My symptoms were, a sense of oppression after eating, pain at the pit of the stomach, loss of appetite, giddiness, palpitation of the heart, and great debility. I am willing to give any information to the afflicted respecting the benefit I received from the use of Dr. Evans' Camomile and Aperient Pills.

After seeing the wonderful effects it had upon my child, I concluded to make the same trial upon myself, which entirely relieved me of a cough that was afflicted with for many years. Any persons wishing to see me call at my house in Beach street, above the market Kensington, Phila. J. W. WILCOX.

New Establishment. IMPORTANT TO Farmers.

THE undersigned begs leave respectfully to inform the farmers of Huntingdon, Bedford, and the adjoining counties, that he is manufacturing his newly improved

THRASHING MACHINES AND HORSE POWERS,

in Martinsburg, Bedford county, where he will be happy to furnish any who may want a superior article in that line. As the Horse Power is new, and materially different from any hitherto invented, and the undersigned a stranger to most of the farmers in this part of the State, he has been induced to procure a certificate from the following gentlemen who have purchased machines of him last winter, and have tried them to their own satisfaction. Their certificate will be sufficient to satisfy any reasonable person who may be disposed to doubt, that they are not a mere untried experiment, but that they have been well tested here as well as in other portions of the State.

The character of the gentlemen whose names are attached to the following certificate (like that of the machine), needs no other recommendation THAN TO BE KNOWN. N. B. No other person is authorized to sell the above Horse Power in this or any of the adjoining counties.

JAMES P. ROSS, Patenteer. We the undersigned, farmers and citizens of Bedford and Huntingdon counties, do hereby certify, that we have thrashed our grain during the past winter with James P. Ross' improved patent Horse Power and Thrashing Machine.

And in justice to the inventor, we cheerfully and unhesitatingly pronounce it in our estimation far superior to any machine for that purpose we have hitherto seen.

We would therefore recommend them to any farmers who wish to avail themselves of the opportunity of getting machines in which we as yet have been unable to discover the smallest deception.

John Stoner, David Stuckey, Isaac Bower, John Nicademus, George Powell, Maxwell Kinkead, C. E. Kinkead.

To Markesmen. Gun Smith.

Respectfully informs his friends, and the public generally, that he still continues the above business in M'CONNELLSTOWN.

And is prepared to manufacture all kind of guns or pistols, or to make any necessary repairs upon any article of the kind. If careful attention will merit success, he hopes to secure the patronage of the sharp shooters of this county. Any orders left with Isaac Davis will be punctually attended to, Huntingdon November 21, 1838.

ADMINISTRATOR'S Notice.

VERY IMPORTANT TO FARMERS.

The Subscribers offer for sale their improved celebrated Thrashing-Machines, at their Shops in Huntingdon and Lewistown. By application, made by mail or otherwise to John Switzer, Huntingdon—or Arthur B. Long, Lewistown, farmers can be accommodated on the most reasonable terms.

Those who wish it, can have a straw carrier attached to their Machine, which will be a great advantage in thrashing, one hand less will be required to take away the straw, and the caving much more easily performed.

By agreement with the Patentee's, we have the Exclusive Privilege of building and selling, in the county of Perry Juniata, Mifflin, Huntingdon and part of Cambria. If Farmers, will consult their own interest, and keep free from trouble—they will beware of buying Machines, of any kind, with the Strap passing under the Horses feet unless made and sold by us, as the Patent Laws, will be Strictly enforced.
