

CIRCUS AND GIRAFFA EXHIBITION UNITED.

TO BE EXHIBITED

AT HUNTINGDON, PA.
ON SATURDAY THE 27th OF JULY, INST.

The proprietors of the Giraffe and the New York Circus and Arena company respectfully informs the public, that they have entered into arrangements to travel and exhibit together, at the same time and place under a pavilion large enough to hold both exhibitions, and accommodate 3000 spectators.

THE CIRCUS.
This exhibition is fitted up in a style which renders it superior to any thing of the kind in this country. Every exertion will be made on the part of the Equerrians, as well as the Managers, to make it interesting and worthy of patronage.

The scenes in the circle will present a variety of new and interesting feats of Horsemanship, and other varied scenes of amusement and Equestrian exercises, which will constitute the most delightful and genteel entertainment ever offered in this place.

The Giraffe, or Camelopard.

This stupendous, majestic, and beautiful animal, which is exquisitely depicted in the above masterly engraving by Mr. Adams of New York, is acknowledged to be the greatest wonder of the animal kingdom. It is not only the tallest of all known creatures, but the rarest and most singular character. It has been the great desideratum of naturalists in all ages, and but few specimens have been seen for the last thousand years. It was known to the Persians about two thousand years ago, having been brought as a present to Dydaspes, father of Darius I., several centuries before the Christian Era, by the Abyssians, who brought it from the interior of Africa, where alone it has ever been found.

Hours of Exhibition from 1 to 5 o'clock in the afternoon. Admittance 50 cents,—children half price.

ANOTHER CASE OF DYSPESPIA. Letter from the Hon. Abraham McLELLAN Sullivan county, East Tennessee, Member of Congress.

WASHINGTON, July 23, 1838.

Sir,—Since I have been in this city, I have used some of your Dyspeptic medicine with infinite benefit and satisfaction, and believe it to be a most valuable remedy. One of my constituents, Dr. A. Carden, of Campbell co. Tennessee, wrote me to send him some, which I did, and he has employed it very successfully in his practice, and says it is invaluable. Mr. Johnson, your agent at this place, thinks you would probably like an agent in East Tennessee. If so, I would recommend Dr. A. Carden as a proper person to officiate for the sale of your celebrated medicine. Should you commission him he is willing to act for you. You can send the medicine by water to the care of Robert King & Sons, Knoxville, Tennessee, or by land to Graham & Houston, Tazewell, East Tennessee. Write me in a few days. I have no doubt but if you had agents in several counties in East Tennessee, a great deal of your medicine would be sold. I am going to take some of it home with me for my own use and that of my friends, and should wish to hear from you whether you would like an agent in Blountsville, Sullivan county, East Tennessee. I could get some of the merchants to act for you, as I live near there. Yours, respectfully,
A. McLELLAN, of Tennessee.
To Dr. Wm. Evans,
P. S.—My address is Blountsville, East Tennessee.
The above Medicine is for sale at Jacob Miller's Store Huntingdon Pa.

The article published below, concerning the new and popular doctrine advanced by the illustrious Goelicke of Germany, cannot fail of exciting a deep and thrilling interest throughout our country.

[Translated from the German.]
LOUIS OFFON GOELICKE,
OF GERMANY,
THE GREATEST OF HUMAN BENEFACTORS.

Citizens of North and South America,

To LOUIS OFFON GOELICKE, M. D., of Germany, [Europe] belongs the imperishable honor of adding a new and precious doctrine to the Sciences of Medicine—a doctrine which, though vehemently opposed by many of the faculty, (of which he is a valuable member,) he proves to be as well founded in truth as any doctrine of Holy Writ—a doctrine upon the variety of which are depended the lives of millions of our race, and which he boldly challenges his opposers to refute, viz: Consumption is a disease always occasioned by a disordered state of Vis Vitæ (or life principle) of the human body: often secretly lurking in the system for years before there is the least complaint of the Lungs—and which may be as certainly though not so quickly, cured as a common cold or a simple headache. An invaluable precious doctrine this, as it imparts an important lesson to the apparently health of both sexes, teaching them that this insidious foe may be an unobserved inmate of their "clayey houses" even while they imagine themselves secure from its attacks, teaching them that the great secret in the art of preserving health is to pluck out the disease while in the blade, and not wait till the full grown ear.

This illustrious benefactor of man is also entitled to your unfeigned gratitude, and the gratitude of a world, for the invention of his matchless sanative,—whose healing hand may justly claim for it such a title, since it has so signally triumphed over our great common enemy consumption, both in the first and last stages,—medicine which has thoroughly filled the vacuum in the Materia Medica, and thereby proved itself the Conqueror of Physicians—a medicine, for which all mankind will have abundant cause to bless the beneficent hand of a kind Providence,—a medicine, whose wondrous virtues have been so glowingly portrayed even by some of our clergy, in their pastoral visits to the sick chamber; by which means they often become the happy instruments of changing despondency into hope, sickness into health, and sadness of friends into joyfulness.

GOELICKE'S MATCHLESS SANATIVE,

medicine of more value to man than the vast mines of Austria, or even the united treasures of our globe,—a medicine, which is obtained equally from the vegetable, animal and mineral kingdoms, and thus possesses a three fold power,—a medicine, which though designed as a remedy for consumption solely, is possessed of a mysterious influence over many diseases of the human system,—a medicine, which begins to be valued by Physicians, who are daily witnessing its astonishing cure of many whom they had resigned to the grasp of the Insatiable Grave.

Dose of the Sanative, for adults, or 1 drop; for children a half drop; and for infants, a quarter drop; the directions explaining the manner of taking a half or a quarter drop.

Price—Three and one third six dollars (\$3.50) per HALF OUNCE.

*A German coin, value 75 cents.

A certificate from three members of the MEDICAL PROFESSION in Germany, in Europe.

We the undersigned, practitioners of medicine in Germany, are well aware that, by our course, we may forfeit the friendship of some of the faculty, but not of its benevolent members, who are uninfluenced by selfish motives. Though we shall refrain from an expression of our opinion, either of the soundness or unsoundness of Dr. Goelicke's new doctrine, we are happy to say that we deem his Sanative too valuable not to be generally known—for what our eyes behold and our ears hear, we must believe.

We hereby state, that when Dr. Louis Offon Goelicke first came before the German public, as the pretended discoverer of a new doctrine and a new medicine, we held him in the highest contempt, believing and openly pronouncing him to be a base impostor and the price of quacks. But, on hearing so much said about the Sanative, against it and for it, we were induced, from motives of curiosity merely, to make trial of its reputed virtues, upon a number of our most hopeless patients; and we now deem it our bounden duty (even at the expense of our self interest) publicly to acknowledge its efficacy in curing not only consumption, but other fearful maladies, which we have heretofore believed to be incurable. Our

contempt for the discoverer of this medicine was at once swallowed up in our utter astonishment at these unexpected results; and, as amends for our abuse of him, we do frankly confess to the world, that we believe him a philanthropist who does honor to the profession, and to our country, which gave him birth.

The recent adoption of this medicine into some of our European hospitals is a sufficient guaranty that it performs all its promises: It need not our testimony, for wherever it is used it is its own best witness.

HERMAN ETMULLER, M. D.
WALTER VAN GAULT, M. D.
ADOLPHUS WERNER, M. D.
