

**"The Third Sober Thought."**

New York has done nobly and stands forth shining like a pillar of fire amid the darkness which overshadowed the other States. Borne down, disheartened and destroyed, by the missile of Loco Focoism, they rose in their strength, cast off the manacles of party, and rallied around the flag of their country, resolved to preserve her institution from the assaults of the Jacobins, or fall themselves, amid their ruins.

They are free! Every link in that cursed chain of Loco Foco Regency, is broken. She has a Whig Governor, and Lieutenant Governor; Whig heads of the Departments; a Whig Senate, and a Whig Assembly. New York is true to herself. Though the tide waters, and Postmasters gathered in their shoals of wandering Gipseys, to vote for their ticket, and thus cheated the city out of their Whig members. Still the freemen of the country came to the rescue. The Ball has been stopped! and that too in the native State of the Magician. His grand procession from Washington to Saratoga, has availed him nothing, and his triumphal entry into his native State, has proved as disastrous as Napoleon's entry into Moscow. The home of his "boyhood's days" has deserted him. Columbia county, our old home, as well as his, we rejoice to see, no longer submits to the galling fetters of Loco Focoism. She records her vote on the side of the people. Albany, the scene of Van Buren's public life, has spoken, and that loudly, against his mission—well done New York—well done!

People of this State! friends of this country, will you still cling to the car of the Demagogue, when his own State discards him? Is he worthy of your suffrages, when the citizens of his birth place declare him unworthy of support? Can the descendants of honest Penn. be so recreant to the cause of their country? So neglectful of what they owe to their children, to still, with blind partisan zeal, adhere to the falling, and exposed fortunes of the Kinderhook politician?

New York has set her sister States a proud example. Let them follow in her footsteps, and our word for it, the disasters which have assailed our currency, will soon vanish; and we shall see the palmy days of olden time.

**New Establishment, IMPORTANT TO Farmers.**

THE undersigned begs leave respectfully to inform the farmers of Huntingdon, Bedford, and the adjoining counties, that he is manufacturing his newly improved

**THRESHING MACHINES AND HORSE POWERS,**

in Martinsburg, Bedford county, where he will be happy to furnish any who may want a superior article in that line. As the Horse Power is new, and materially different from any hitherto invented, and the undersigned a stranger to most of the farmers in this part of the State, he has been induced to procure a certificate from the following gentlemen who have purchased machines of him last winter, and have tried them to their own satisfaction. Their certificate will be sufficient to satisfy any reasonable person who may be disposed to doubt, that they are not a mere untried experiment, but that they have been well tested here as well as in other portions of the State. The character of the gentlemen whose names are attached to the following certificate (like that of the machine), needs no other recommendation **THIN TO BE KNOWN**

N. B. No other person is authorized to sell the above Horse Power in this or any of the adjoining counties.

J. MES P. ROSS, Patentee.

We the undersigned, farmers and citizens of Bedford and Huntingdon counties, do hereby certify, that we have threshed our grain during the past winter with James P. Ross' improved patent Horse Power and Threshing Machine, and in justice to the inventor, we cheerfully and unhesitatingly pronounce it in our estimation far superior to any machine for that purpose we have hitherto seen.

We would therefore recommend them to any farmers who wish to avail themselves of the opportunity of getting machines in which we as yet have been unable to discover the smallest defect.
