NEW YOKR WEEKLY WHIG.

The first number of the SEMI-WEEK-LY chition of The New York Whig is herewith submitted to the public. It will be regularly published hedceforth every Webnesbay and Saturday afternoons, on a sheet of the size of the Dally Whig and half the size of the Weekly, and forwarded by the earliest mails to its Patrons. It will contain all the matter of the Daily Whig except the Advertisements, and be afforded at the low price of Thuke Dollars per annum in advance. It is believed that this is the cheapest Semi-Weekly paper in the country.

annum in advance. It is believed that this is the cheapest Sem-Weekly paper in the county.

The character of The New York Whid—Daily and Weekly—is now widely known It has been published about sixteen months, and in that brief period has acquired a wid, circulation, and, we trust, a fair standing among its contemporaries. It aims to present in a medium sheet an amount of reading matter fully equal to the average of the Great Dailies of New York and our other Commercial cities. Its contents will comprise Literature, Politics and General Intelligence, in about equal proportions. In the Literary Department, no great pretensions are made to originality, but the best repositories of Foreign and American Literature are open to its conductors; and they endeavot os select therefrom a varied-and interesting banquet. In General Intelligence, we-hope to be neither behind nor inferior to our immediate cotemporaries. In Politics, our journal will be all that its name purports—fearlessly, zealously, and we trust efficiently, Whis. Experienced pens are enlisted in its service, and we trust it will render good service to the Country in the advocacy of Sound Principles and Good Measures and the feaallest exposure of the inquities, corruptions and rumous tendencies of Loco-Focosm.

MORE CONCLUSIVE PROOFS Of the extraordinary efficacy of Dr. Wm. Evans'

CELEBRATED MEDICINES, IN ALLEVIATING AFFLICTED MAN-

KIND.

CASE OE DYSPEPSIA.

Mr. David Morris, 41 Suffolk street, N. York, had been severely afflicted with dyspepsia for upwards of three years, during which time he seldom experienced any relief. He was troubled with constant vom itings, and on some occasions raised blood an occasional cough, with pain in the chest and difficulty of breathing, drowsiness, uneasy sleep. loss of appetite, giddiness, unpleasant taste in the mouth, with furred tongue. All these distressing symptoms disappeared, after using Dr. Wm. Evans' celebrated medicines. Mr. M. called a day or two back, and stated the above; also, he is willing to afford any further information regarding the nature and cure of his case to those similarly afflicted Office No, 19 North eight st. Philadelphia.

## Coughs and Colds.

How many sufferers do we daily behold afflicted with that common and distressing disease! Do we not find that almost every person or friend we meet with complains of a bad COLD or a distressing COUGH? We also find in assemblies of all kinds that there is a continual coughing, by which weiperceive that there is one halt of the human family offlicted with that the country is the strength of the st afflicted with that troublesome disease. If those sufferers would only make a trial of Dr Swayne's Syrup or wild cherry they would soon find themselves relieved, and by contuning the use of the same for lafew days, it will effect a permanent cure. Hundreds can testify to this fact, as in the short space of two months, japwards of five hundred bottles have been sold. The syrup for sale at Jacob Miller's storr Huntingdon Pa.

Still another case of Dyspepsia.

Astonishing cure.

Abraham J. Cremer, residing at 66 Mott street, N. Y. was afflicted with Dyspepsia in its most aggravated form. The symptoms were: Violent head-ache, great debility, fever, costiveness, cough, heartburn, pain in the chest and stomach always after eating, impaired appetite, sensation of sinking at the stomach, turred tongue, nausea, with frequent vomitings, dizzine-s towards night restlessness, &c. These had continued upwards of a twelvemonth, when, or using Wm. Evans' medicine, the patient was completely restored to health in the short space of one month and grateful for the incalcula ble benefit derived, gladly came forward and volunteered the above statement.

Philadelphia, Dec. 21, 1838.

To Da. Wm, Evans—Dear sir: I am truly happy to write you this in token of thanks for the relief they have given me—I mean the CAMOMILE PILLS. About two years ago I was much troubled with Dyspepsia. My symptoms were very alarming, I was sometimes subject to fainting, great weaknes, no rest at night and not able to eat anything, ifI did it was sure to be thrown up. I could not keep any nourishment in my body. I at last gave up all hope and told my physicians that I could have no use for them—I must die,' said Is' so 'there is no use in paying any more doctor's bills.' A-bout a month ago, a cousin of mine came to see me; after talking awhile about my sickness I told him I had taken almost every med icine that was spoken of as good for any complaint. He said, 'Have you tried Dr. Evans' CAMOMILE PILLS.' I said 'No.' Well he then gave me a package he had bought the day before for his wife, and said he woud get another for her. I commenced taking the pilis and am happy to state, that in two weeks I was hearty and well, and able to write this letter, which I could not have done when I was sick, because my hands were nervous. I have writen this in pure gratitude to you. I hope you will publish this and let it be known. I would publish the said let to known. I would publish the you for the trade I am in, and too many of them, I fear are now near deaths door, for want of some proper medicine to cure Dyspepsia. Any person wishing to see me can call at my house, No. 221 Poplar Lane; or at my shop in Front street, third.door above Coates street.

I remain yours, &c.
