INTERESTING CURE PERFORMED BY DR. SWAYNE'S COMPOUND SYRUP OF PRUNES; VIRGINIANA, OR WILD CHERRY.

The following is a true and correct account of a case of Cough and Spasms, attended with constant vomiting, Spasms, Convulsions, &c. of which I had given up all hopes of recovery, until I was advised to make trial of this invaluable medicine.

TO LOUIS OFFON GOELICKE, M. D., of Germany, [Europe] belongs the imperishable honor of adding a new and precious doctrine to the Sciences of Medicine—a doctrine which, though vehemently opposed by many of the faculty, (of which he is a valuable member), he proves to be as well founded in truth as any doctrine of Holy Writ—a doctrine upon the variety of which are suspended the lives of millions of our race, and which he boldly challenges his opposers to refute, viz: Consumption is a disease always occasioned by a disordered state of Vis Vitæ (or life principle) of the human body: often secretly lurking in the system for years before there is the least complaint of the Lungs—and which may be as certainly though not so quickly, cured as a common cold or a simple headache.

COUGH, ASTHMA AND SPITTING BLOOD

AYNE'S EXPECTORANT. PHILADELPHIA, Aug. 16, 1838.

Mr. Atkinson—Dear Sir: A few weeks ago I noticed in your paper, an account of the surprising effects of Jayne's Expectorant, in restoring a great number of passengers on board of a Mississippi steamer to perfect health, who were affected by violent Bowel Complaint.

This illustrious benefactor of man is also entitled to your unfeigned gratitude, and the gratitude of a world, for the invention of his matchless sanative,—whose healing fiat may justly claim for it such a title, since it has so signally triumphed over the most inveterate and dangerous disease which has thoroughly filled the vacuum in the Materia Medica, and thereby proved itself the Conqueror of Physicians—a medicine, for which all mankind will have abundant cause to bless the beneficent hand of a kind Providence,—a medicine, whose wondrous virtues have been so glowingly portrayed even by some of our clergy, in their pastoral visits to the sick chamber; by which means they often become the happy instruments of changing despondency into hope, sickness into health, and sadness of friends into joyfulness.

medicine of more value to man than the vast mines of Austria, or even the united treasures of our globe.—a medicine, which is obtained equally from the vegetable, animal and mineral kingdoms, and thus possesses a three fold power,—a medicine, which though designed as a remedy for consumption solely, is possessed of a mysterious influence over many diseases of the human system,—a medicine, which begins to be valued by Physicians, who are daily witnessing its astonishing cure of many whom they had resigned to the grasp of the Insatiable Grave.

PRICE—Three and one third six dollars (\$3.50) per HALF OUNCE. A German coin, value 75 cents. A certificate from three members of the MEDICAL PROFESSION in Germany, in Europe.

CITIZENS of Pennsylvania, you have now before you Dr. PETERS' CELEBRATED VEGETABLE PILLS. These Pills are no longer among those doubtful utility. They have passed away from the hundreds that are done away from the tide of experiment, and now stand before the public as high in reputation, and as extensively employed in all parts of the U. States, the Canadas, Texas, Mexico, and the west Indies, as any medicine that has ever been prepared for the relief of suffering man.

States, the Canadas, Texas, Mexico, and the west Indies, as any medicine that has ever been prepared for the relief of suffering man.

Often have the cures performed by this medicine been the subject of editorial comment, in various newspapers and journals; and it may with truth be asserted, that no medicine of the kind has ever received testimonials of greater value than are attached to this.

They are in general use as a family medicine and there are thousands of families who declare they are never satisfied unless they have a supply always on hand. They have no rival in curing and preventing Bilious Fevers, Fever and Ague, Dyspepsia, Liver Complaints, Sick Headache, Jaundice, Asthma, Dropsy, Rheumatism, Enlargement of the Spleen, Piles, Cholera, Females Obstructions, Heartburn, Stomach and Bowels, Incipient Diarrhoea, Flatulence, Habitual Costiveness, Loss of Appetite, Bloated or Sallow Complexion, and in cases of torpor of the bowels, where a cathartic or aperient is needed. They are exceedingly mild in their operation, producing neither nausea, griping nor

Extract of a letter written by Dr. Francis Bogart, of Providence, R. I. Dec. 17, 1839.—Peters' pills are an excellent aperient and cathartic medicine, those effects being produced by the differences of the quantity taken, and are decidedly superior to Lee's, Brandreth's or Morrison's Pills.

Extract of a letter by Dr. Hopson of Bangor, Me. Jan. 9, 1839. They are a peculiarly mild, yet efficient purgative medicine, and produce little, or any griping or nausea. I have prescribed them with much success in sick headache and bilious fever.

Extract of a letter by Dr. Joseph Williams of Burlington, Vt. July 9, 1837.—I cordially recommend Peters' Pills as a mild, effective, and in no case dangerous, family medicine. They are peculiarly in costiveness and all the usual diseases of the digestive organs.

Extract of a letter from Dr. Edw. Smith of Montreal, U. C. Sept. 27, 1836—I never knew a single patent medicine that I could put the least confidence in but Dr. Peters' Vegetable Pills, which are really a valuable discovery. I have no hesitation in having it known that I use them extensively in my practice, for all complaints, (and they are not a few) which have their source in the impurity of the blood.

Extract of a letter from Dr. Dye of Quebec, L. C., March 6, 1837. For bilious fevers, sick head-ache, torpidity of the bowels, and enlargement of the spleen Dr. Peters' Pills are an excellent medicine.

Extract of a letter from Dr. Gurney N Orleans, La., Oct. 9, 1837; I have received much assistance in my practice, especially in jaundice and yellow fever, from the use of Peters' Pills. I presume that, on an average, I prescribe 100 boxes in a month.

Extract of a letter from Dr. Prichard of Hudson N. Y. June 3, 1836; I was aware that Dr. Peters' was one of the best chemists in the U. States, and felt assured that he would some day (from his intimate knowledge of the properties of herbs and drugs) produce an efficient medicine, and I must acknowledge that his Vegetable Pills fully respond to my expectations. They are indeed a superior medicine, and reflect credit alike upon the Chemist, the Physician, and Philosopher.

Extract of a letter from Dr. Wains of Cincinnati, Feb. 2, 1838; your Pills are the mildest in their operations, and yet most powerful in their effects, of any that I have. Their action on the chyle, and hence on the impurities of the blood is evidently very surprising.

Extract of a letter from Dr. Scott of Baltimore, Dec. 17, 1836; I am in the daily habit of prescribing them (Peters' Pills) and they in nearly all cases answer my purposes. I have directed other medicines, some of them very good ones, in their favor.

Charlotte, N.C., June 1, 1837. Dear Sir: I have frequent use of your Pills in the incipient stage of bilious fever and obstinate constipation of the bowels, or, in the enlargement of the spleen, chronic disease of the liver, sick head-ache, general debility, and in all cases where found them to be very effective. I have Mecklenburg Co, Va. Feb. 7, 1837. Having used Dr. Peters' Pills in my practice the last 13 months, I take pleasure in giving my testimony of their good effects in cases of dyspepsia, sick head-ache, bilious fevers, and other diseases, produced by inactivity of the liver. They are a safe and mild aperient, being the best article of the kind I ever used.

These much approved and justly celebrated Pills, are for sale by the following agents JACOB MILLER, Huntingdon, Pa J & J MILLIKEN, Mill Creek, Pa GEO DREHMAN, Waysburg, Md
