TREATMENT.

The principal objects to be kept. In view are 1st, to free the stomach and intestines of on offending materials. 2d, to improve the tone of the digestive organs and energy of the system in removing noxious matters from the stomach, and obviating continents. Violent drastic purgatives should be avoided and those aperients should be used which act gently, and rather by soliciting the persistellic motions of the intestines to their regularity of health, than by irritating them to a haborious excitement. Fhere is no medicine better adapted to the completion of this than DRI, O. P. HARLICA'S GEMMAN APERIENT PLLS. To improve the functions of the debilitated organs and invigorate the system generally, no medicine has ever been so prominently efficacious as DR. Harlich's Compound Tonic Strengthening Pills, whose salutary influence in restoring the digestive organs to a healthy action, and re-establishing health and vigor in enfe-bled and dyspetic constitutions; have gained the implicit confidence of the most eminent physicians, and unprecidented public testimony. Remember Dr. Harlich's Compound Tonic Strengthening Pills, thay are put up in small packets with full directions.

LIVER COMPLAINT. LIVER COMPLAINT.

This disease is discovered by a fixed obtuse pain and weight in the right side under the short ribs; attended with heat, uneasiness about the pit of the stomach,—there is in the right side also a distension—the patient loses his appetite and becomes sick and trouble with vomiting. The tongue becomes rough and black, countenance changes to a pale or citron color or yellow, like those inflicted with jaudice—difficulty of breathing, disturbed rest, attended with dry caugh, difficulty of laying on the left side—the body becomes weak, and finally the disease terminates into another of a more serious nature, which in all probability is far beyond the power of human skill. Dr Harlich's compound tonic strengthening and German aprient pills, it taken at the commencement of this disease, will check it, and by continuing the use of the medicine a few weeks, a perfect cure cure will be performed. Thou sands can testify to this fact.

Certificates of many persons may daily be seen of the efficacy of this invaluable medicine, by applying at the Medical Office, No 19 North Eight street, Philadelphia.
