

GRAHAM'S MAGAZINE,
AND
LADIES' & GENTLEMEN'S
World of Literature
AND FASHION.

[The Casket and the Gentleman's united.]

A New Volume, under the above title, of the well established and fashionable Magazine, the Philadelphia Casket in conjunction with the Gentleman's Magazine, which has been every where pronounced the most readable and popular of the day, will be opened on the First of January, 1841, with an array of Contributors secured by the union of talent and fame, which no periodical in the country can boast of or tend to rival.—The December number will, however, be a specimen of the New Volume. The volume will be opened with new and beautiful type, the finest white paper, and with the first of a series of EMBELLISHMENTS UNSURPASSED by any which have yet appeared in any Magazine. The style of elegance, the beauty and finish of these illustrations, and the extensive improvements which will be made in its typographical appearance, and in all the tone of its literary department, by the brilliant array of Contributors, whose articles have enriched the pages of each number, will give it a character, second to no Magazine in the Union. The character of the articles which shall appear in its pages, will be equally removed from a sickly sentimentality, and from an affectation of morality, but while a true delineation of human nature in every variety of passion is aimed at, nothing shall be said in its pages to cause a blush upon the cheek of the most pure.

The Literary Character
will be sufficiently guaranteed by the reputation of both Magazines thus united, for years past. Writers of the first rank have been regular contributors to their pages, and the tales and sketches published in them have been widely read and admired, and the independent tone of the criticisms, upon the current literature of the day, has been every where approved and commended.

The List of Contributors
Embraces the names of most of the principal writers in America, with a respectable number of English authors. Original articles have appeared, during the last year, from the pens of the following:—

Professor Benjamin L. F. Fitts, of La Fitts, Professor John Frost, Philadelphia, Professor N. C. Brooks, Baltimore, Professor C. F. Wines, Philadelphia, Author of Two Years in the Navy, Captain Marvatt, Author of Peter Simple, etc. Morton McMichael, Esq. Philadelphia, Hon. R. T. Conrad, Esq. do. Willis Gaylord Clarke, Esq. do. Charles J. Peterson, do. Rev. Thomas H. Stockton, do. Samuel W. Stockton, do. E. Armstrong, Esq. do. Gen. G. B. Morris, New York, L. Hunt, England, Mrs. Fanny Kemble Butler, Philadelphia; Park Benjamin, New York; Douglass Jerrold, England; Joseph C. Neal, (Charcoal Sketches) The American Boz; J. F. Otis, New York; R. S. Elliott, Editor of Harrisburg Journal; David Hoffman, Esq. Baltimore; Charles West Thompson, Philadelphia; Judge Tremper, Dresden, New York; John Du Solle, Esq.; Grenville Melin, New York; P. B. Elder, Editor of Columbia Spy, Pa.; The Author of "Stanley," Edgar A. Poe, Philadelphia; T. G. Spear, do. Author of "Howard Pinkney;" Mrs. L. Sigourney, Hartford; Miss Catherine H. Waterman, Philadelphia; Mrs. Ann Stephens, New York; Benson Hill, England, Editor of New Monthly Magazine; Dr. J. Mitchell, Philadelphia; James Montgomery, England; A. M'Kinnon and E. Holden, Esqs.; J. Beauchamp Jones, Baltimore; J. E. Dow, Washington City; Mrs. E. K. Elliot, Boston; Dr. Thos. Dunn English, Philadelphia.

TALES OF THE SEA.
and from his known abilities as a depicter of sea scenes and life, much may be relied upon from him in maintaining the popularity of the Magazine. Papers may be expected during the volume, also from the author of the well known articles entitled, "The Log of Old Ironsides," "The Log of the 'Syrion Letters,'" which will also lend his powerful and graceful pen, to sustain and increase the reputation of the work. The valuable aid of the author of "Leaves from a Lawyer's Portfolio," has also been secured, and we may expect something still more thrilling from the capacious stores which a long life in the profession has enabled him to amass. An occasional Chat, with "Jeremy Short," and "Oliver Olden," are also promised; and a variety of choice articles in prose and verse from various writers of celebrity, as Contributors to the prominent Magazines of the country. The editors of both Magazines continue their services under the new arrangement. With such an array of talent, a Magazine of unrivalled attractions, may safely be promised the coming volume.

Fashions and Engravings.
In compliance with the almost unanimous wish of our lady subscribers, we shall the ensuing volume furnish them with a beautiful and correct plate of FASHIONS MONTHLY, a feature, it is believed, that will neither be unweleome nor unpopular. These fashion plates shall be drawn from original designs from Paris and London, and may always be depended upon for the prevailing style in Philadelphia and New York for the month in which they are issued. These, however, shall in no wise interfere with the regular and choice engravings, and music which accompany each number of the work. The splendid Mezzatin engravings from the busts of Sartaiz, which have been so justly admired, will be followed during the volume by several from the best style of art, from interesting scenes shall still enrich the Magazine. The choicest pieces of music for the Piano and Guitar, shall accompany each number of the work.

TIME OF PUBLICATION.
The work will be published on the first of every month in every quarter of the Union. The most distant subscriber will consequently receive it on that day, as well as those who reside in Philadelphia. In all the principal cities, agents have been established, to whom the Magazine is forwarded, and to whom it is issued, so that they may be delivered to readers subscribers by the first of the

month. This is an important arrangement to distant subscribers, who become tired, in part, and eventually discontinue many works, in consequence of the great delay by publishers.

TERMS.—THREE DOLLARS per annum. Or two copies yearly for FIVE DOLLARS, invariably in advance, post paid. No new subscriber received without the money, or the name of a responsible agent. For the accommodation of those who may wish to subscribe for either of the following Philadelphia periodicals, this

LIBERAL PROPOSAL
is made. For five dollars current money free of postage, we will forward Graham's Magazine, and Godey's Lady's Book, for one year. Address, post paid

COUGH, ASTHMA AND SPITTING BLOOD.

Cured By
JAYNE'S EXPECTORANT.

PHILADELPHIA, AUG. 16, 1839.
Mr. Atkinson—Dear Sir:
A few weeks ago I noticed in your paper, an account of the surprising effects of Jayne's Expectorant, in restoring a great number of passengers on board of a Mississippi steambot to perfect health, who were affected by violent Bowel Complaint. I was glad to see you notice it so kindly; you may rest assured it deserves the praise bestowed upon it. The benefit I have received from his medicine, more especially his EXPECTORANT induces me to state my case to you. For the benefit of those who are afflicted in the same way. It has been my misfortune, sir, to suffer under a Cough and Asthmatical oppression, for more than half a century. When a soldier in the American Camp, in 1778, I, with many others, (owing to great exposure) had a violent attack of disease of the lungs, by which I was disabled from duty for a long time. Since that period, until recently, I have never been free from a violent cough and difficulty of breathing. Year after year, I have expectorated over a gill a day. I often cough much more, and sometimes mix with blood. For months together, night after night, I have had to sit up, or beistered up to obtain my breath. The weakness and debility caused by such constant expectoration, frequently brought me to a state bordering on death. It has been a matter of astonishment to my family and friends, that I am here to write this to you. I have had skillful physicians to attend me, and every thing done that was thought likely to give me relief, without any beneficial effect. Last winter I had another very severe attack of inflammation of the lungs, which I fully expected would be the last. I then considered my case as past the aid of medicine. When I was persuaded to call in Doctor Jayne—with the assistance of Divine Providence, through him I was once more raised from my bed; but the cough and wheezing weared me day and night. He advised me to use his Expectorant. I did so, with a strong hope, that, as it had cured many of my acquaintances of various diseases of the lungs, it might, at least mitigate my sufferings. Need I say how satisfied I feel! IT HAS EFFECTUALLY CURED ME. As soon as I commenced taking it, I found it reached my case, and I began to breathe with more freedom. My expectoration became easy, and my cough entirely left me. I now feel as well as I ever did in my life, and better than I have been for the last six years. Last summer I was cured of a great deal of blood; now thank God I am perfectly well. Now sir, after suffering so long, and finding at last, such signal relief from Doctor Jayne's Expectorant, I feel anxious to inform my fellow citizens where relief may be had. If you think this worth a place in your paper, you will oblige me by noticing it.

NICHOLAS HARRIS, Sen.
No. 35 Lombard street.

The above valuable medicine may be had wholesale and retail at Jayne's Drug and Chemical Store, No. 30, South Third street Philadelphia. Price \$1.
Sold, also, by JACOB MILLER, Agent Huntingdon Pa.

LIVER COMPLAINT.

This disease is discovered by a fixed obtuse pain and weight in the right side under the short ribs; attended with heat, uneasiness about the pit of the stomach;—there is in the right side also a distension—the patient loses his appetite and becomes sick and trougous with vomiting. The tongue becomes rough and black, countenance changes to a pale or citron color or yellow, like those afflicted with jaundice—difficulty of breathing, disturbed rest, attended with dry cough, difficulty of laying on the left side—the body becomes weak, and finally the disease terminates into another of a more serious nature, which in all probability is far beyond the power of human skill. Dr Harlich's compound tonic strengthening and German aperient pills, taken at the commencement of this disease, will check it, and by continuing the use of the medicine a few weeks, a perfect cure will be performed. Thousands can testify to this fact.

Certificates of many persons may daily be seen of the efficacy of this invaluable medicine, by applying at the Medical Office, No. 19 North Eighth street, Philadelphia.

Also, at the Store of Jacob Miller, agent for Huntingdon county.

V. H. KEPNRE.
August 5, 1840—Cm.

The article published below concerning the new and popular doctrine advanced by the illustrious Goelicke of Germany, cannot fail of exciting a deep and thrilling interest throughout our country.

[Translated from the German.]
LOUIS OFFON GOELICKE,
OF GERMANY,

THE GREATEST OF HUMAN BENEFACTORS.

Citizens of North and South America.
To LOUIS OFFON GOELICKE, M. D., of Germany, [Europe] belongs the imperishable honor of adding a new and precious doctrine to the Sciences of Medicine—a doctrine which, though vehemently opposed by many of the faculty, (of which he is a valuable member,) he proves to be as well founded in truth as any doctrine of Holy Writ—a doctrine upon the variety of which are suspended the lives of millions of our race, and which he boldly challenges his opposers to refute, viz: Consumption is a disease always occasioned by a disordered state of Vis Vitæ (or life principle) of the human body: often secretly lurking in the system for years before there is the least complaint of the Lungs—and which may be as certainly though not so quickly, cured as a common cold or a simple headache. An invariably precious doctrine this, as it imports an important lesson to the apparently health of both sexes, teaching them that this insidious foe may be an unobserved inmate of their "clayey houses" even while they imagine themselves secure from its attacks, teaching them that the great secret in the art of preserving health is to pluck out the disease while in the blade, and not wait till the full grown ear.

This illustrious benefactor of man is also entitled to your unfeigned gratitude, and the gratitude of a world, for the invention of his matchless sanative,—whose healing fiat may justly claim for it such a title, since it has so signally triumphed over medicine which has thoroughly filled the vacuum in the Materia Medica, and thereby proved itself the Conqueror of Physicians—a medicine, for which all mankind will have abundant cause to bless the beneficent hand of a kind Providence,—a medicine, whose wondrous virtues have been so glowingly portrayed even by some of our clergy, in their pastoral visits to the sick chamber; by which means they often become the happy instruments of changing despondency into hope, sickness into health, and sadness of friends into joyfulness.

GOELICKE'S MATCHLESS SANATIVE,
medicine of more value to man than the vast mines of Austria, or even the united treasures of our globe,—a medicine, which is obtained equally from the vegetable, animal and mineral kingdoms, and thus possesses a three-fold power,—a medicine, which though designed as a remedy for consumption solely, is possessed of a mysterious influence over many diseases of the human system,—a medicine, which begins to be valued by Physicians, who are daily witnessing its astonishing cures of many whom they had resigned to the grasp of the Insatiable Grave.

Dose of the Sanative, for adults, or drop; for children a half drop; and infants, a quarter drop; the directions explaining the manner of taking a half or quarter drop.

Price—Three and one third six dollars (\$3.50) per HALF OUNCE.
* A German coin, value 75 cents.

A certificate from three members of the MEDICAL PROFESSION in Germany, in Europe.

We the undersigned, practitioners of medicine in Germany, are well aware that, by our course, we may forfeit the friendship of some of the faculty, but not of its benevolent members, who are influenced by selfish motives. Though

we shall refrain from an expression of our opinion, either of the soundness or unsoundness of Dr. Goelicke's new doctrine, we are happy to say that we deem it a Sanative too valuable not to be generally known—for what our eyes behold and our ears hear, we must believe.

We hereby state, that when Dr. Louis Offon Goelicke first came before the German public, as the pretended discoverer of a new doctrine and a new medicine, we held him in the highest contempt, believing and
