

ANOTHER GREAT FIRE IN MOBILE.

Fifteen Squares Burned. We have been favored with the following letter, received by the mail this morning, by a gentleman of this city, from his son in Mobile. Truly the city of Mobile seems to be devoted to fire and pestilence.

MOBILE, Oct. 8, 1839. I have just time before the closing of the mail, to give you the most melancholy tidings of a terrible and sweeping calamity that last night befel this devoted city. A fire broke out near the heart of the city about 8 o'clock, and swept on directly through the centre, destroying in its progress some fifteen or twenty squares. For two months have this people been afflicted with a pestilence as tremendous in its consequences, and as indiscriminate in its attacks, as an Egyptian plague; and just at the moment when we hoped that the progress of the scourge was about to be stayed, another most awful visitation involving in misery and total ruin hundreds of families, has in a few hours' time befallen the city. Truly has the wrath of an indignant Providence fallen on this place with almost unprecedented violence. The papers will give you the particulars.

For the last four or five days I believe I have not had a new case of the yellow fever. - E. S. Gazette.

are the most competent judges of their merits.

Often have the cures performed by this medicine been the subject of editorial comment, in various newspapers and journals; and it may with truth be asserted, that no medicine of the kind has ever received testimonials of greater value than are attached to this.

They are in general use as a family medicine and there are thousands of families who declare they are never satisfied unless they have a supply always on hand.

They have no rival in curing and preventing Bilious Fevers, Fever and Ague, Dyspepsia, Liver Complaints, Sick Headache, Jaundice, Asthma, Dropsy, Rheumatism, Enlargement of the Spleen, Piles, Cholera, Females Obstructions, Heartburn, Furred Tongue, Nausea, Distension of the Stomach and Bowels, Incipient Diarrhoea, Flatulence, Habitual Costiveness, Loss of Appetite, Bloated or Sallow Complexion and in cases of torpor of the bowels, where a cathartic or aperient is needed. They are exceedingly mild in their operation, producing neither nausea, griping nor debility.

Extract of a letter written by Dr. Francis Bogart, of Providence, R. I. Dec. 17, 1838.—Peters' pills are an excellent aperient and cathartic medicine, those effects being produced by the differences of the quantity taken, and are decidedly superior to Lee's, Brandreth's or Morrison's Pills.

Extract from a letter by Dr. Hopson of Bangor, Me. Jan. 9, 1839. They are a peculiarly mild, yet efficient purgative medicine, and produce little, or any griping or nausea. I have prescribed them with much success in sick headache and slight bilious fever.

Extract of a letter by Dr. Joseph Williams of Burlington, Vt. July 9, 1837.—I cordially recommend Peters' Pills as a mildly effective, and in no case dangerous, family medicine. They are peculiarly inconstiveness and all the usual diseases of the digestive organs.

Extract of a letter from Dr. Edw. Smith of Montreal, U. C. Sept 27, 1836.—I never knew a single patent medicine that I could put the least confidence in but Dr. Peters Vegetable Pills, which are really a valuable discovery. I have no hesitation in having it known that I use them extensively in my practice, for all complaints, (and they are not a few) which have their source in the impurity of the blood.

Extract of a letter from Dr. Dye of Quebec, L. C. March 6, 1837. For bilious fevers, sick head-ache, torpidity of the bowels, and enlargement of the spleen Dr. Peters' Pills are an excellent medicine.

Extract of a letter from Dr. Gurney N Orleans, La., Oct. 9, 1837; I have received much assistance in my practice; especially in jaundice and yellow fever, from the use of Peters' Pills. I presume that, on an average, I prescribe 100 boxes in a month.

Extract of a letter from Dr. Prichard of Hudson N. Y. June 3, 1836; I was aware that Dr. Peters' was one of the best chemists in the U. States, and felt assured that he would some day (from his intimate knowledge of the properties of herbs and drugs) produce an efficient medicine, and I must acknowledge that his Vegetable Pills fully respond to my expectations. They are indeed a superior medicine, and reflect credit alike upon the Chemist, the Physician, and Philosopher.

Extract of a letter from Dr. Wains of Cincinnati, Feb. 2, 1838; your Pills are the mildest in their operations, and yet most powerful in their effect, of any that I have. There action on the chyle, and hence on the impurities of the blood is evidently very surprising.

Extract of a letter from Dr. Scott of Baltimore, Dec. 17, 1836; I am in the daily habit of prescribing them (Peters' Pills) and they in nearly all cases answer my purposes. I have directed other medicines, some of them very good ones; in their favor.

Charlotte, N.C., June 1, 1837. Dear Sir; I have frequent use of your Pills in the incipient stage of bilious fever and obstinate constipation of the bowels, also, in the enlargement of the spleen, chronic disease of the liver, sick head-ache general debility, and in all cases have found them to be very effective. J. D. Boyd Mecklenburg Co, Va. Feb. 7, 1837.

Having used Dr. Peters' Pills in my practice for the last 13 months, I take pleasure in giving my testimony of their good effects of cases of dyspepsia, sick headache bilious ferers, and other diseases, produced by inactivity of the liver. They are a safe and mild aperient, being the best article of the kind I ever used.
