

We have seen in our town scores of orders on the state officers handed out for sale; and on one particular occasion, we saw one drawn about the time of the justices election, which was for the pay of a poor laborer, and underneath was these very expressive words,

Mr David Woods,
Sir, You will please pay the bearer the above small bill and if possible give him employment, "he is the right stripe."

T. WOODS.
Yet notwithstanding the man was the "right stripe," and it was near the justices election yet the poor laborer offered it to us at a very heavy discount, and we know it was presented to others. Does any man doubt us? Let him go on to the line of the canal and ask the first lock keeper or laborer what the state owes him, and we can assure him the answer will be two or three, perhaps six or nine months, and this too is done by the party that is now trying to make capital of the want of money in the county treasury.

Will not this satisfy you? Then go to Irvin and James Horrell—to John McComb—to James Stevens, and to scores of others, and ask them if they have not been sold almost, to a bankrupt state treasury.
Will not this answer to show you that you prove too much? If not, to ask Dr. Chas. Cowley, or James B. Johnson, who took from their estimate for the Petersburg job, THREE HUNDRED DOLLARS, for collecting their "DISHONORABLE DRAFT?" Ask them what administration dishonored the engineers estimate, and who was that individual who snatched from them the price of their toil? We know the man. He is not only a leader among you, but his name stands high on the ticket you are obliged to support. How do you like the application of your own argument? Does it correspond with your notions of matters and things? You must have forgotten the advice you so wisely give to others, "Look before you leap."

The voters in Tyrone and Antis Townships will bear in mind, that by the law of last session regular election districts, all the voters of each of said townships are hereafter to vote within their several and respective townships, at the places of election therein. None of the voters of either of said townships are to vote at C. Bucks, in Warriors mark township, as heretofore.
See Pamphlet of 1839-40, page 329.

Attempt at Robbery.
On Thursday evening of last week, as Lewis Hewit and Jas Watson was returning from our town to their homes; when about one and a half miles from our town, on the Petersburg road, were suddenly assaulted by ruffians, who with clubs knocked them down and so stunned them that they could make no effort at defence. Mr Watson was so badly beaten that it was feared he would not recover.

Mr Hewit was seen to have considerable money with him and the robbers expected to secure it, fortunately they failed, he had two pocket books, one for his money, and one for his papers. They took the largest and got none of the money. The pocket book was found about a mile from our town with its contents undisturbed. We are not aware that suspicion rests upon any particular person.

FOR THE JOURNAL.
The Issue--Contest of Principle &c.

The political struggle is now about to come to an issue; and the event of that issue must show whether we are willing to sanction the acts of a party, reckless in power and regardless of the interests of the people. The event will determine whether the dark spirit of *Loco Focoism* must sink its poisonous fangs deeper into the vitals of our still beloved country, and crush what little civil liberty may yet remain amongst us; or whether that paralyzing incubus shall be shaken off, and the dazzling rays of the sun of liberty be again permitted to rest upon this unfortunate land. The contest is not for men—it is the contest of principle—and it behooves every man, friendly to the great interests we advocate, to cast aside all personal predilections for individuals presented before them as candidates, and go heart and hand for those who will support the interests.

In Congress, this district has been misrepresented for many years; the persons whom we have sent to represent us there, have turned a paralytic arm against our most vital interests; and with a blinded party zeal, have assisted to carry measures at variance with our prosperity. They have assisted to DESTROY the currency of our country. They assisted in DISFRANCHISING the sovereign state of New Jersey, and in saddling upon the people, against their will, THE OBLIGOUS SUBTREASURY. They REFUSED to aid the distribution of the proceeds of public lands amongst the States entitled, whereby we would have been able to defray our immense state debt, and had a fund left the interest of which, alone would be sufficient to school every child within our Commonwealth. They have refused to give their support to a bill calculated to protect our manufacturers from the competition of foreigners, without reduction of the wages of the laborer. They have, impliedly, given their consent to the REDUCTION of WAGES. They have assisted in squandering the People's money, to the tune of millions, in decorating the President's palace, in splendor surpassing the regal courts of Europe. They have, impliedly, given their consent to the passage of the "Standing army bill"

"highly" recommended by the President in his last message, whereby thousands of our citizens would be forced into the performance of military duty, in time of peace, at the will of a proud and ambitious President.

Not satisfied with the support of these great principles, by the representatives, at variance with the wishes of the people, the party descend to smaller and less important matters--and when our present representative Mr. McCullough showed a little independence of spirit, in refusing to lend his aid in favor of James M. Porter, an old Federalist, at Washington, he was, by the influence of the Governor and the intrigue of the STATE OFFICERS, defeated in a re-nomination, and a man, who will be a more PLANTING TOOL in their hands, placed before the people. Notwithstanding all these high handed movements, this would be planted tool of their party, and his Loco Foco brethren, have the assurance to say they rest their hopes of his election on the votes he will get from the Democratic Harrison party of this district!! Yes, fellow citizens, he who is pledged to support the dark doctrines of Loco Focoism, which we, as DEMOCRATIC REPUBLICANS, are striving to exterminate, is to be elected by US!!! Shall this be? I speak to the friends of Harrison, in this country.

The event of the election of Congressmen in this district, may be determined by one vote; and the majority in Congress at the next session, may turn upon one member. Is there a man desirous of a change, who is not willing to grant the material to effect that change? What change in the measures of the administration can Harrison affect if the majority in Congress be opposed to him? Friend of the gallant Harrison, let no personal motive control your vote at the Congressional election;—give it to your country—your country demands it!! No ties of relationship—no bonds of personal friendship, are paramount to the claims of your beloved country.

It is the bounden duty of every democrat to weigh this matter well in his mind—the event cannot be doubted—he will come up to the polls and cast his vote for JAMES IRVIN, who is friendly to our interests and the interests of this district, and is no PLANTING TOOL of any party. Any other course, by one of our party, at this dangerous crisis, would be utterly absurd, and would be treason to the great cause of HARRISON AND REFORM. A silent rebuke should be given to the insubordinate manifested by the Loco Focos, in expecting the vote of the Harrison democrats of this county, in support of one, who in every thing, will oppose the measures of Reform.

A HARRISON DEMOCRAT
HEALTH.—Health is that state of body and mind which renders mere existence a blessing; any thing short of this disease, and is caused by the accumulation of morbid humors in the blood, and other juices, by neglect of vegetable purgung. The cure is very simple: open the natural drains of the body which nature has provided for the carrying out of all its impurities, and health will be sure to follow. This can be accomplished without any inconvenience, by the use of Dr. Brandreth's Vegetable Universal Pills, which are known by the experience of thousands, to perfectly cleanse the blood from all foulness, remove every morbid affection, and renovate weak and enfeebled constitutions to perfect health and vigor.

Remember these Pills are not sold genuine at any Drug store either in the city or country.

THIS preparation is confidently recommended to the public, as an effectual remedy for expelling and destroying worms. It has been extensively used for some time and has never failed to give relief where worms have been present; and in many cases where all other medicines have failed, this medicine has given immediate relief. It is preferable to all other medicines, on account of the mildness of its operation, being easy to administer, requiring but few and small doses, and attended by no bad consequences. This highly valuable medicine is a safe and sure remedy for expelling all worms, to which many of the most respectable certificates can be obtained. It is unnecessary to give any further detail of its goodness, as a fair trial will prove its efficacy.
