Their certificate will be sufficient to satisfy any reas nable person who may be disposed to doub, that they are not a mere unried experiment, but that they have been well tested here as well as in other portions of the State. The character of the gentlemen whose aames are attached to the following certificate (like that of the machine), needs no other recommendation THAN TO BE KNOWN N. B. No other person is authorized

Coughs and Colds.

How many sufferers do we daily behold afflicted with that common and distressing disease. Do we not find that almost every person or friend we meet with complains of a bad COLD or a distressing COUGH? We als find in assemblies of all kinds that there is one half of the human family safflicted with that troul'sessme disease. If those sufferers would only make a triel of Dr Swayne's Syrup or wild cherry they would soon find themselves relieved, and by continuing the use of the same for a few days, it will effect a 'permanent cure. Hundreds can testify to this fact, as in the short space of two months, upwards of five hundred bottles have been sold.
