Execution of ROBERT MCCONAGHY.

On Friday, the 6th inst., this unfortunate, yet guilty wretch, ended his days

He was brought on to the scaffold at about 1 o'clock, P. M., and mounted with a firm and steady step. He decla-red his innocence, as the attending clergymen left his side. The drop fell, and THE INATION SPEA as quick as thought he was on his feet up-on the ground—the rope having broken near his neck. The rope was doubled, and the criminal again led to the scaffold. The dread certainty of death was now before him, and he begged for time to make HIS CONFESSION. About an hour was all the time allowed, and in that short hour he related his deed of wickedness.

The whole trial and confession will be

OLD TIP'S STATE.

From the returns received, it is confidently believen that the majority for Har ships within the county of Huntingdon, elected on the 20th day of March last will take notice that the Commissioners have appointed Saturday the NOVEMBER AEXT. The dread certainty of death was now be

published in a few days; any orders for the every county there has been an im them can be sent to the Editor of this pa-mense gain on Corwin's vote. Fer, and shall meet immediate attention.

Will our editorial brethren please no

New Jersey.

This State has gone for Harrison by a sickness continues to prevail throughout the South West, particularly the southern counties of Alabama. The papers from that state afford numerous evidences of the melancholy ravages of the billions and congestive fevers. The sickness among the slave population is so great in some securing their crops. It is not a little remarkable that amidst s) much disease in the surrounding country, the city of Mobile, which suffered so severely last summer and fall, remains entirely examption all disease. The same goal fortune has also attended the health of New Orleans this season, while many of the interior parishes of Louisiana have been visited with more than ordinary sickness.

Shockno Accident.—On Monday week as Dr. David Palmer was delivering a lecture on chemistry, in Pittsfield, Mass he inhaled some concertated sulphuric acid, owing to the breaking of some of his apparatus. Soon afterwards he was unable to breathe through his mouth on nose, and an incision was made into his windpipe, by which means he was living on Tuesday morning, although there were denoted the Medical school, and professor delivered of the Medical school, and professor delivered to the Medical school, and profe

Shocking Accident. — On Monday week as Dr. David Palmer was delivering a lecture on chemistry, in Pittsfield, Mass he inhaled some concertated sulphuricacid, owing to the breaking of some of his apparatus. Soon afterwards he was unable to breathe through his mouth or nose, and an incision was made into his windpipe, by which means he was living or Tuesday, morning, although there were faint hopes of his recovery. He is President of the Medical school, and professor of Chemistry and Materia Medica in the Berkshire Medical school.

This gallant little State, with her 9,—

STAGNATION OF THE BLOED.—The repeated changes in the atmosphere, by acting as they do upon the consistence and quality of the blood, give occasion for the most fatal and malignant disorders. The blood from a state of health becomes stagnant and is plunged into a state of corruption.

Thus it base its purity; its circulation is impeded; the channels of life are clogged; the bowels become costive, and it not an immediate attack of some malignant fever, headache, nausea, loss of appetite, and a general debility of the whole frame are sure to follow.

It requires the tempest and the tornado to bring about a state of purity in the ocean, when its waters become stagnant, and it will require repeated evacuations by the bowels before the blood can be relieved of its accumulated impurity.

TATALLA A parson were the stands in the service Mean and its will require repeated evacuations by the bowels before the blood can be relieved of its accumulated impurity.

This State heard from, which gives Harrison 1,862. In 1836 these counties gave Van Buren 1,501. As far as heard from the Whig gain is 3,631.

WATAL.—A person named Warren Masters, on Friday night, in riding along Pennsylvania Avenue, in Washington, D.C. on his return from the day's races, suddenly put his horse into a gaillop, in turning the corner on the south side of the avenue, fronting the Capitol, the river and horse were thrown down and so dreadfully injured that he died of the in jury he received, about 2 o'clock on Saturday morning. Mr. Master has left a wife and four children to mourn his loss.

Brandreth's Pills.—This medicine is acknowledged to be one of the most valuable ever discovered, as a purifier of the blood and fluids. It is superior to Sarsaparilla whether as a sudorific or alterative, and stands infinitely before all the preparations and combinations of Mercury Its purgative proparties are alone of incalculable value, for these pills may be taken daily for any period, and instead of weakening by the cathartic effect, they add strength by taking away the cause of weakeness. They have none of the miserable effects of that deadly specific Mercury. The teeth are not injured—the bones and limbs are not paralysed—no; but instead of these distreesing symptoms, new life and consequent animation is evident in every movement of the body.

Brandreth's Pills are indeed a universal remedy; because they cleanse and purify the blood. Five years this medicine has been before the public in the United States wherever it has been introduced, it has superseded all other remedies.

Dr. B. Brandreth, No. 8 North 8th 8t Philadelphia, Pa.

Purchase them in HUNTINGDON, of WM. STEWART, and only in the county, of agents published in another part of this paper. Remember every agent has a certificate of agency, dated within the last twelve months. If of an earlier date do not purchase.
