EVANS' CAMOMILE AND APERIENT PILLS.

Dr. EVANS does not pretend to say that his medicine will cure all diseases that flesh and blood are heir to, but he does says that in all Debilitated and Impaired Constitutions—in Nervous diseases of all kinds, particularly of the PIGESTIVE ORGANS, and in Incipient Consumption, whether of the lungs or liver, they will cure. That dreadful disease, CONSUMPTION, might have been checked in its commencement, and disappointed its prey all over the land, if the first symptoms of Nervous Debility had been counteracted by the CAMOMILE FLOW-ER chemically prepared; together with many sphere diseases, where other remedies have proved latal.

How many persons do we daily find tortured with that dreadful disease. SICK HEADAGHE, If they would only make trial of this invaluable medicine, they would perceive that life is a pleasure and not a cource of misery and abhorrence. In conclusion I would warn nervous persons against the abstraction of BLOOD, either by leeches, cupping, for the employment of the lancet. Drastic purgatives in delicate flabits are almost equally improper. Those are practices too often resorted to in such cases, but they seldom fail to prove highly injurious. Certificates of cures are daily received which add sufficient testimony of the great efficacy of this invaluable medicine, in relieving afficited mankind. The above medicine is for sale at Jacob Miller's store, Huntingdon.

ficted mankind. The above medicine is for sale at Jacob Miller's store, Huntingdon.

DR. Swayne's Compound Syrup of prunts of Firginiana or wild Cherry.

This syrup is highly beneficial in all pectoral affections; also, in diseases of the chest in which the lungs do not perform their proper office from want of due nervous energy: such as asthmas, pulmonary consumption, recent or chronic coughs, hoarse nass, whooping cough, wheezing and difficulty of breathing, croup and spitting of blood, 4cc. How many sufferers do we daily behold approaching to an untimely grave, wrested in the bloom of youth from their dear relatives and friends, afflicted with that common and destructive ravager, called condemption, which soon wasts the miserable sufferer until they become beyond the power of human skill; if such sufferers would cnly make a trial of Dr. Swayne's invaluable medicine, they would soon find themselves benefitted; than by gulphing the various ineffective certain remedies of which our newspapers daily abound. This syrup immediately begins to heal the ulcerated lungs, stopping profuse night sweats, mittigating the distressing cough at the same time inducing a healthy and natural expectoration, also relieving the shortness of breath and pain in the chest, which harrass the sufferer on the slightest exercise, and finally the heectic flash in the pallid and emaciated cheek will soon begin to vanish, and the sufferer swill here peccive himself snatched from a premature grave, into the enjoyment again of comfortable health.
