NEW YORK WEEKLY WHIG.

The first number of the SEMI-WEEKLY edition of THE NEW YORK WHIG is therewith submitted to the public. It will be regularly published henceforth every WEDNESDAY and SATURDAY afternoons, on a sheet of the size of the DAILY Whig and half the size of the Weekly, and forwarded by the earliest mails to its Patrons. It will contain all the matter of the Daily Whig except the Advertisements, and be afforded at the low price of THREE DOLLARS per annum in advance. It is believed that this is the cheapest Semi-Weekly paper in the country.

The character of THE NEW YORK WHIG—Daily and Weekly—is now widely known. It has been published about sixteen months, and in that brief period has acquired a wide circulation, and, we trust, a fair standing among its contemporaries. It aims to present in a medium sheet an amount of reading matter fully equal to the average of the Great Dailies of New York and our other Commercial cities. Its contents will comprise Literature, Politics and General Intelligence, in about equal proportions. In the Literary Department, no great pretensions are made to originality, but the best repositories of Foreign and American Literature are open to its contributors; and they endeavor to select therefrom a varied and interesting banquet. In General Intelligence, we hope to be neither behind nor inferior to our immediate contemporaries. In Politics, our journal will be all that its name purports—fearlessly, zealously, and we trust efficiently. Experienced pens are enlisted in its service, and we trust it will render good service to the Country in the advocacy of Sound Principles and Good Measures, and the fearless exposure of the iniquities, corruptions and ruinous tendencies of Loco-Focism.

Subscriptions are respectfully solicited by J. GREGG WILSON & CO., 162 Nassau street.

STOVE AND TIN SHOP.

THE SUBSCRIBER respectfully informs the public, that he has removed his shop to the corner of Market Square, in the house formerly occupied as a tavern, by Alex. CARMON where he has on hand a general assortment of GOOD TIN WARE, which he will sell cheap at whole sale or retail. House spouting will be put on at the shortest notice. He also has on hand a general assortment of Sheet Iron ware, Stove pipe, Drums, Dripping pans, Coal Scuttles etc. He has also a general assortment of HOLLOW-WARE, every size of Pots, Mash; Kettles, teakettles, and oval boilers. Of STOVES he has a great variety—of all sizes of wood cooking stoves, and coal stoves with Sheet Iron tops, all of handsome patterns, and of superior quality of casting, and are finished with tin or copper, and in finish are not inferior to any in the country.

All orders will be punctually attended to, and thankfully received. Every article cheap for cash.

He hopes by punctuality, and careful attention to business, to merit a good share of Public Patronage.

To the Public.

THE public are hereby informed, that JACOB MILLER has been appointed agent for Huntingdon county, for the sale of Dr. Evans' Camomile and family aperient pills, where all those that need medicine, can be supplied as he intends always to have a supply on hand.

LIFE AND HEALTH.—Persons whose nerves have been injured by Calomel, or excessive grief, great loss of blood, the suppression of accustomed discharges or cutaneous, intemperate habits, or other causes which tend to relax and enervate the nervous system, will find a friend to soothe and comfort them, in EVANS' CAMOMILE PILLS. These are afflicted with Epilepsy or Falling Sickness, Palsy, Serious Apoplexy, and organic affections of the heart, Nausea, Vomiting, pains in the side, breast, limbs, head, stomach or back, will find themselves immediately relieved, by using EVANS' CAMOMILE AND APERIENT PILLS.

Dr. EVANS does not pretend to say that his medicine will cure all diseases that flesh and blood are heir to, but he does say that in all Debilitated and Impaired Constitutions—in Nervous diseases of all kinds, particularly of the DIGESTIVE ORGANS, and in Incipient Consumption, whether of the lungs or liver, they will cure. That dreadful disease CONSUMPTION, might have been checked in its commencement, and disappointed its prey all over the land, if the first symptoms of Nervous Debility had been counteracted by the CAMOMILE FLOWER chemically prepared together with many other diseases, where other remedies have proved fatal.

How many persons do we daily find tortured with that dreadful disease, SICK HEADACHE, if they would only make trial of this invaluable medicine, they would perceive that life is a pleasure and not a course of misery and affliction. In conclusion I would warn nervous persons against the abstraction of BLOOD, either by leeches, cupping, or the employment of the lancet. Drastic purgatives in delicate habits are almost equally improper. These are practices too often resorted to in such cases, but they seldom fail to prove highly injurious. Certificates of cures are daily received which add sufficient testimony of the great efficacy of this invaluable medicine, in relieving afflicted mankind. The above medicine is for sale at Jacob Miller's store, Huntingdon.

VERY IMPORTANT TO FARMERS.

The Subscribers offer offer for sale their improved celebrated Thrashing-Machines, at their Shops in Huntingdon and Lewistown. By application, made by mail or otherwise to John Switzer, Huntingdon—or Arthur B. Long, Lewistown, farmers can be accommodated on the most reasonable terms. For running easy, doing the work well, and for durability; they defy the State of Pennsylvania to exceed them. Those who wish it, can have a straw carrier attached to their Machine, which will be a great advantage in thrashing, one hand less will be required to take away the straw, and the caving much more easily performed. By an agreement with the Patentee's, we have the Exclusive Privilege of building and selling, in the country of Perry Juniata, Whifflin, Huntingdon and part of Cambria. If Farmers, will consult their own Interest, and keep free from trouble—they will beware of buying Machines, of any kind, with the Strap passing under the Horses feet unless made and sold by us, as the Patentee Laws, will be Strictly enforced.

THE GREATEST OF HUMAN BENEFACTORS.

Citizens of North and South America.

To LOUIS OFFON GOELICKE, M. D., of Germany, [Europe] belongs the imperishable honor of adding a new and precious doctrine to the Sciences of Medicine—a doctrine which, though vehemently opposed by many of the faculty, (of which he is a valuable member,) he proves to be as well founded in truth as any doctrine of Holy Writ—a doctrine upon the variety of which are suspended the lives of millions of our race, and which he boldly challenges his opposers to refute, viz: Consumption is a disease always occasioned by a disordered state of Vis Vitæ (or life principle) of the human body: often seen by lurking in the system for years before there is the least complaint of the Lungs—and which may be as certainly though not so quickly, cured as a common cold or a simple headache. An invaluable precious doctrine this, as it imparts an important lesson to the apparently health of both sexes, teaching them that this insidious foe may be an unobserved inmate of their "clayey houses" even while they imagine themselves secure from its attacks, teaching them that the great secret in the art of preserving health is to pluck out the disease while in the blade, and not wait till the full grown ear.

This illustrious benefactor of man is also entitled to your unfeigned gratitude, and the gratitude of a world, for the invention of his matchless sanative,—whose healing fiat may justly claim for it such a title, since it has so signally triumphed over our great common enemy consumption, both in the first and last stages,—a medicine which has thoroughly filled the vacuum in the Metæra Medica, and thereby proved itself the Conqueror of Physicians—a medicine, for which all mankind will have abundant cause to bless the beneficent hand of a kind Providence,—a medicine, whose wondrous virtues have been so gloriously portrayed even by some of our clergy, in their pastoral visits to the sick chamber; by which means they often become the happy instruments of changing despondency into hope, sickness into health, and sadness of friends into joyfulness.

GOELICKE'S MATCHLESS SANATIVE, medicine of more value to man than the vast mines of Austria, or even the united treasures of our globe,—a medicine, which is obtained equally from the vegetable, animal and mineral kingdoms, and thus possesses a three fold power,—a medicine, which though designed as a remedy for consumption solely, is possessed of a mysterious influence over many diseases of the human system,—a medicine, which begins to be valued by Physicians, who are daily witnessing its astonishing cure of many whom they had resigned to the grasp of the Insatiable Grave.

Dose of the Sanative, for adults, or drop; for children a half drop; and for infants, a quarter drop; the directions explaining the manner of taking a half or a quarter drop.

Price—Three and one third six dollars* (\$2.50) per HALF OUNCE.

*A German coin, value 75 cents.

A certificate from three members of the MEDICAL PROFESSION in Germany, in Europe.

We the undersigned, practitioners of medicine in Germany, are well aware that, by our course, we may forfeit the friendship of some of the faculty, but not of its benevolent members, who are uninfluenced by selfish motives. Though we shall refrain from an expression of our opinion, either of the soundness or unsoundness of Dr. Goelicke's new doctrine, we are happy to say that we deem his Sanative too valuable not to be generally known—for what our eyes behold and our ears hear, we must believe.

We hereby state, that when Dr. Louis Offon Goelicke first came before the German public, as the pretended discoverer of a new doctrine and a new medicine, we held him in the highest contempt, believing and openly pronouncing him to be a base impostor and the prince of quacks.

But, on hearing so much said about the Sanative, against it and for it, we were induced, from motives of curiosity merely, to make trial of its reputed virtues, upon a number of our most hopeless patients; and we now deem it our bounden duty (even at the expense of our self-interest) publicly to acknowledge its efficacy in curing not only consumption, but other fearful maladies, which we have heretofore believed to be incurable.
