

HUNTINGDON FEMALE SEMINARY.

This Institution is now opened under the direction of Miss Levantia L. Phillips, whose recommendations are highly reputable. The number of Pupils already admitted is nearly as large as can be instructed conveniently by one teacher. The Institution is incorporated by act of the Legislature, and provision is made, in part, for payment of the salary of our teacher, or more if the number of pupils should be such as to require an assistant. It will be expected that applicants for admission are sufficiently acquainted with the rudiments of the English language, to enter on the study of Grammar, Geography, &c. no others will be received.

The following branches, in addition to the common course of studies, will be taught in the Seminary, viz: the French language, Drawing, Mathematics, Chemistry, Botany, Astronomy, Rhetoric, History, Natural and Mental Philosophy.

The price of tuition for the present quarter is two dollars and fifty cents; the additional sum of fifty cents, to be paid by each pupil in advance, is required to defray incidental expenses. If any further sum should be wanted for that purpose due notice thereof will be given. Application for admission must in all cases be made to the officers of the Board, who will submit the same to the Trustees of the Institution for examination and decision. It is desired that pupils enter at the commencement of a quarter, or as soon afterwards as practicable.

DR. JAYNE'S EXPECTORANT

We consider it a duty to call public attention to this admirable preparation for Pulmonary Diseases—Especially Coughs, Colds, Consumptions, Spitting blood, Asthma, Bronchial Affections, Hooping Cough, &c. It is used and very highly approved by persons of the first respectability, but we feel confident in saying that a trial of its efficacy will be its best recommendation.

DR. JONATHAN GOING, PRESIDENT OF THE GRANVILLE COLLEGE, Ohio (late of New York), in a letter to Dr. Jayne dated New York, December, 1836, says:—He was laboring under a severe cold, cough and hoarseness, and that his difficulty of breathing was so great that he felt himself in imminent danger of immediate suffocation, but was perfectly cured by using the Expectorant.—Mrs. DeLks, of Salem, N. J. was cured of Asthma of twenty years standing, by using two bottles of this medicine. Mrs. Ward, also of Salem, was cured of the same complaint by one bottle. A young lady, also of Salem, who was believed by her friends to be far gone with consumption was perfectly restored by three bottles.—Dr. Hamilton of St. James South Carolina, was greatly affected by a cough, hoarseness and greenness of the lungs, and on using a bottle of this medicine found permanent relief.

Mr. Nicholas Harris, sen., one of the Deacons of the First Baptist Church in this city, has been perfectly cured by it—after having suffered for sixty years with Cough, Asthma, and Spitting of Blood, which no remedy before could relieve.

The Rev. C. C. P. Crosby, writes as follows:

New York, June 15, 1838.
To Dr. Jayne—Dear Sir,—I have made use of your Expectorant, personally and in my family for the last six years, with great benefit. Indeed I may consider my life prolonged by the use of this valuable medicine, under the blessing of God, for several years. I may say almost as much in the case of my wife, and also of the Rev. Mr. Tinson, of the Island of Jamaica. For all cases of cough, inflammation of the chest, lungs, and throat, I most unhesitatingly recommend this as the best medicine I have ever tried. My earnest wish is, that others afflicted as I have been, may experience the same relief, which I am persuaded they will by using your Expectorant.

C. C. P. CROSBY.
The following Certificate is from a practicing Physician and a much respected Clergyman of the Methodist society—dated Modest Town, Va. August 27, 1838.
Dr. Jayne, Dear Sir,—I have been using your Expectorant extensively in my practice for the last three months, and for all attacks of Colds, Coughs, Inflammation of the Lungs, Consumption, Asthma, Pains and weakness of the Breast, it is decidedly the best medicine I have ever tried.

Very respectfully yours,
R. W. WILLIAMS.

TO THE SICK AND AFFLICTED

The public are hereby directed to the medical advertisements of Dr. HARLICH'S Celebrated COMPOUND STRENGTHENING TONIC, and GERMAN APERIENT PILLS, which are a Medicine of great value to the afflicted, discovered by O. P. HARLICH, a celebrated physician at Altdorf, Germany, which has been used with unparalleled success throughout Germany. This Medicine consists of two kinds, viz: the GERMAN APERIENT, and the COMPOUND STRENGTHENING TONIC PILLS. They are each put up in small packets, and should both be used to effect a permanent cure. Those who are afflicted would do well to make a trial of this invaluable Medicine, as they never produce sickness or nausea while using. A safe and effectual remedy for

DYSPEPSIA OR INDIGESTION,

and all Stomach Complaints; pain in the SIDE, LIVER COMPLAINTS, Loss of Appetite, Flatulency, Palpitation of the Heart, general Debility, Nervous Irritability, SICK HEADACHE, Female Diseases, Spasmodic Affections, RHEUMATISM, Asthma, CONSUMPTION, &c. The GERMAN APERIENT PILLS are to cleanse the stomach and purify the BLOOD. The Tonic or STRENGTHENING PILLS are to STRENGTHEN and invigorate the nerves and digestive organs and give tone to the Stomach, as all diseases originate from impurities of the BLOOD and disordered action of the digestive organs. This mode of treating diseases, which has been pursued by all practical PHYSICIANS, which experience has taught them to be the only remedy to effect a cure. They are not only recommended and prescribed by the most experienced Physicians in their daily practice, but also taken by those gentlemen themselves whenever they feel the symptoms of those diseases, in which they know them to be efficacious. This is the case in all large cities in which they have an extensive sale. It is not to be understood that these medicines will cure all diseases mere by purifying the blood—this they will not do; but they certainly will, and sufficient authority of daily proofs asserting that those medicines, taken as recommended by the directions which accompany them, will cure a great majority of diseases of the stomach, lungs and liver, by which impurities of the blood are occasioned.

Dr. Swayne's Compound Syrup of Prunes of Virginia or wild Cherry. This syrup is highly beneficial in all pectoral affections; also, in diseases of the chest in which the lungs do not perform their proper office from want of due nervous energy; such as asthma, pulmonary consumption, recent or chronic coughs, hoarseness, whooping cough, wheezing and difficulty of breathing, croup and spitting of blood, &c. How many sufferers do we daily behold approaching to an untimely grave, wrested in the bloom of youth from their dear relatives and friends, afflicted with that common and destructive rager, called consumption, which soon wastes the miserable sufferer until they become beyond the power of human skill; if such sufferers would only make a trial of Dr. Swayne's invaluable medicine, they would soon find themselves benefited; then by gulping the various ineffective certain remedies of which our newspapers daily abound. This syrup immediately begins to heal the ulcerated lungs, stopping profuse night sweats, mitigating the distressing cough at the same time inducing a healthy and natural expectoration, also relieving the shortness of breath and pain in the chest, which harass the sufferer on the slightest exercise, and finally the hectic flash in the pallid and emaciated cheek will soon begin to vanish, and the sufferer will here perceive himself snatched from a premature grave, into the enjoyment again of comfortable health.

TO THE PUBLIC.

THE public are hereby informed, that JACOB MILLER has been appointed agent for Huntingdon county, for the sale of Dr. Evans' Camomile and family aperient pills, where all those that need medicine, can be supplied as he intends always to have a supply on hand.

LIFE AND HEALTH.—Persons whose nerves have been injured by Calomine, or excessive grief, great loss of blood, the suppression of accustomed discharges, or cutaneous, interperate habits, or other causes which tend to relax and enervate the nervous system, will find a friend to soothe and comfort them, in EVANS' CAMOMILE PILLS. Those afflicted with Epilepsy or Falling Sickness, Palsy, Serious Apoplexy, and organic affections of the heart, Nausea, Vomiting, pains in the side, breast, limbs, head, stomach or back, will find themselves immediately relieved, by using

EVANS' CAMOMILE NDA APERIENT PILLS.

Dr. EVANS does not pretend to say that his medicine will cure all diseases that flesh and blood are heir to, but he does say that in all debilitated and Impaired Constitution—in Nervous diseases of all kinds, particularly of the DIGESTIVE ORGANS, and in Incipient Consumption, whether of the lungs or liver, they will cure. That dreadful disease, CONSUMPTION, might have been checked in its commencement, and disappointed its prey all over the land, if the first symptoms of Nervous Debility had been counteracted by the CAMOMILE FLOWERS, chemically prepared; together with many other diseases, where other remedies have proved fatal.

How many persons do we daily find tormented with that dreadful disease, SICK HEADACHE, if they would only make a trial of this invaluable medicine, they would perceive that life is a pleasure and not a course of misery and abhorrence. In conclusion I would warn nervous persons against the abstraction of BLOOD, either by leeches, cupping, or the employment of the lancet. Drastic purgatives in delicate habits are almost equally improper. Those are practices too often resorted to in such cases, but they seldom fail to prove highly injurious. Certificates of cures are daily received which afford sufficient testimony of the great efficacy of this invaluable medicine, in relieving afflicted mankind. The above medicine is for sale at Jacob Miller's store, Huntingdon.

LIVER COMPLAINT

Ten years standing, cured by the use of Dr. Harlich's Compound Strengthening and German Aperient Pills.

Mrs. Sarah Boyer, wife of William Boyer, North Fourth Street above Callowhill, Philadelphia, entirely cured of the above distressing disease. Her symptoms were, habitual stiffness of the bowels, total loss of appetite, excruciating pain in the side, stomach and back, depression of spirits, extreme debility, could not lie on symptoms indicating great derangement in the functions of the liver. Mrs. Boyer was attended by several of the first Physicians, but received little relief from their medicine—at last, a friend of hers procured a package of Dr. Harlich's Strengthening and German Aperient Pills, which, by the use of one package, induced her to continue with the medicine, which resulted in effecting a permanent cure beyond the expectations of her friends.

Principal Office for this Medicine is at No. 9 North Eighth Street, Philadelphia.

Also for sale at the store of Jacob Miller, is agent for Huntingdon county.

DYSPEPSIA AND HYPOCHONDRIASIS.

Cured by Dr. Harlich's Celebrated Medicines.

Mr. Wm Morrison, of Schuylkill Sixth Street, Philadelphia, afflicted for several years with the above distressing disease—Sickness at the stomach, headache, palpitation of the heart, impaired appetite, acid eructations, coldness and weakness of the extremities, emaciation and general debility, disturbed rest, a pressure and weight at the stomach after eating, severe burning pains in the chest, back and sides, costiveness, aversion for society or conversation, languor and lassitude upon the least occasion. Mr. Morrison had applied to the most eminent physicians, who considered it beyond the power of human skill to restore him to health to a deplorable condition, having been induced by a friend of his to try Dr. Harlich's Medicines, as they being highly recommended, by which he procured two packages, he found himself greatly relieved, and by continuing the use of them the disease entirely disappeared—he is now enjoying all the blessings of perfect health.

The article published below concerning the new and popular doctrine advanced by the illustrious Goelicke of Germany, cannot fail of exciting a deep and thrilling interest throughout our country.

[Translated from the German.]
LOUIS OFFON GOELICKE,
OF GERMANY,

THE GREATEST OF HUMAN BENEFICATORS.

Citizens of North and South America.

To LOUIS OFFON GOELICKE, M. D. of Germany, [Europe] belongs the imperishable honor of adding a new and precious doctrine to the Sciences of Medicine—a doctrine which, though vehemently opposed by many of the faculty, (of which he is a valuable member,) he proves to be as well founded in truth as any doctrine of Holy Writ—a doctrine upon the variety of which are suspended the lives of millions of our race, and which he boldly challenges his opposers to refute, viz: Consumption is a disease always occasioned by a disordered state of Vis Vite (or life principle) of the human body: often secretly lurking in the system for years before there is the least complaint of the Lungs—and which may be as certainly though not so quickly, cured as a common cold or a simple headache. An invaluable precious doctrine this, as it imparts an important lesson to the apparently health of both sexes, teaching them that this insidious foe may be an unobserved inmate of their "clayey houses" even while they imagine themselves secure from its attacks, teaching them that the great secret in the art of preserving health is to pluck out the disease while in the blade, and not wait till the full grown ear.

This illustrious benefactor of man is also entitled to your unfeigned gratitude, and the gratitude of a world, for the invention of his matchless sanative, whose healing fiat may justly claim for it such a title, since it has so signally triumphed over the vacuum in the Meteria Medica, and thereby proved itself the Conqueror of Physicians—a medicine, for which all mankind will have abundant cause to bless the beneficent hand of a kind Providence,—a medicine, whose wondrous virtues have been so glowingly portrayed even by some of our clergy, in their pastoral visits to the sick chamber; by which means they often become the happy instruments of changing despondency into hope, sickness into health, and sadness of friends into joyfulness.

GOELICKE'S MATCHLESS SANATIVE,

medicine of more value to man than the vast mines of Austria, or even the united treasures of our globe,—a medicine, which is obtained equally from the vegetable, animal and mineral kingdoms, and thus possesses a three-fold power,—a medicine, which though designed as a remedy for consumption solely, is possessed of a mysterious influence over many diseases of the human system,—a medicine, which begins to be valued by Physicians, who are daily witnessing its astonishing cures of many whom they had resigned to the grasp of the Insatiable Grave.

Dose of the Sanative, for adults, or

drop; for children a half drop; and infants, a quarter drop; the directions explaining the manner of taking a half or quarter drop.

Price—Three and one third six dollars* (\$2,50) per HALF OUNCE.

*A German coin, value 75 cents.

A certificate from three members of the MEDICAL PROFESSION in Germany, in Europe.

We the undersigned, practitioners of medicine in Germany* are well aware that, by our course, we may forfeit the friendship of some of the faculty, but not of its benevolent members, who are uninfused by selfish motives. Though we shall refrain from an expression of our opinion, either of the soundness or unsoundness of Dr. Goelicke's new doctrine, we are happy to say that we deem it a Sanative too valuable not to be generally known—for what our eyes behold and our ears hear, we must believe.

We hereby state, that when Dr. Louis Offon Goelicke first came before the German public, as the pretended discoverer of a new doctrine and a new medicine, we held him in the highest contempt, believing and openly pronouncing him to be a base impostor and the prince of quacks.

But, on hearing so much said about the Sanative, against it and for it, we were induced, from motives of curiosity merely, to make trial of its reputed virtues, upon a number of our most hopeless patients; and we now deem it our bounden duty (even at the expense of our self interest) publicly to acknowledge its efficacy in curing not only consumption but other fearful maladies, which we heretofore believed to be incurable. O attempt for the discoverer of this medicine was at once swallowed up in our utter astonishment at these unexpected results; and, as amends for our abuse of him we do frankly confess to the world, that

COUGH, ASTHMA AND SPITTING OF BLOOD,

Cured By

JAYNE'S EXPECTORANT.

PHILADELPHIA, Aug. 16, 1838

Mr. Atkinson—Dear Sir:—A few weeks ago I noticed in your paper an account of the surprising effects of Jayne's Carminative, in restoring a great number of passengers on board of a Mississippi steamer to perfect health, who were affected by violent Bowel Complaint. I was glad to see it, and I notice it so kindly; you may rest assured it deserves the praise bestowed upon it. The benefit I have experienced from your medicine, more especially his EXPECTORANT induces me to state my case to you, for the benefit of those who are afflicted in the same way. It has been my misfortune, sir, to labor under a Cough and Asthmatical oppression, for more than half a century. When a soldier in the American Camp, in 1778, I, with many others, (owing to great exposures,) by which I contracted a disease of the lungs, by which I was dislocated from duty for a long time. Since that time, until recently, I have never been free from a violent cough and difficulty of breathing, which, for a long time, I have expectorated over a gill daily. Often much more, and sometimes mixed with blood. For months together, night after night, I have had to sit or be bolstered up to obtain my breath. The weakness and debility caused by such constant expectoration, frequently brought me to a state bordering on death. It has been a matter of astonishment to my family and friends, that I am here to write this to you. I have had skillful physicians to attend me, and every thing done that was thought likely to give me relief, without any beneficial effect. Last winter I had another very severe attack of inflammation of the lungs, which I fully expected would be the last. I then consulted my case as past the aid of medicine. When I was persuaded to call in Doctor Jayne—with the assistance of Divine Providence, through him I was once more relieved from my bed; but the cough, and when I wore my day and night. He advised me to use his Expectorant. I did so, with a strong hope, that, as it had cured many of my acquaintances of various diseases of the lungs, it might, at least mitigate my sufferings. Need I say how satisfied I feel!

IT HAS EFFECTUALLY CURED ME

As soon as I commenced taking it, I found it reached my case, and I began to breathe with more freedom. My expectoration became easy, and my cough entirely left me. I now feel as well as I ever did in my life, and better than I have been for the last six years. Last summer I spit a great deal of blood; now thank God I am perfectly cured. Now sir, after suffering so long, and finding at last, such signal relief from Doctor Jayne's Expectorant, I feel anxious to inform my fellow citizens, who are afflicted with the same, if you think this worth a place in your paper, you will oblige me by noticing it.
