

and every one I talked to grit their teeth and that is what I call coming to the ralg-ric. And some do say the farmers are also complaining, but this can't be, for the General and Mr. Van Buren said that the farmers would all be rich and happy and contented, provided the merchants and bankers and all trash was broken down. There is one class of folk, however, who are doing well, and we must stick to them, no matter how much other folks complain, for it is for their interest to work sharp to keep their party together—and that is the office holders. No matter how bad the times be, the worse they be the better for them, for their wages don't change. The scarcer money is the more they can buy with their wages which never lessens; and happy is the man now who holds an office; and the bigger the office the bigger the pay, and all in the rate hard currency too.

And then the present office holders, too—see how superior they are to all other folks in the hull country. To be sure there are folks who are well off, who would take office for the honor of it, and feel proud to do it, even without pay,—but then rich folks won't do any thing to keep the party together—and that will never do. No no—the only way is to do as Mr. Van Buren does, keep folks in office who go for the grit—who can't live without it, and to keep off fire will do any thing. And people must make up their minds to suffer patriotically for the party in office,—and if they don't, what will be the consequence? Why, the hull people, or a majority on 'em will turn right round—put old Gen. Harrison into office, who in time will bring into office another set of men. The people will go to work in their different callings, get so busy in ploughing and harrowing and spinning and trading, and so taken up in their own affairs, and all so prosperous as to forget their duty to Mr. Van Buren, Mr. Benton and Mr. Kendall and other worthy democrats, all true blue hard currency folks—ready to follow the foot steps of "their illustrious predecessors,"—and reduce them from their present high callings down to the level of common folks. This will never do, unless folks think less of their own children's happiness than they do of that of "their party." So I say hurray for the present office holders and their hard currency wages, though the people go barefoot.
