

Our Philadelphia papers state that in that, and some of the neighboring counties, the Potatoes have entirely ceased growing. The plants are said to exhibit evidences of being blighted.

The Baltimore Chronicle, thinks that there is too much specie in the country. We really cannot imagine how a printer could possess such a notion. Judging from our Pocket, there is certainly much too little.

The N. Y. Star says that there are in that State 10,600 district Schools, with 540,000 Scholars.

The steam boat Wm. Haulbut, was burnt about 5 miles from New York, on her way to Montgomery. She was heavily laden with merchandise, all of which was lost—no lives were lost. The Pilot ran her upon a bank, and the passengers all sprang safely ashore.

New York city prison, contained at the close of last week 180 prisoners, 208 having been received, and the same number discharged. This is what we call an active business in the Stocks.

We see it stated that a six horse team of a Mr. Bowins, hauled from Hagerstown to Frederick, 13,000 pounds.—That is what we call going the whole load.

About Right.—A Connecticut paper thus announces a suicide. "Cowardly—J. Butterfield, not having sufficient nerve to meet the responsibilities of life, meanly stole out of existence by hanging himself."

Dreadful accident makers, are becoming almost as common as in Europe. A story has been going the rounds, of a panther leaping out of a window with a child screaming in its mouth. Is all a hum.

The Boston Evening Journal, tells a good snake story, of a circumstance which occurred in the neighborhood of Chester. One of a company of men mowing in a meadow, thought fit to strip himself of some of his garment; and go to his work sans culotte! Upon making the last clip at the end of his swath, he was astonished and frightened, at finding a large rattle snake ready to spring at him. Before he could escape, the snake had fastened its long crooked fangs through his only garment. With one scream he started, at full run; the strong texture of his shirt holding the snake, who of course followed at the same speed. Onward he went, over bushes and briars, over fences and ditches; still his snakeship was at his heels. At last wild with fear and fatigue, he took the public road, a glance over his shoulder told him that his subtle foe was still at his heels. Onward he sped like the wind, passing several persons on his way, yet screaming at the sight of his grim looking reptile, he redoubled his speed. Overcome at last with terror, heat, and fatigue he reached his home, (a distance of three miles,) and fell fainting on the floor. The snake got the worst of the race, having been beat to death, by the unmerciful threshing he got against the stumps and fences.

The sea serpent has been "swinging his long tail'd blue" in the Portsmouth harbor. He was seen by the hands on a schooner, who aver that he is 200 feet long.

We notice an extraordinary case of courage in a boy 12 years old, son of Dr. Peters, of Hadlam Pa. Being furiously attacked by a bull, he dodged the assault, jumped upon his back, and in turn became the assailant. The bull was more frightened than the boy, and plunged about fearfully, till coming near the fence the boy sprang off and escaped.

County Meeting.

Pursuant to public notice, a meeting of the opposites of the present State and National administration in Huntingdon county, was held on Wednesday evening August 10th 1839. The meeting was organized by calling Wm. Spear to the chair, and appointing John Blair, James Smith, Geo. Hudson and Maxwell Kinkadee Vice Presidents; and D. H. Moore, E. W. Wike, R. A. McMurtrie, Dr. Ross and Secretaries. After reading the capl of the meeting, on motion the following persons were appointed as a committee to report a preamble and resolutions expressive of the sense of the meeting.
A. W. Benedict, Benjamin Leas,
D. McMurtrie jr. Daniel Teague,
James Short, Wm. C. Clymans,
John P. Jones, W. L. Spear,
Jacob Cresswell, Samuel Wigton,
A. J. Stewart, J. R. Neff,
James Morrow, Joseph Smith,
Wm. Donaldson, Joseph Law Esq.,
James Arthur, Eliel Smith,
William Love, James Ramsey,
Samuel P. Wallace, Thomas Bender.

The scenes which have excited and agitated our hapless country for years, tells us in language so strong to be passed unheard, and in words to plain to be misunderstood by the patriot, that unless he guards on the armour of his country, that the sun of our country's glory will set perhaps, ere this generation has passed away, in darkness and in gloom forever. The acts of those who holds the reins of Government, and wield the power of place for personal aggrandisement, instead of national prosperity and glory, both in our own State, and at the seat of the Federal Government, have been characterised by a most wanton disregard of the people's wishes—a perfect recklessness of their rights, and an apparent desire to secure alone a division of the spoils of party victory, and the plunder of office; among the reckless, the abandoned, and the dissolute.

A brief reference to their conduct must convince the unprejudiced, that such are the facts—sufficient of which may be found in the consummate tyranny exercised in the Post Office Department, by closing offices of long standing, and acknowledge public utility—and making those still extant, the engines of party success. In the enormous expenses of the National Government—in the outrageous frauds practised upon the frank, unsuspecting, and oppressed red men of our frontiers—in the daily absconding of some party serf with the money of the people in his pocket—in the wretched and prostrated condition of our State credit—in the enormous increase of State debt—in the scenes of riot and treason at Harrisburg—in the refusal of those claiming to be representatives of the people, to allow the

people to elect their Canal Commissioners—and in the advancement of the unprincipled and degraded to offices of importance and trust.

As a protection from a further continuation of these abuses—these scenes of disgrace—and these acts of injustice—it becomes the sacred duty of every lover of his country's rights—every hater of his country's wrongs, to unite firmly, fearlessly, and perseveringly to drive these vampires from their prey, and to preserve our country from pending ruin. "Union to serve our country" should be our cry; and let our country's safety be a higher aim than the mere success of any one man. With a firm reliance upon the truth of the above, and an earnest wish to bring our country back to her former honor and credit, be it Resolved:

That we call upon any and every friend of his country's success, by every thing which he holds dear, to unite fervently, and joyfully in the great contest, where the prize is the preservation of those institutions which were reared by the hands, and cemented by the blood of our fathers—we call on them, as they love the land of their childhood, to forget every thing but that glorious motto, "Liberty and Union—now and forever."

Resolved, That we cannot tamely submit to see our constitution, the freeman's ark of safety, placed for protection in the hands of those, who sneer at the sacredness of contracts, and own obedience to law—but that written in their own agrarian creed, that "might is right, and interest law!"

Resolved, That it is degrading to a nation of freemen, to look unconcernedly on and see the beastly debauchee the marker of our laws—or assuming the place of the defender of the rights of a virtuous people. That such things are, is too apparent, when we cast our eyes to the Halls of Legislation, or to some of the recipients of executive patronage and favor.

Resolved, That we consider the refusal of the Loco Foco members of the Legislature, to allow the people to act in their sovereign capacity, in the choice of Canal Commissioners, as a total disregard of their wishes—a public violation of their express will in establishing a new constitution—and as evincing an open avowal of the determination of that body to trample upon their rights—and declare themselves above and beyond them—and of their determination to support that dogma of kings, a tyrant. "The people are incapable of self government!"

Resolved, That this meeting concur most heartily in the nominations made this day, by the Democratic Convention of the people, opposed to executive abuse and misuse; and that we instruct our representatives if elected, (as they surely will) to use every endeavor to have a law passed, directing an election of canal commissioners by the people.

Resolved, That James Auther, David McMurtrie jr. & A. W. Benedict, be the delegates to represent this county in convention at Harrisburg, to meet in September next; and that they have power to fill any vacancy in their number.

Resolved, That the proceedings be signed by the officers, and published in the papers of the county, and others friendly to the cause.

ANOTHER CASE OF DYSPEPSIA

Letter from the Hon. Abraham Mcclellan Sullivan county, East Tennessee, Member of Congress.
WASHINGTON, July 22, 1838.
SIR,—Since I have been in this city, I have used some of your Dyspeptic Medicine with infinite benefit and satisfaction, and believe it to be a most valuable remedy. One of my constituents, Dr. A. Carden, of Campbell co. Tennessee, wrote me to send him some, which I did, and he has employed it very successfully in his practice, and says it is invaluable. Mr. Johnson, your agent at this place, thinks you would probably like an agent in East Tennessee. If so, I would recommend Dr. A. Carden as a proper person to officiate for the sale of your celebrated medicine. Should you commission him he is willing to act for you. You can send the medicine by water to the care of Robert King & Sons, Knoxville, Tennessee, or by land to Graham & Houston, Tazewell, East Tennessee. Write me in a few days. I have no doubt but if you had agents in several counties in East Tennessee, a great deal of your medicine would be sold. I am going to take some of it home with me for my own use and that of my friends, and should wish to hear from you whether you would like an agent in Blountsville, Sullivan county, East Tennessee. I could get some of the merchants to act for you, as I live near there. Yours, respectfully,
A. McLELLAN, of Tennessee.
To Dr. Wm. Evens,
P. S.—My address is Blountsville, East Tennessee.

A CAMP MEETING

Will be held by the Methodist Protestant Church, on the old camp ground near Chilcoatown (Hough Creek Settlement) to commence on Friday, August 30, 1839. Invitations are hereby extended to the ministers and friends of all denominations who wish well to the cause of Christianity, to unite with us.

COUGH, ASTHMA AND SPITTING BLOOD

Cured By
JAYNE'S EXPECTORANT.

PHILADELPHIA, Aug. 16, 1838
Mr. Atkinson—Dear Sir: A few weeks ago I noticed in your paper, an account of the surprising effects of Jayne's Expectorant, in restoring a great number of passengers on board of a Mississippi steamer, to perfect health, who were affected by violent bowel Complaint. I was glad to see you notice it so kindly; you may rest assured it deserves the praise bestowed upon it. The benefit I have received from his medicine, more especially his EXPECTORANT induces me to state my case to you. For the benefit of those who are afflicted in the same way. It has been my misfortune, sir, to lab long under a Cough and Asthmatical oppression, for more than half a century. When a soldier in the American Camp, in 1778, with many others, (owing to great exposure,) had a violent attack of disease of the lungs, by which I was disarmed from duty for a long time. Since that period, and recently, I have never been free from a violent cough and difficulty of breathing. Year after year, I have expectorated over a gill a day. Often much more, and sometimes mixed with blood. For months together, night after night, I have had to sit up, to be bolstered up, to obtain my breath. The weakness and debility caused by such constant expectoration, frequently brought me to a state bordering on death. It has been a matter of astonishment to my family and friends, that I am here to write this to you. I have had skillful physicians to attend me, and every thing done that was thought likely to give me relief, without any beneficial effect. Last winter I had another very severe attack of inflammation of the lungs, which I fully expected would be the last. I then considered my case as past the aid of medicine. When I was persuaded to call on Dr. C. Dr. Jayne—with the assistance of Divine Providence, through him I was once more raised from my bed; but the cough and wheezing wearied me day and night. He advised me to use his Expectorant. I did so, with a strong hope, that, as it had cured many of my acquaintances of various diseases of the lungs, it might, at least mitigate my sufferings. Need I say how satisfied I felt. IT HAS EFFECTUALLY CURED ME. As soon as I commenced taking it, I found it reached my case, and I began to breathe with more freedom. My expectoration became easy, and my cough entirely left me. I now feel as well as I ever did in my life, and better than I have been for the last six years. Last summer I spit a great deal of blood; now thank God I am perfectly cured. Now sir, after suffering so long, and finding at last, such signal relief from Doctor Jayne's Expectorant, I feel anxious to inform my fellow citizens where relief may be had. If you think this worth a place in your paper, you will oblige me by noticing it.
NICHOLAS HARRIS, Sen.
No. 35 Lombard street.
Mr. Harris has long been a worthy member (we believe a Deacon) of the First Baptist Church in this city, and implicit confidence may be placed in his assertion.—Ed. The above valuable medicine may be had wholesale and retail at Jayne's Drug and Chemical Store, No. 20, South Third street Philadelphia. Price \$1.
Sold, also, by JACOB MILLER, Agent, Huntingdon Pa.

DR. JAYNE'S EXPECTORANT.

We consider it a duty to call public attention to this admirable preparation for Pulmonary Diseases—Especially Coughs, Colds, Consumption, Spitting blood, Asthma, Bronchial Affections, Hooping Cough, &c. It is used and very highly approved by persons of the first respectability, but we feel confident in saying that a trial of its efficacy will be its best recommendation.

DR. JONATHAN GOING, PRESIDENT OF THE GRANVILLE COLLEGE, Ohio (late of New York), in a letter to Dr. Jayne dated New York, December, 1836, says:—"He was laboring under a severe cold, cough and hoarseness, and that his difficulty of breathing was so great that he felt himself in imminent danger of immediate suffocation, but was perfectly cured by using this Expectorant."—Mrs. Delks, of Salem, N. J. was cured of Asthma of twenty years standing, by using two bottles of this medicine. Mrs. Ward, also of Salem, was cured of the same complaint by one bottle. A young lady, also of Salem, who was beloved by her friends to be far gone with consumption, was perfectly restored by three bottles.—Dr. Hamilton of St. James, South Carolina, was greatly affected by a cough, hoarseness and soreness of the lungs, and on using a bottle of this medicine found permanent relief.

Mr. Nicholas Harris, sen., one of the Deacons of the First Baptist Church in this city, has been perfectly cured by it—after having suffered for sixty years with Cough, Asthma, and Spitting of Blood, which no remedy before could relieve.
The Rev. C. C. P. Crosby, writes as follows:
New York, June 15, 1838.
To Dr. Jayne:—Dear Sir,—I have made use of your Expectorant, personally and in my family for the last six years, with great benefit. Indeed I may consider my life prolonged by the use of this valuable medicine, under the blessing of God, for several years. I may say almost as much in the case of my wife, and also of the Rev. Mr. Tomson, of the Island of Jamaica. For all cases of cough, inflammation of the chest, lungs, and throat, I do most unhesitatingly recommend this as the best medicine I have ever tried. My earnest wish is, that others afflicted as I have been, may experience the same relief, which I am persuaded they will by using your Expectorant.

C. C. P. CROSBY.

The following Certificate is from a practicing PHYSICIAN and a much respected Clergyman of the Methodist society—dated Modest Town, Va. August 27, 1838.
Dr. JAYNE, Dear Sir:—I have been using your Expectorant extensively in my practice for the last three months, and for all attacks of Colds, Coughs, Inflammation of the Lungs, Consumption, Asthma, Pains and weakness of the Breast, it is decidedly the best medicine I have ever tried.
Very respectfully yours,
R. W. WILLIAMS.
Dr. Jayne's Office is No. 20 South Third street, Philadelphia, where all orders will be promptly attended to.
Sold also by JACOB MILLER, agent Huntingdon, Pa.—Price \$1.
