

## Coughs Coughs.

DR. Swayne's Compound Syrup of prunes of Virginia or wild cherry. This syrup is highly beneficial in all pleural affections; also, in diseases of the chest in which the lungs do not perform their proper office from want of due nervous energy: such as asthma, pulmonary consumption, recent or chronic coughs, hoarseness, whooping cough, wheezing and difficulty of breathing, croup and spitting of blood, &c. How many sufferers do we daily behold approaching to an untimely grave, wrested in the bloom of youth from their dear relatives and friends, afflicted with that common and destructive raveler, called consumption, which soon wastes the miserable sufferer until they become beyond the power of human skill; if such sufferers would only make a trial of Dr. Swayne's invaluable medicine, they would soon find themselves benefited; than by gulping the various ineffective certain remedies of which our newspapers daily abound. This syrup immediately begins to heal the ulcerated lungs, stopping profuse night sweats, mitigating the distressing cough at the same time inducing a healthy and natural expectoration, also relieving the shortness of breath and pain in the chest, which harass the sufferer on the slightest exercise, and finally the hectic flash in the pallid and emaciated cheek will soon begin to vanish, and the sufferer will here perceive himself snatched from a premature grave, into the enjoyment again of comfortable health.

## NEW YORK SEMI-WEEKLY WHIG.

The first number of the SEMI-WEEKLY edition of THE NEW YORK WHIG is herewith submitted to the public. It will be regularly published hereafter every WEDNESDAY and SATURDAY afternoons, on a sheet of the size of the DAILY WHIG and half the size of the Weekly, and forwarded by the earliest mails to its Patrons. It will contain all the matter of the Daily Whig except the Advertisements, and be afforded at the low price of THREE DOLLARS per annum in advance. It is believed that this is the cheapest Semi-Weekly paper in the country.

The character of THE NEW YORK WHIG—Daily and Weekly—is now widely known. It has been published about sixteen months and in that brief period has acquired a wide circulation, and we trust, a fair standing among its contemporaries. It aims to present in a medium sheet an amount of reading matter fully equal to the average of the Great Dailies of New York and our other Commercial cities. Its contents will comprise Literature, Politics and General Intelligence, in about equal proportions. In the Literary Department, no great pretensions are made to originality, but the best repositories of Foreign and American Literature are open to its conductors; and they endeavor to select therefrom a varied and interesting banquet. In General Intelligence, we hope to be neither behind nor inferior to our immediate contemporaries. In Politics, our journal will be all that its name purports—fearlessly, zealously, and we trust efficiently. WHIG. Experienced pens are enlisted in its service, and we trust it will render good service to the Country in the advocacy of Sound Principles and Good Measures and the fearless exposure of the iniquities, corruptions and ruinous tendencies of Loco-Focoism.

Subscriptions are respectfully solicited by J. GREGG WILSON & CO., 162 Nassau street. May 9, 1839.

## To the Public.

THE public are hereby informed, that JACOB MILLER has been appointed agent for Huntingdon county, for the sale of Dr. Evans' Camomile and family aperient pills, where all those that need medicine, can be supplied as he intends always to have a supply on hand.

**LIFE AND HEALTH.**—Persons whose heads have been injured by Calomel, or excessive grief, great loss of blood, the oppression of accustomed discharges or catarrhs, intemperate habits, or other causes which tend to relax and enervate the nervous system, will find a friend to soothe and comfort them, in EVANS' CAMOMILE PILLS. Those afflicted with Epilepsy or Falling Sickness, Palsy, Serious Apoplexy, and organic affections of the heart, Nausea, Vomiting, pains in the side, breast, limbs, head, stomach or back, will find themselves immediately relieved, by using EVANS' CAMOMILE AND APERIENT PILLS.

Dr. EVANS does not pretend to say that his medicine will cure all diseases that flesh and blood are heir to; but he does say that in all Debilitated and Impaired Constitutions—in Nervous diseases of all kinds, particularly of the DIGESTIVE ORGANS, and in Incipient Consumption, whether of the lungs or liver, they will cure. That dreadful disease, CONSUMPTION, might have been checked in its commencement, and disappointed its prey all over the land, if the first symptoms of Nervous Debility had been counteracted by the CAMOMILE FLOWERS, but chemically prepared; together with many other diseases, where other remedies have proved fatal.

How many persons do we daily find tortured with that dreadful disease, SICK HEADACHE. If they would only make a trial of this invaluable medicine, they would perceive that life is a pleasure and not a course of misery and abhorrence. In conclusion I would warn nervous persons against the abstraction of BLOOD, either by leeching, cupping, or the employment of the lancet. Drastic purgatives in delicate habits are almost equally improper. Those are practices too often resorted to in such cases, but they seldom fail to prove highly injurious. Certificates of cures are daily received which add sufficient testimony of the great efficacy of this invaluable medicine, in relieving afflicted mankind. The above medicine is for sale at Jacob Miller's store, Huntingdon.

## PROSPECTUS OF

## The National Magazine,

## AND

## REPUBLICAN REVIEW.

H. BRENT, ESQ. EDITOR.

The National Magazine and Republican Review, will be published in the city of Washington, District of Columbia, on the 1st day of January next, and delivered monthly in all parts of the United States; devoted exclusively to the advancement of the great principles of the Whig party, and the encouragement of literature and science. The experience of the past year has confirmed in the minds of the more reflecting and sagacious of the Whig party that a vacuum exists in the periodical press of the country, in which should be combined the productions of our great statesmen on literary and scientific subjects, and those of the eminent literary geniuses of which the United States can boast so ample a share, on the various subjects that present themselves to a sound and vigorous intellect.

It cannot be doubted that the present crisis demands the publication of a work calculated to infuse and circulate true and honest political information, and to counteract the direful influence exerted by a monthly journal of a similar nature published in this city, under the auspices, and bearing the name of the so-called Democracy of the present day, advocating measures which, if successful, are destined to multer to ruin the fabric of our noble Constitution, by placing on it constructions to suit the caprice and advance the reachings of a corrupt ambition.

The union of such principles with general literature as have insulted the common sense of the country, by proclaiming the "Martyrdom of Gilety," rendered in a manner more detestable from the insidious way in which they are combined, tends directly to the disorganization of all that the Americans should be held most sacred.—The combination is calculated to secure them a circulation in quarters to which they might not otherwise penetrate as well as from a deceptive air of high toned philosophy and expensive liberality of views.

## Coughs and Colds.

How many sufferers do we daily behold afflicted with that common and distressing disease? Do we not find that almost every person or friend we meet with complains of a cold (COLD) or distressing COUGH? We also find in assemblies of all kinds that there is a continual coughing, by which we perceive that there is one half of the human family afflicted with that troublesome disease. If those sufferers would only make a trial of Dr. Swayne's Syrup or wild cherry they would soon find themselves relieved, and by continuing the use of the same for a few days, it will effect a permanent cure. Hundreds can testify to this fact, as in the short space of two months, upwards of five hundred bottles have been sold.
