"ONE COUNTRY, ONE CONSTITUTION, ONE DESTINY."

A. W. BENEDICT PUBLISHER AND PROPRIETOR.

Vol. V, No. 17.]

HUNTINGDON, PENNSYLVANIA, WEDNESDAY, MARCH 11, 1840.

[WHOLE No. 225

TERMS OF THE HUNTINGDON JOURNAL.
The "JOURNAL" will be published every Wednesday morning, at two dollars a year, if paid IN ADVANCE, and if not paid within six months, two dollars and a half. Every person who obtains five subscribers, and forwards price of subscription, shall be furnished with a sixth copy gratuitously for one year.

No subscription received for a less period than six months, nor any paper discount used until all arrears are paid.
All communications must be addressed to the Editor, POST PAID, or they will not be attended to.

Advertisements not exceeding one square, will be inserted three times for one dollar, and for every subsequent insertion, twenty-five cents per square will be charged. If no definite orders are given as to the time an advertisement is to be continued, it will be kept in till ordered out, and charged accordingly.

Important Discovery.

The public are hereby directed to the medical advertisements of Dr. HARLICH'S Celebrated COMPOUND STRENGTHENING TONIC, and GERMAN APERTIENT PILLS, which are a Medicine of great value to the afflicted, discovered by O. P. HARLICH, a celebrated physician at Altdorf, Germany, which has been used with unparalleled success throughout Germany. This Medicine consists of two kinds, viz: the GERMAN APERTIENT PILLS, and the COMPOUND STRENGTHENING TONIC PILLS. They are each put up in small packets, and should both be used to effect a permanent cure. Those who are afflicted would do well to make a trial of this valuable Medicine, as they never produce sickness or nausea while using. A safe and effectual remedy for

DYSPEPSIA OR INDIGESTION, and all Stomach Complaints; pain in the SIDE, LIVER COMPLAINTS, Loss of Appetite, Flatulency, Palpitation of the Heart, Giddiness, Nervous Irritability, SICK HEADACHE, Female Diseases, Spasmodic Affections, RHEUMATISM, Asthma, CONSUMPTION, &c. The GERMAN APERTIENT PILLS are to cleanse the stomach and purify the BLOOD. The Tonic or STRENGTHENING PILLS are to STRENGTHEN and invigorate the nerves and digestive organs and give tone to the Stomach, as all diseases originate from impurities of the BLOOD and disordered Stomach. This mode of treating diseases is pursued by all practical PHYSICIANS, which experience has taught them to be the only remedy to effect a cure. They are not only recommended and prescribed by the most experienced Physicians in their daily practice, but also taken by those gentlemen themselves whenever they feel the symptoms of those diseases, in which they know them to be efficacious. This is the case in all large cities in which they have an extensive sale. It is not to be understood that these medicines will cure all diseases mere by purifying the blood—this they will not do; but they certainly will, and sufficient authority of daily proofs asserting that those medicines, taken as recommended by the directions which accompany them, will cure a great majority of diseases of the stomach, lungs and liver, by which impurities of the blood are occasioned.

Ask for DR. HARLICH'S COMPOUND STRENGTHENING TONIC, and GERMAN APERTIENT PILLS.
Principal Office for the sale of this Medicine, is at No. 19 North EIGHTH Street, Philadelphia.

Also—For sale at the Store of JACOB MILLER, in the Borough of Huntingdon, Pa., who is agent for Huntingdon County.

RHEUMATISM.
Entirely cured by the use of Dr. O. P. Harlich's Compound Strengthening and German Apertient Pills.

Mr. Solomon Wilson, of Chester Co. Pa., afflicted for two years with the above distressing disease, of which he had to use his crutches for 18 months, his symptoms were excruciating pain in all his joints, especially in his hip, shoulders and ankles, pain increasing all ways towards evening attended with heat. Mr. Wilson, was at one time unable to move his limbs on account of the pain being so great; he being advised by a friend of his to procure Dr. Harlich's pill of which he sent to the agent in West Chester and procured some; on using the medicine the third day the pain disappeared and his strength increasing fast, and in three weeks was able to attend to his business, which he had not done for 18 months; for the benefit of others afflicted, he wishes those lines published that they may be relieved, and again enjoy the pleasures of a healthy life.

Principal office, 19th North 8th Street, Philadelphia.
Also—For sale at the Store of Jacob Miller, Huntingdon, Pa.

RICHES NOT HEALTH.

Those who enjoy Health, must certainly feel blessed when they compare themselves to those sufferers that have been afflicted for years with various diseases which the human family are all subject to be troubled with.—Diseases present themselves in various forms and from various circumstances, which, in the commencement, may all be checked by the use of Dr. O. P. Harlich's Compound Strengthening and German Apertient Pills, such as Dyspepsia, Liver Complaints, Pain in the Side, Rheumatism, General Debility, Female Diseases, and all Diseases to which human nature is subject, where the Stomach is affected. Directions for using these Medicines always accompany them. These Medicines can be taken with perfect safety by the most delicate Female, as they are mild in their operation and pleasant in their effects.

Principal Office for the United States, No. 19 North Eighth Street, Philadelphia.
Also for sale at the store of Jacob Miller,

SYMPTOMS.
Dyspepsia may be described from a want of appetite or an unnatural and voracious one; nausea, sometimes bilious vomiting, sudden and transient distensions of the stomach after eating, acid and putrescent eructations, water brash, pains in the region of the stomach, costiveness palpitation of the heart, dizziness and firmness of sight, disturbed rest, tremors, mental despondency, flatulency, spasms, nervous irritability, chilliness, salivaceous complexion, oppressing after eating, general languor and debility; this disease will also very often produce the sick headache, as proved by the experience of those who have suffered of it.

DYSPEPSIA! DYSEPSIA!!

More proofs of the efficacy of Dr. Harlich's Medicines.
Mr. Jonas Hartman, of Summerytown, Pa. entirely cured of the above disease, which he was afflicted with for six years. His symptoms were a sense of distension and oppression after eating, distressing pain in the pit of the stomach, nausea, loss of appetite, giddiness and dimness of sight, extreme debility, flatulency, acrid eructations, sometimes vomiting, and pain in the right side, depression of spirits, disturbed rest, faintness, and not able to pursue his business without causing immediate exhaustion and weariness.

Mr. Hartman is happy to state to the public and is willing to give any information to the afflicted, respecting the wonderful benefit he received from the use of Dr. Harlich's Compound Strengthening and German Apertient Pills. Principal Office, No. 19 North Eighth street Philadelphia. Also for sale at the store of Jacob Miller, Huntingdon.

TREATMENT.

The principal objects to be kept in view are 1st, to free the stomach and intestines from offending materials. 2d, to improve the tone of the digestive organs and energy of the system in removing noxious matters from the stomach, and obviating costiveness. Violent drastic purgatives should be avoided and those aperients should be used which act gently, and rather by soliciting the peristaltic motions of the intestines to their regularity of health, than by irritating them to a laborious excitement. There is no medicine better adapted to the completion of this than DR. O. P. HARLICH'S GERMAN APERTIENT PILLS. To improve the functions of the debilitated organs and invigorate the system generally, no medicine has ever been so prominently efficacious as Dr. Harlich's Compound Tonic Strengthening Pills, whose salutary influence in restoring the digestive organs to a healthy action, and re-establishing health and vigor in enfeebled and dyspeptic constitutions, have gained the implicit confidence of the most eminent physicians, and unprejudiced public testimony. Remember Dr. Harlich's Compound Tonic Strengthening Pills, they are put up in small packets with full directions.

Principal office for the United States, is No. 19 North Eighth street Philadelphia, where all communications must be addressed, and also for sale at the store of Jacob Miller, who is agent for Huntingdon County.

CAUSE OF DYSEPSIA.

This disease often originates from a habit of overeating or distending the stomach by excessive eating or drinking, or very protracted periods of fasting, an indolent or sedentary life, in which no exercise is afforded to the muscular fibres or mental faculties, fear, grief, anxiety, taken too frequently of strong purgatives, dysentery, miscarriages, intermittent and spasmodic affections of the stomach and bowels; the most common of the latter causes are late hours and the too frequent use of spirituous liquors.

LIVER COMPLAINT.

Cured by the use of Dr Harlich's Compound Strengthening and German Apertient Pills. Mr. Wm. Richard, Pittsburg, Pa. entirely cured of the above distressing disease: His symptoms were, pain and weight in the left side, loss of appetite, vomiting, acrid eructations, a distention of the stomach, sick headache, furred tongue, countenance changed to a citron color, difficulty of breathing, disturbed rest, attended with a cough, great debility, with other symptoms indicating great derangement of the functions of the liver. Mr. Richard had the advice of several physicians, but received no relief, until using Dr. Harlich's medicine, which terminated in effecting a perfect cure.

Principal office, 19 North Eighth street Philadelphia. (don Pa.)
For sale at Jacob Miller's store Hunting-

LIVER COMPLAINT.

This disease is discovered by a fixed obtuse pain and weight in the right side under the short ribs; attended with heat, uneasiness about the pit of the stomach; there is in the right side also a distension—the patient loses his appetite and becomes sick and troubled with vomiting. The tongue becomes rough and black, countenance changes to a pale or citron color or yellow, like those afflicted with jaundice—difficulty of breathing, disturbed rest, attended with dry cough, difficulty of laying on the left side—the body becomes weak, and finally the disease terminates into another of a more serious nature, which in all probability is far beyond the power of human skill. Dr. Harlich's compound tonic strengthening and German Apertient pills, if taken at the commencement of this disease, will check it, and by continuing the use of the medicine a few weeks, a perfect cure will be performed. Those who can testify to this fact.

Certificates of many persons may daily be seen of the efficacy of this invaluable medicine, by applying at the Medical Office, No. 19 North Eighth street, Philadelphia.
Also, at the store of Jacob Miller, who is agent for Huntingdon County.

THE CENSUS.

TO THE CITIZENS OF HUNTINGDON COUNTY:

As the census will be taken the approaching summer, the following questions, which will be put to every "head of a family," and others, by the officer in the performance of his duty, are published. Considering the numerous and important matters to be enquired of under the existing law, the people cannot be to early acquainted with the questions to which, when called upon, they will have to give prompt answers. For the double purpose of facilitating the labour of the officer, and to let those whom he may visit know in advance what they will have to answer, that they may be prepared to give correct information promptly. The annexed interrogations, are, therefore, published; and early attention to them urged.

It is the duty of every citizen, independent of any special legal requirement, to endeavor to facilitate the faithful execution of the laws of his country; and, as will be seen by the following section of the act of congress, approved 3d March, 1839. The duty is expressly enjoined upon "each and every free person more than sixteen years of age," and enforced by a penalty.

Section 6. And be it further enacted, That each and every free person more than sixteen years of age, whether heads of families or not, belonging to any family within any division, district or territory, made or established within the United States, shall be, and hereby is obliged to render to the assistant of the division, if required, a true account, to the best of his or her knowledge, of every person belonging to such family, respectively, according to the several descriptions aforesaid, on pain of forfeiting twenty dollars.

A. JOHNSON, Deputy Marshal.
Who was, on the 1st day of June, 1840, the head (master, mistress, steward, overseer, or other principal person, as the case may be,) of this family?

What number of free white males were there on that day (June 1, 1840), in this family, including any who might have been occasionally absent—

Under 5 years of age?	Of 50 and under 60?
Of 5 and under 10?	Of 60 and under 70?
Of 10 and under 15?	Of 70 and under 80?
Of 15 and under 20?	Of 80 and under 90?
Of 20 and under 30?	Of 90 and under 100?
Of 30 and under 40?	Of 100 and upwards?
Of 40 and under 50?	

What number of free white females were there on that day, in this family, including any who might have been occasionally absent—

Under 5 years of age?	Of 50 and under 60?
Of 5 and under 10?	Of 60 and under 70?
Of 10 and under 15?	Of 70 and under 80?
Of 15 and under 20?	Of 80 and under 90?
Of 20 and under 30?	Of 90 and under 100?
Of 30 and under 40?	Of 100 and upwards?
Of 40 and under 50?	

What number of free colored males were there on that day, in this family, including any who might have been occasionally absent—

Under 10 years of age?	Of 36 and under 55?
Of 10 and under 24?	Of 55 and under 100?
Of 24 and under 36?	Of 100 and upwards?

What number of free colored females were there on that day, in this family, including any who might have been occasionally absent—

Under 10 years of age?	Of 36 and under 55?
Of 10 and under 24?	Of 55 and under 100?
Of 24 and under 36?	Of 100 and upwards?

What number of male slaves were there on that day, in this family, including any who might have been occasionally absent—

Under 10 years of age?	Of 36 and under 55?
Of 10 and under 24?	Of 55 and under 100?
Of 24 and under 36?	Of 100 and upwards?

What number of female slaves were there on that day, in this family, including any who might have been occasionally absent—

Under 10 years of age?	Of 36 and under 55?
Of 10 and under 24?	Of 55 and under 100?
Of 24 and under 36?	Of 100 and upwards?

What was the total number of persons in this family on that day, including those who might have been occasionally absent?

What was the number of persons in this family employed in—

Mining operations? Navigation of the ocean? Agriculture? Navigations of canals; lakes, rivers?

Commerce? Learned professions & engineers? Manufacturers and trades?

What was the name and age of any pensioner for revolutionary or military services, who resided with this family on that day?

What number of white persons were there on that day, in this family, who were—

Deaf and dumb, under 14 years Blind? Insane and idiots, at public charge? (public charge) Deaf and dumb, under 25? Insane and idiots, at public charge? (private charge) Deaf and dumb, under 25? (private charge) and upwards?

What number of slaves and colored persons were there on that day, in this family, who were—

Deaf and dumb? Insane and idiots, at private charge? (private charge) Blind? Insane and idiots, at public charge?

What number of white persons, over 20 years of age, were there in this family on that day, who could not read and write?

At each university, college, academy, school, and common school, inquire what was the number of students at that place of education on that day?

What was the number of scholars at public charge?

Additional interrogations to be put by the Assistants of the Marshals, for the Statistical Tables, in relation to Mines, Agriculture, Commerce, and Manufactures, the answers to which will be entered on the printed Form No. 10, in the appropriate columns.

* In all forts, garrisons, navy yards, prisons, asylums, poor-houses, &c., the commanding officer, superintendent, or keeper, is to be regarded as the head of the family.

MINES. IRON.

What is the number of your furnaces for casting iron?
How many tons of iron were cast by you in the year 1839?
What is the number of your bloomers, forges, and rolling mills?
How many tons of bar iron were produced by you in 1839?
How many tons of fuel did you consume?
How many men were employed by you, including those engaged in mining?
What is the amount of your capital invested?

LEAD.
What is the number of your smelting-houses counting each fire one?
How many pounds of lead were produced by you in 1839?
How many men did you employ?
What is the amount of your capital invested?

GOLD.
What is the number of your smelting-houses or gold mines?
What is the value of their produce in 1839?
How many men were employed by you?
What is the amount of your capital invested?

OTHER METALS.
What was the value produced of all other metals in 1839?
How many men were employed by you?
What is the amount of your capital invested?

COAL.
How many tons of anthracite coal were raised by you in 1839?
How many men were employed by you?
What is the amount of your capital invested?
How many bushels of bituminous coal were raised in 1839?
How many men were employed by you?
What is the amount of your capital invested?

DOMESTIC SALT.
How many bushels of salt were produced by you in 1839?
How many men were employed by you?
What is the amount of your capital invested?

GRANITE, MARBLE, &c.
What is the value of stone quarried by you in 1839?
How many men were employed by you?
What is the amount of your capital invested?

AGRICULTURE.
What is the number of your horses and mules?
How many neat cattle have you?
How many sheep?
How many swine?
What is the estimated value of your poultry of all kinds?
How many bushels of wheat did you grow in 1839?
How many bushels of barley?
How many bushels of oats?
How many bushels of rye?
How many bushels of buckwheat?
How many bushels of Indian corn?
How many pounds of wool?
How many pounds of hops?
How many pounds of wax?
How many bushels of potatoes?
How many tons of hay?
How many tons of hemp and flax?
How many pounds of tobacco?
How many pounds of rice?
How many pounds of cotton have you gathered?
How many pounds of silk cocoons?
How many pounds of sugar?
How many cords of wood have you sold?
What is the value of the products of your dairy?
What is the value of the products of your orchard?
How many gallons of wine have you made?
What is the value of your home-made, or family goods?

HORTICULTURE.
What is the value of the products of your market-garden in 1839?
What was the value of the produce of your nursery and green-house?
How many men were employed by you?
What is the amount of your capital invested?

COMMERCE.
What was the number of your commercial-houses in foreign trade in 1839?
What was the number of your commission-houses in 1839?
What is the amount of your capital invested?
What was the number of your retail dry goods, grocery, or other stores in 1839?
What is the amount of your capital invested?
What was the number of your lumber yards in 1839?
What is the amount of your capital invested?
What was the number of men employed by you?
What number of men do you employ in internal transportation?
Butchers, panners, &c., what number of men do you employ?
What is the amount of your capital invested?

FISHERIES.
How many quintals (or hundreds of pounds) of dried fish did you dry, smoke, or cure, in 1839?
How many barrels of pickled fish did you cure or sell for curing?
How many gallons of sperm-cet oil?
How many gallons of whale and other fish oil?
What was the value of the whalebone, and other productions of the fisheries not before enumerated?
How many men do you employ?
What is the amount of your capital invested?
What is the amount of your capital invested?

PRODUCTS OF THE FOREST.
What was the value of the lumber you obtained from the forest in 1839?
How many barrels of tar, pitch, turpentine, resin, did you make?
How many tons of pot and pearl ashes?
What was the value of the skins and furs you obtained from the forest in 1839?
What was the value of the ginseng, and all other productions not before enumerated you obtained from the forest in 1839?
How many men were employed by you?

MANUFACTURES.

Machinery, (including wood and metals.)
What was the value of machinery you manufactured in 1839?
How many men do you employ?
Hardware, Cutlery, &c.
What was the value of the hardware, cutlery, nails, you manufactured in 1839?
How many men do you employ?
Common and small arms.
How many cannon did you cast in 1839?
How many small arms did you manufacture?
How many men do you employ?

Precious Metals—Gold, Silver, &c.
What was the value of gold, silver, and jewels you manufactured in 1839?
How many men do you employ?
Various Metals—Copper, Brass, Zinc, Tin.
What was the value of your manufactures of the various metals in 1839?
How many men do you employ?
Granite, Marble, and all other stone.
What was the value of your manufactures of granite, marble, &c., in 1839?
How many men do you employ?

Bricks and Lime.
What was the value of the bricks or lime made by you in 1839?
How many men do you employ?
What is the amount of capital invested in preceding manufactures by you?
Wool.
What is the number of your fulling mills?
What is the number of your wollen manufactories?
What was the value of your goods manufactured in 1839?
How many persons do you employ?
What is the amount of your capital invested?

Cotton.
What was the number of your cotton manufactories?
What is the number of spindles?
How many dyeing and printing establishments?
What was the value of articles manufactured in 1839?
How many persons do you employ?
What is the amount of your capital invested?

Silk.
How many pounds of reeled, thrown, or other silk, have you made in 1839?
What was the value of the same?
How many male persons do you employ?
How many females and children do you employ?
What is the amount of your capital invested?
Flax.
What is the value of the flax you manufactured in 1839?
How many persons do you employ?
What is the amount of your capital invested?

Mixed Manufactures.
What was the value of the mixed goods you manufactured in 1839?
How many persons do you employ?
What is the amount of capital invested?
Tobacco.
What is the value of the tobacco you manufactured in 1839?
How many persons do you employ?
What is the amount of your capital invested?

Hats, Caps, Bunnets, &c.
What was the value of hats and caps you manufactured in 1839?
What was the value of straw bunnets you manufactured in 1839?
How many persons do you employ?
What is the amount of capital invested?
Leather, Tanneries, Saddleries, Shoemakers.
What is the number of your tanneries?
How many sides of sole-leather did you tan in 1839?
How many sides of upper leather?
How many men do you employ?
What is the amount of your capital invested?
How many other manufactures of leather, such as saddleries, manufactories, of shoes, boots, &c. have you?
What was the value of articles manufactured in 1839?
What is the amount of your capital invested?

Soap and Candles.
How many pounds of soap did you make in 1839?
How many pounds of tallow candles?
How many pounds of sperm and wax candles?
How many men do you employ?
What is the amount of your capital invested?
Liquors, distilled and fermented.
How many distilleries have you?
How many gallons did you make in 1839?
How many breweries have you?
How many gallons did you make in 1839?
How many men do you employ?
What is the amount of your capital invested?

Pauper Mills.
How many powder mills have you?
How many pounds of gunpowder did you make in 1839?
How many men do you employ?
What is the amount of your capital invested?
Drugs, Medicines, Paints, and Dyes.
What was the value of medicinal drugs, paints, and dyes, you manufactured in 1839?
What was the value of spirits of turpentine and varnish you made in 1839?
How many men do you employ?
What is the amount of your capital invested?

Glass Earthenware, Pottery, &c.
How many glass-houses have you?
How many glass-cutting establishments?
How many men do you employ?
What was the value of articles manufactured in 1839?
What is the amount of your capital invested?
How many potteries have you?
What was the value of articles manufactured in 1839?
How many men do you employ?
What is the amount of your capital invested?

Sugar Refineries, Chocolate, &c.
How many sugar refineries have you?
What was the value of the produce or manufactured articles in 1839?
What was the value of the chocolate you manufactured in 1839?
What was the value of confectionary you made in 1839?
How many men do you employ?
What is the amount of your capital invested?
Paper.
How many manufactories of paper have you?
What was the value of paper produced in 1839?
What was the value of all your other manufactures of paper, including playing cards, paper hangings, &c. in 1839?
How many men do you employ?
Printing, and Binding.
How many printing offices have you?
How many binderies?
How many daily newspapers do you publish?
How many weekly newspapers do you publish?
How many semi and tri weekly newspapers do you publish?
How many periodicals?
How many persons do you employ?
What is the amount of your capital invested?

Cordage.
How many rope-walks have you?
What was the value of the produce of manufactured articles in 1839?
How many men do you employ?
What is the amount of your capital invested?
Musical Instruments.
What was the value of the musical instruments you made in 1839?
How many men do you employ?
What is the amount of your capital invested?
Carriages Waggon, &c.
What was the value of the carriages or wagons, &c., you manufactured in 1839?
How many men do you employ?
What is the amount of your capital invested?
Mills.
How many flouring mills have you?
How many barrels of flour did you manufacture in 1839?
How many grist mills have you?
How many saw mills?
How many oil mills?
What was the value of their produce or manufactures in 1839?
How many men do you employ?
What is the amount of your capital invested?
Thips—Furniture.
What was the value of ships and other vessels you built in 1839?
What was the value of furniture you manufactured in 1839?
How many men do you employ?
What is the amount of your capital invested?

Houses.
How many brick and stone houses have you built in 1839?
How many frame or wooden houses have you built in 1839?
How many men do you employ?
What was the value of constructing or building said houses?
Products of all other manufacturers and mechanic arts not enumerated.
What is the value of all articles you manufactured in 1839, which are not enumerated?
What is the amount of your capital invested?
(Recapitulate, or carry out in the last column "Total capital invested in manufactures.")

From the New York Sun.

A CASE OF ELOPEMENT.

A correspondent handed into our office yesterday an extended statement of a transaction, of which the following is the substance. Dr. J. C. Sloat, he says, came to this city from Ulster county, where he married his wife, who is an excellent woman, and of a wealthy and respectable family. Soon after his arrival here he united himself to the Methodist Church in Second street, of which he was for a year or two an active member. He was then from some cause discharged from that society. He was always handsomely dressed, but report said it was at the expense of the tailors. His practice being considerable, he could not, or did not support his family. The last place he lived at with his wife, was at No. 234 Second St. His wife finally left him and supported herself by teaching school. Since that period Sloat had offices in different places, but not succeeding in obtaining a practice sufficient for his support, he hired himself out as a clerk in a drug store, and procured his board in a private boarding house in the Sixth avenue, where also boarded a Mrs. M. and her mother, ladies of wealth and high respectability. Dr. S. here passed himself off as a single man, and being of rather pleasing appearance and address, he soon won the confidence of the old lady and her daughter. He informed them that he owned the drug store he attended, and he having been seen there by several of the inmates of the house, and also by the young lady and her mother, they did not doubt his ownership of the store. He finally informed them that he had so much practice that he would be compelled to sell out the store, which it was understood he said he did, and was then permitted to put up his name on the front door of his boarding house. The mother as well as daughter became so fond of the doctor, that he proposed to marry the young lady. Matters were go-
