New Establishment. IMPORTANT TO Farmers.

THE undersigned begs leave respectfully to inform the farmers of Huntingdon, Bedford, and the adjoining counties, that he is manufacturing his newly improved

THRASHING MACHINES AND HORSE POWERS.

in Martinsburg, Bedford county, where he will be happy to furnish any who may want a superior article in that line. As the Horse Power is new, and materially different from any hitherto invented, and the undersigned a stranger to most of the farmers in this part of the State, he has been induced to procure a certificate from the following gentlemen who have purchased machines of him last winter, and have tried them to their own satisfaction. Their certificate will be sufficient to satisfy any reasonable person who may be disposed to doubt, that they are not a mere untried experiment, but that they have been well tested here as well as in other portions of the State. The character of the gentlemen whose names are attached to the following certificate (like that of the machine), needs no other recommendation **THAN TO BE KNOWN.**

N. B. No other person is authorized to sell the above Horse Power in this or any of the adjoining counties.

JAMES P. ROSS,
Patentee.

We the undersigned, farmers and citizens of Bedford and Huntingdon counties, do hereby certify, that we have threshed our grain during the past winter with James P. Ross' improved patent Horse Power and Thrashing Machine. And in justice to the inventor, we cheerfully and unhesitatingly pronounce it in our estimation far superior to any machine for that purpose we have hitherto seen.

We would therefore recommend them to any farmers who wish to avail themselves of the opportunity of getting machines in which we as yet have been unable to discover the smallest defect.

Sept. 23, 1839.

To the Public.

THE public are hereby informed, that JACOB MILLER has been appointed agent for Huntingdon county, for the sale of Dr. Evans' Camomile and family aperient pills, where all those that need medicine, can be supplied as he intends always to have a supply on hand.

LIFE AND HEALTH.—Persons whose nerves have been injured by Calomel, or excessive grief, great loss of blood, the suppression of accustomed discharges or cutaneous, immoderate habits, or other causes which tend to relax and enervate the nervous system, will find a friend to soothe and comfort them, in EVANS' CAMOMILE PILLS. Those afflicted with Epilepsy or Falling Sickness, Palsy, Serious Apoplexy, and organic affections of the heart, Nausea, Vomiting, pains in the side, breast, limbs, head, stomach or back, will find themselves immediately relieved, by using

EVANS' CAMOMILE AND APERIENT PILLS.

DR. EVANS does not pretend to say that his medicine will cure all diseases that flesh and blood are heir to, but he does say that in all debilitated and impaired Constitutions—in Nervous diseases of all kinds, particularly in the DIGESTIVE ORGANS, an incipient Consumption, whether of the lungs or liver, they will cure. That dreadful disease, CONSUMPTION, might have been checked in its commencement, and disappointed its prey all over the land, if the first symptoms of Nervous Debility had been counteracted by the CAMOMILE FLOWER chemically prepared; together with many other diseases, where other remedies have proved fatal.

How many persons do we daily find tortured with that dreadful disease, SICK HEADACHE. If they would only make trial of this invaluable medicine, they would perceive that life is a pleasure and not a course of misery and abhorrence. In conclusion I would warn nervous persons against the abstraction of BLOOD, either by leeches, cupping, or the employment of the lancet. Drastic purgatives in delicate habits are almost equally proper. Those are practices too often resorted to in such cases, but they seldom fail to prove highly injurious. Certain times of cure are daily received which add sufficient testimony of the great efficacy of this invaluable medicine, in relieving afflicted mankind. The above medicine is for sale at Jacob Miller's store, Huntingdon.

VERY IMPORTANT TO FARMERS.

The Subscribers offer offer for sale their improved celebrated Thrashing Machines, at their Shops in Huntingdon and Lewistown. By application, made by mail or otherwise to John Switzer, Huntingdon—or Arthur B. Long, Lewistown, farmers can be accommodated at the most reasonable terms. For running easy, doing the work well, and for durability; they defy the State of Pennsylvania to exceed them. Those who wish it, can have a straw carrier attached to their Machine, which will be a great advantage in thrashing, one hand less will be required to take away the straw, and the caving much more easily performed. By agreement with the Patentee's, we have the Exclusive Privilege of building and selling, in the county of Perry Juniata, Mifflin, Huntingdon and part of Cambria. If Farmers, will consult their own Interest, and keep free from trouble—they will beware of buying Machines, of any kind, with the Strap passing under the Horses feet unless made and sold by us, as the Patent Laws, will be Strictly enforced.

A. B. LONG & Co.
June, 4, 1839.—Y.

DR. Swayne's Compound Syrup of prunus of Virginia or wild Cherry. This syrup is highly beneficial in all pectoral affections; also, in diseases of the chest in which the lungs do not perform their proper office from want of due nervous energy: such as asthma, pulmonary consumption, recent or chronic coughs, hoarseness, whooping cough, wheezing, and difficulty of breathing, croup and spitting of blood, &c. How many sufferers do we daily behold approaching to an untimely grave, wrested in the bloom of youth from their dear relatives and friends, afflicted with that common and destructive ravager, called consumption, which soon wastes the miserable sufferer until they become beyond the power of human skill; if such sufferers would only make a trial of Dr. Swayne's invaluable medicine, they would soon find themselves benefited; than by gulping the various ineffective certain remedies of which our newspapers daily abound. This syrup immediately begins to heal the ulcerated lungs, stopping profuse night sweats, mitigating the distressing cough at the same time inducing a healthy and natural expectoration, also relieving the shortness of breath and pain in the chest, which harass the sufferer on the slightest exercise, and finally the hectic flash in the pallid and emaciated cheek will soon begin to vanish, and the sufferer will here perceive himself snatched from a premature grave, into the enjoyment again of comfortable health.

Coughs and Colds.

How many sufferers do we daily behold afflicted with that common and distressing disease! Do we not find that almost every person or friend we meet with complains of a bad COLD or a distressing COUGH? We are continually coughing, by which we perceive that there is one half of the human family afflicted with that troublesome disease. If those sufferers would only make a trial of Dr Swayne's Syrup or wild cherry they would soon find themselves relieved, and by continuing the use of the same for a few days, it will effect a permanent cure. Hundreds can testify to this fact, as in the short space of two months, upwards of five hundred bottles have been sold.

The article published below, concerning the new and popular doctrine advanced by the illustrious Goellicke of Germany, cannot fail of exciting a deep and thrilling interest throughout our country.

[Translated from the German.]
LOUIS OFFON GOELICKE,
OF GERMANY,
THE GREATEST OF HUMAN BENEFACTORS.

Citizens of North and South America.

To LOUIS OFFON GOELICKE, M. D., of Germany, [Europe] belongs the imperishable honor of adding a new and precious doctrine to the Sciences of Medicine—a doctrine which, though vehemently opposed by many of the faculty, (of which he is a valuable member,) he proves to be as well founded in truth as any doctrine of Holy Writ—a doctrine upon the variety of which are suspended the lives of millions of our race, and which he boldly challenges his opposers to refute, viz: Consumption is a disease always occasioned by a disordered state of Vis Vita (or life principle) of the human body: often secretly lurking in the system for years before there is the least complaint of the Lungs—and which may be as certainly though not so quickly, cured as a common cold or a simple headache. An invariably precious doctrine this, as it imparts an important lesson to the apparently health of both sexes, teaching them that this insidious foe may be an unobserved inmate of their "clayey houses" even while they imagine themselves secure from its attacks, teaching them that the great secret in the art of preserving health is to pluck out the disease while in the bud, and not wait till the full grown cur.

This illustrious benefactor of man is also entitled to your unfeigned gratitude, and the gratitude of a world, for the invention of his matchless sanative,—whose healing fiat may justly claim for it such a title, since it has so signally triumphed over our great common enemy consumption, both in the first and last stages,—a medicine which has thoroughly filled the vacuum in the Materia Medica, and thereby proved itself the Conqueror of Physicians—a medicine, for which all mankind will have abundant cause to bless the beneficent hand of a kind Providence,—a medicine, whose wondrous virtues have been so glowingly portrayed even by some of our clergy, in their pastoral visits to the sick chamber; by which means they often become the happy instruments of changing despondency into hope, sickness into health, and sadness of friends into joyfulness.

GOELICKE'S MATCHLESS SANATIVE, TIVE,

medicine of more value to man than the vast mines of Austria, or even the united treasures of our globe,—a medicine, which is obtained equally from the vegetable, animal and mineral kingdoms, and thus possesses a three fold power,—a medicine, which though designed as a remedy for consumption solely, is possessed of a mysterious influence over many diseases of the human system,—a medicine, which begins to be valued by Physicians, who are daily witnessing its astonishing cure of many whom they had resigned to the grasp of the Insatiable Grave.

Dose of the Sanative, for adults, or drop; for children a half drop; and for infants, a quarter drop; the directions explaining the manner of taking a half or a quarter drop.

Price—Three and one third six dollars* (\$2.50) per HALF OUNCE.

*A German coin, value 75 cents.

A certificate from three members of the MEDICAL PROFESSION in Germany, in Europe.

We the undersigned, practitioners of medicine in Germany? are well aware that, by our course, we may forfeit the friendship of some of the faculty, but not of its benevolent members, who are uninfluenced by selfish motives. Though we shall refrain from an expression of our opinion, either of the soundness or unsoundness of Dr. Goellicke's new doctrine, we are happy to say that we deem his Sanative too valuable not to be generally known—for what our eyes behold and our ears hear, we must believe.

We hereby state, that when Dr. Louis Offon Goellicke first came before the German public, as the pretended discoverer of a new doctrine and a new medicine, we held him in the highest contempt, believing and openly pronouncing him to be a base impostor and the price of quacks. But, on hearing so much said about the Sanative, against it and for it, we were induced, from motives of curiosity merely, to make trial of its reputed virtues, upon a number of our most hopeless patients; and we now deem it our bounden duty (even at the expense of our self interest) publicly to acknowledge its efficacy in curing not only consumption but other fearful maladies, which we have therefore believed to be incurable. Of

contempt for the discoverer of this medicine was at once swallowed up in our utter astonishment at these unexpected results; and, as amends for our abuse of him, we do frankly confess to the world, that we believe him a philanthropist who does honor to the profession, and to our country, which gave him birth.

The recent adoption of this medicine into some of our European hospitals is a sufficient guaranty that it performs all its promises: It need not our testimony, for wherever it is used it is its own best witness.

Important Discovery.

The public are hereby directed to the medical advertisements of Dr. H. RICH'S Celebrated COMPOUND STRENGTHENING TONIC, and GERMAN APERIENT PILLS, which are a Medicine of great value to the afflicted, discovered by O. P. HARLICH, a celebrated physician at Alford, Germany, which has been used with unparalleled success throughout Germany. This Medicine consists of two kinds, viz: the GERMAN APERIENT, and the COMPOUND STRENGTHENING TONIC PILLS. They are each put up in small packets, and should both be used to effect a permanent cure. Those who are afflicted would do well to make a trial of this invaluable Medicine, as they never produce sickness or nausea while using. A safe and effectual remedy for

DYSPEPSIA OR INDIGESTION, and all Stomach Complaints; pain in the SIDE, LIVER COMPLAINTS, Loss of Appetite, Flatulency, Languor of the Heart, General Debility, Nervous Irritability, SICK HEADACHE, Female Diseases, Spasmodic Affections, RHEUMATISM, Asthma, CONSUMPTION, &c. The GERMAN APERIENT PILLS are to cleanse the stomach, and purify the BLOOD. The TONIC PILLS are to invigorate the nerves and digestive organs and give tone to the Stomach, as all diseases originate from impurities of the BLOOD and disorder of Stomach. This mode of treating diseases is pursued by all practical PHYSICIANS, whose experience has taught them to be the only remedy to effect a cure. They are not only recommended and prescribed by the most experienced Physicians in their daily practice, but also taken by those gentlemen themselves whenever they feel the symptoms of those diseases, in which they know them to be efficacious. This is the case in all the cases in which they have an extensive sale. It is not to be understood that these medicines will cure all diseases merely by purifying the blood—this they will not do; but they certainly will, and sufficient authority of daily proofs asserting that those medicines, taken as recommended by the directions which accompany them, will cure a great majority of diseases of the stomach, lungs and liver, by which impurities of the blood are occasioned.

CAUSE OF DYSPEPSIA.

This disease often originates from a habit of overloading or distending the stomach by excessive eating or drinking, or very protracted periods of fasting, an indolent or sedentary life, in which no exercise is afforded to the muscular fibres or mental faculties, fear, grief, and deep anxiety, taken too frequently by strong purging medicines, dysentery, mis-

riages, intermittent and spasmodic affections of the stomach and bowels; the most common of the latter causes are late hours and the too frequent use of spirituous liquors.

SYMPTOMS.
Dyspepsia may be described from a want of appetite or an unnatural and voracious one, nausea, sometimes bilious vomiting, sudden and transient distensions of the stomach after eating, acid and prurulent eructations, water brash, pains in the region of the stomach, costiveness palpitation of the heart, dizziness and imness of sight, disturbed rest, tremors, mental despondency, flatulency, spasms, nervous irritability, chilliness, salivaceous complexion, oppressing after eating, general languor and debility; this disease will also very often produce the sick headache, as proved by the experience of those who have suffered of it.

DR. JAYNE'S EXPECTORANT.

We consider it a duty to call public attention to this admirable preparation for Pulmonary Diseases—Especially Coughs, Colds, Consumptions, Spitting blood, Asthma, Bronchial Affections, Hooping Cough, &c. It is used, and very highly approved by persons of the first respectability; but we feel confident in saying that a trial of its efficacy will be its best recommendation.

DR. JONATHAN GOING, PRESIDENT OF THE GRANVILLE COLLEGE, Ohio (late of New York), in a letter to Dr. Jayne, dated New York, December, 1836; says:—“He was laboring under a severe cold, cough and hoarseness, and that his difficulty of breathing was so great that he felt himself in imminent danger of immediate suffocation, but was perfectly cured by using this Expectorant.”—Mrs. D. J. K. of Salem, N. J. was cured of Asthma of twenty years standing, by using two bottles of this medicine. Mrs. Ward, also of Salem, was cured of the same complaint by one bottle. A young lady, also of Salem, who was believed by her friends to be far gone with consumption was perfectly restored by three bottles.—Dr. Hamilton of St. James, South Carolina, was greatly affected by a cough, hoarseness and soreness of the lungs, and on using a bottle of this medicine found permanent relief.

Mr. Nicholas Harris, sen., one of the Deacons of the First Baptist Church in this city, has been perfectly cured by it after having suffered for sixty years with Cough, Asthma, and Spitting of Blood, which no remedy before could relieve.

The Rev. C. C. P. Crosby, writes as follows:—

New York, June 15, 1838.

To Dr. Jayne—Dear Sir,—I have made use of your Expectorant, personally and in my family for the last six years, with great benefit. Indeed I may consider my life prolonged by the use of this valuable medicine, under the blessing of God, for several years. I may say almost as much in the case of my wife, and also of the Rev. Mr. Toulson, of the Island of Jamaica. For all cases of cough, inflammation of the chest, lungs, and throat, I do most unhesitatingly recommend this as the best medicine I have ever tried. My earnest wish is, that others afflicted as I have been, may experience the same relief, which I am persuaded they will by using your Expectorant.

C. C. P. CROSBY,
a practicing PHYSICIAN and a much respected Clergyman of the Methodist society—dated Modest Town, Va. August 27, 1838.

Dr. JAYNE, Dear Sir—I have been using your Expectorant extensively in my practice for the last three months, and for all attacks of Colds, Coughs, Inflammation of the Lungs, Consumption, Asthma, Pains and weakness of the Breast, it is decidedly the best medicine I have ever tried.

Very respectfully yours,
R. W. WILLIAMS.

TREATMENT.

The principal objects to be kept in view are 1st, to free the stomach and intestines from offending materials. 2d, to improve the tone of the digestive organs and energy of the system in removing noxious matters from the stomach and bowels. 3d, to use violent drastic purgatives should be used which act gently, and rather by soliciting the peristaltic motions of the intestines to their regularity of health, than by irritating them to a laborious excitement. There is no medicine better adapted to the completion of this than DR. O. P. HARLICH'S GERMAN APERIENT PILLS. To improve the functions of the debilitated organs and invigorate the system generally, no medicine has ever been so prominently efficacious as Dr. Harlich's Compound Tonic Strengthening Pills, whose salutary influence in restoring the digestive organs to a healthy action, and re-establishing health and vigor in enfeebled and dyspeptic constitutions; have gained the implicit confidence of the most eminent physicians, and unprecedented public testimony. Remember Dr. Harlich's Compound Tonic Strengthening Pills, they are put up in small packets with full directions.
