we held him in the highest contempt, believing and openly pronouncing him to be a base impostor and the prince of quacks. But, on hearing so much said about the Sanative, against it and for it, we were induced, from motives of curiosity merely, to make trial of its reputed virtues, upon a number of our most hopeless patients; and we now deem it our bounden duty (even at the expense of our self-interest) publicly to acknowledge its efficacy in curing not only consumption, but other fearful maladies, which we have heretofore believed to be incurable. Our contempt for the discoverer of this medicine was at once swallowed up in our utter astonishment at these unexpected results; and, as amends for our abuse of him, we do frankly confess to the world, that we believe him a philanthropist who does honor to the profession, and to our country, which gave him birth.

The recent adoption of this medicine into some of our European hospitals is a sufficient guaranty that it performs all its promises: It need not our testimony, for wherever it is used it is its own best witness.

HERMAN ETMULLER, M. D. WALTER VAN GAULT, M. D. ADOLPHUS WERNER, M. D. Germany, December 10, 1836.

The above precious medicine (the original discovery of Dr. LOUIS O. GOELICKE, of Germany,) is for sale, wholesale and retail, by L. G. KESSLER, AGENT FOR Mill Creek, JAMES ENTRIKEN, Jr. Agent for Coffy Run, Huntingdon County, Pa.
