

PRESS FOR VICTORY." In 1797, he was appointed by the

Sacred Washington

Secretary of the North Western Territory. In his twenty-fifth year he was ELECTED TO CONGRESS, where he rendered the most distinguished service. He was afterwards appointed Governor of Indiana, by the

Immortal Jefferson,

In this station he acquired for the American People, from the Indians, fifty one millions of acres of land, worth hundreds of millions of dollars. In 1811, Harrison defeated the combination of Indians under Tecumseh, and gained the

Glorious Victory of Tippecanoe.

In 1812, Harrison was commissioned as a Major General in the Army of the United States, by

The Patriotic Madison.

In the same year he defeated the British in various encounters, protected the American Territory from invasion, and won the

Victory of Fort Meigs.

In September, Harrison invaded Canada; captured Malden; pursued and overtook the flying British; and on the 15th of October defeated the English Commander, and won the

Victory of the Thames.

After the war, Harrison was again elected to Congress, where he procured the establishment of a Militia System; the grant of a pension to the poor soldiers who had fought for the liberty of the country; the acknowledgement of the Independence of the South American Republics, and the passage of many useful laws. In 1824 he was elected to the Senate of the United States.

In 1826 he was appointed Minister to the Republic of Columbia, where he interposed to dissuade Bolivar from assuming regal power. In 1829 he was nominated as the People's Candidate for President, by one of the largest, most talented and respectable National Conventions ever held in the United States for the nomination of a Chief Magistrate, and in 1840 he will be triumphantly sustained by a free and grateful People. General Harrison was never made the subject of an accusation. He is not only free but unsuspected. He has passed his life in the service of his country; has encountered great dangers and hardships in her cause, and never lost a Battle.

Martin Van Buren in the last struggle between this country and England sided with the British,

Opposed the War,

and offered a resolution denouncing it as UNJUST and IMPOLITIC. In the Convention which amended the Constitution of New York, Van Buren offered and urged a proposition requiring a PROPERTY QUALIFICATION for the right of suffrage, and

Robbing the poor man of his vote

In the great Democratic struggle which elected Madison, Van Buren sustained the Federal ticket and openly and bitterly

Opposed James Madison!

In the Presidential contest which brot General Jackson before the people as the Democratic Candidate, Van Buren

Opposed Andrew Jackson!

As Minister to England, Van Buren to effect his own purposes,

Slandered his Country!

As a politician, Van Buren is known to be treacherous, selfish and corrupt, and boasts of being the

Father of the Spoils System,

by which the public treasure is used to corrupt the people and despoil them of their rights.

He also boasts of being the author of the Sub-Treasury Scheme—a system avowedly got up for the purpose of

Reducing the wages of the laborer

To the lowest standard of Despotism Nations in Europe;—a system which in its mildest form has proved itself to be rags for the People, and gold and silver for the office holders—a system of Aristocratic plunder, by which the POOR MAN is robbed of his hard earnings to pamper an idle

Office holding Nobility.

Van Buren though he has richly served himself, never served his country. He has made millions from the people, and now rides like

A Foreign Prince!

In his carriage and four, with footmen and outriders. As for his principles, they are every thing and nothing.

He has in turn sustained and betrayed all parties and all principles. His latest expression of opinion may be found in his recommendation of a

Standing Army of 200,000 Men.

Van Buren has nothing in common with the people. He is an intriguer, an aristocrat and a federalist—corrupt and selfish without genius or principle.

I. Fishes & A. K. Cornyn. ATTORNEYS AT LAW.

Lancaster Convention. To the friends of Harrison and Tyler in Huntingdon County.

The undersigned have been appointed a committee to make arrangements for the friends of Harrison and Reform, which is to be held in the City of Lancaster, Pennsylvania, On Friday, the 18th. of September next.

In accordance with the duty thus imposed upon them, the committee respectfully tender to the citizens of Huntingdon county a cordial invitation to be present on the occasion, and assure them that ample accommodations will be made for the comfort and convenience of as many as choose to come.

Every citizen friendly to the election of

Harrison and Tyler,

all who wish to see a return of Nation and Individual Prosperity, all who are opposed to the prodigality and corruption which exists in every department of the government at Washington, all who are opposed to such a reduction of the poor man's wages as would place him upon a level with the surfs of Russia and the slave of the Indies, all who are opposed to the Sub treasury, but in favor of honesty in the management of the public revenue; all who are opposed to a Standing army of 200,000 men; all who are opposed to the revival of the old Alien and Sedition Laws and the attendant horrors of the Reign of Terror, are earnestly invited to attend. Let them come by hundreds and by thousands, and seal anew their devotion to our glorious Constitution, so long trampled upon by our rulers at Washington:

“Come as the ocean wave comes in its wrath When the storm-spirit brows on its deep. Come as the mountain wind comes in its path When the tempest hath roused its tramp.”

The assembling of the convention will afford a fitting opportunity for the people of Pennsylvania to respond to the glorious intelligence which they are daily receiving from the Southern and Western States; to exult, not to the triumph of faction, but at the certainty of the deliverance of the Republic from that fearful tyranny that for the last four years has pressed upon it with a weight like that of death.

The committee will only add that the Hon. N. P. Tallmadge, of New York, the Hon. Wm. C. Rives, of Virginia, the Buckeye Blacksmith, and other eloquent friends of Harrison and Tyler are expected to be present on the occasion.

The Institution is incorporated by act of the Legislature, and provision is made, in part, for payment of the salary of one teacher, or more if the number of pupils should be such as to require an assistant. It will be expected that applicants for admission are sufficiently acquainted with the rudiments of the English language, to enter on the study of Grammar, Geography, &c.; no others will be received.

The following branches, in addition to the common course of studies, will be taught in the Seminary, viz: the French language, Drawing, Mathematics, Chemistry, Botany, Astronomy, Rhetoric, History, Natural and Mental Philosophy.

The price of tuition for the present quarter is two dollars and fifty cents; the additional sum of fifty cents, to be paid by each pupil in advance, is required to defray incidental expenses. If any further sum should be wanted for that purpose due notice thereof will be given.—Application for admission must in all cases be made to the officers of the Board, who will submit the same to the Trustees of the Institution for examination and decision. It is desired that pupils enter at the commencement of a quarter, or as soon afterwards as practicable.

COUGHS AND COLDS.

How many sufferers do we daily behold afflicted with that common and distressing disease! Do we not find that almost every person or friend we meet with complains of a bad COLD or a distressing COUGH? We also find in assemblies of all kinds that there is a continual coughing, by which we perceive that there is one half of the human family afflicted with that troublesome disease. If those sufferers would only make a trial of Dr Swayne's Syrup or wild cherry they would soon find themselves relieved, and by continuing the use of the same for a few days, it will effect a permanent cure. Hundreds can testify to this fact, as in the short space of two months, upwards of five hundred bottles have been sold. The syrup for sale at Jacob Miller's store Huntingdon Pa.

WORMS! WORMS! SUPERIOR Vermifuge Syrup.

This preparation is confidently recommended to the public, as an effectual remedy for expelling and destroying worms. It has been extensively used for some time and has never failed to give relief where worms have been present; and in many cases where all other medicines have failed, this medicine has given immediate relief. It is preferable to all other medicines, on account of the mildness of its operation, being easy to administer, requiring but few and small doses, and attended by no bad consequences. This highly valuable medicine is a safe and sure remedy for expelling all worms, to which many of the most respectable certificates can be obtained. It is unnecessary to give any further detail of its goodness, as a fair trial will prove its efficacy. Prepared and sold wholesale and retail at the Drug, Chemical and Fancy store of Thomas Read, which is under the superintendance of Dr. Jacob Hoffman. Huntingdon, July 8, 1840.—3t.

Hays' Liment.

Those only who know by trial the immediate observation, can form any idea of the effects, of the perfect relief, of the almost charm-like cures effected in cases of the Pains Rheumatism, all Swellings, and all external pains, no matter how severe, by the use of Hays' Liment. Find one who has used it that will not laud it above all things ever used, and you will find—what cannot be found.

For the relief of suffering human beings who may be afflicted, I beg you to ask—ask of those who know—ask the Hon. Alfred Conklin, U. S. Judge for that district, residing near Auburn; ask Mathew J. Myers, Esq., Athens, N. Y.; ask Gen. Duff Green, late of Washington city, each of these gentlemen know of cases unnumberable by all other remedies or physicians, though tried for many years, that have been cured by the use of the genuine Hays' Liment. Thousands of other persons know similar cures. We appeal to their sense of justice—their human feelings.

It is but a duty you owe to your suffering fellow-beings to let this great remedy be known. Speak of it then to all your friends. This will save much pain where the newspapers are not read, or where readers are incredulous, because so many worthless articles are advertised for the same purpose. To buyers we say, if all who have used it do not say it is beyond all praise, then do not take it. The proprietor will not allow his article to be paid for unless it cures, when all the directions are fully followed. Will any one suffering refuse to try it? If he does, he ought to be pised more for his obstinacy than his suffering.

Mr. Hays would never consent to offer this article, were he not compelled by his sense of moral—of religious duty—to do all in his power for the victims of distress and misery. For this purpose he would sooner devote a fortune, than secure a dollar for any worthless article.

LOOK OUT.—Some swindlers have counterfeited this article, and put it up with various devices. Do not be imposed upon. One thing only will protect you—it is the name of COMSTOCK & Co.; that name must be always on the wrapper, or you are cheated. Do not forget it. Take this direction with you, and test by that, or never buy; for it is impossible for any other to be true or genuine.
